

Activity 3: Developing a Sustainability Plan

Instructions: Use this template to build your sustainability plan. You may wish to complete other activities throughout the Building Sustainable Programs module and use information from these activities to address some of the components. Figure 2 provides an example of components to include in your sustainability plan. See the Factor 1 resources tab for a short list of additional resources and templates to consider in your sustainability planning.

Goal																
Objective	Activities	Timeline												Measures of success	Person(s) responsible / Resources needed	
		1	2	3	4	5	6	7	8	9	10	11	12
