Integrative Medicine Program

HRSA Bureau of Health Professions

- **Integrative Medicine Program-** To incorporate evidence-based, integrative medicine content into existing preventive medicine residency training as well as to engage faculty to provide clinical teaching and facilitate the delivery of that information across those preventive medicine programs and out into the rest of the health professions arena.
- **National Coordinating Center for Integrative Medicine.** The purpose of the coordinating center, which ACPM will call the Integrative Medicine in Preventive Medicine Education (IMPriME) Coordinating Center, is to provide technical support for Preventive Medicine Residency and other health professions training programs interested in incorporating evidence-based integrative medicine content into their training.

The American College of Preventive Medicine

The American College of Preventive Medicine (ACPM) is the national professional society for physicians committed to disease prevention and health promotion. ACPM was established in 1954. Its 2,500 members are engaged in preventive medicine practice, teaching and research. Specialists in preventive medicine are uniquely trained in both clinical medicine and public health. They have the skills needed to understand and reduce the risks of disease, disability and death in individuals and in population groups. For more information, visit www.acpm.org

(ACPM) National Coordinating Center for Integrative Medicine

- NccIM is to create, convene, administer, and sustain a Community of Learning for integrative medicine (IM) and preventive medicine
- Partner with Preventive Medicine training, primary care, other health professions such as nursing, dentistry, and pharmacy, and complementary and alternative medicine (CAM) practitioners from a wide variety of practice modalities.
- Support a Learning community that will form the basis for sharing practices, creating and validating evaluation instruments, and disseminating shared experiences across partner communities.
