

§170.315(c)(4) Clinical quality measures (CQMs) – filter

2015 Edition Alternate Test Method

Alternative Test Method

Alternative Test Method File	Test Tool	Updated On
<p> NCQA C4 Test Procedure</p> <p>was approved as an ONC-Approved Alternate Test Method June 19, 2017 for testing § 170.315(c)(2), § 170.315(c)(3), and § 170.315(c)(4).</p> <p>NCQA tests and validates the integrity of an HIT organization's software code that</p>	<p>NCQA ONC Health IT Testing</p>	<p>02-28-2020</p>

calculates eCQM results and produces Quality Reporting Document Architecture (QRDA) reports.

Our eMeasure Certification program uses the same ONC-approved methodology, but the certification is used to reduce the audit on supplemental HEDIS data and is not part of the ONC program.
