

- e. Work with the Health Care Financing Administration to accomplish necessary Medicaid and financial requirements

Objective 2: Improve insurance coverage for immunizations

Action Steps:

- a. Develop model state legislation requiring insurance policies to cover immunization and encourage states to adopt it (National Vaccine Program Office (NVPO))
- b. Work with others in the public and private sectors (e.g., HCFA, states, unions, major employers, and trade associations) to include immunization as a covered benefit in insurance policies
