

National Biodefense Science Board Public Teleconference

March 26, 2008 2:00 PM – 3:00 PM EST

The purpose of the March 26th teleconference is for the NBSB to consider the assessment of the Disaster Medicine Working Group's review of the proposed Federal Education and Training Interagency Group (FETIG) draft charter and to provide recommendations to the Secretary of the U.S. Department of Health and Human Services regarding the proposed FETIG draft charter and the coordination of core curricula, training, and education for public health and medical disaster preparedness. The public teleconference will include a report from the NBSB Disaster Medicine Working Group.
