Activity 1: Assessing Your Organization

Instructions: Use the spaces provided to begin exploring your organizational environment.

- How can we ensure that our larger organization shares our program's or service's vision or goals?
- How can we help the leadership of our larger organization understand and support our work?
- What are the programs or services that serve as a 'core' function of our larger organization?
- Are our programs or services a part of our larger organization's strategic plan?
- How does our program or services coordinate with other divisions or units within our organization?
