The Children’s Bureau Focus on Primary Prevention to Strengthen Families and Reduce the Likelihood of Child Maltreatment While Securing Permanency for All Children and Youth

The Children’s Bureau (CB) has made a call to action to the child welfare field to implement primary prevention strategies. By focusing on primary prevention, we can strengthen families before maltreatment has occurred and prevent the unnecessary removal of children from their homes and communities.² At the same time, CB recognizes that when foster care is necessary, it can be dramatically improved to focus on achieving timely and effective permanency for all children and youth, whether through reunification, guardianship or adoption, including customary adoption.

In order to support this vision, CB is promoting:

- **Primary Prevention**

Primary prevention programs and strategies are efforts directed toward the whole community which are designed to strengthen families and reduce the likelihood of child abuse and neglect from occurring for the first time in a family. Primary prevention efforts consist of activities, strategies, and supports that can be accessed by and benefit all members of a community and are meant to proactively strengthen families and communities. Such efforts may include a wide range of efforts and supports to increase protective factors, promote social connection, and build knowledge skills and capacities. Examples may include helping families meet basic needs, like housing, food, child and health care—that if unattended may lead to family instability. Primary prevention centers on promoting the social determinants of health.

- **Child Welfare Practice that Supports the Well-Being of Children, Families, and Communities**

At the core of child welfare’s work is the establishment of practice that supports the positioning of the well-being of children, families, and communities as central to the role of the child welfare system. We know that trauma related to abuse and neglect and the removal of children from their families has long-term consequences for children, families, and communities. Creating a system that sees the prevention of child abuse and neglect as the goal of child welfare changes the current system toward working with families sooner through upfront prevention efforts.

- **Community-Based, Collaborative Programs that Support Families**

Effective primary prevention services must be located in communities where families live where they are easily accessible, and culturally responsive. Child welfare agencies must partner with community-based resources for effective and efficient prevention strategies. These partnerships offer the opportunity to understand the unique strengths and needs of the communities and to develop approaches that are effective in reaching families facing a range of challenges. Because of the link between poverty and child abuse and neglect, it is important that child welfare agencies work to develop consensus with key

² See, for instance, Information Memorandum [ACYF-CB-IM-18-05](#).

stakeholders around shared goals and strategies to achieve positive outcomes for families and children by encouraging them to participate in services early, before economic factors or other stressors cause a crisis.

- **Foster Care as a Support to Families, Not a Substitute for Parents**

While the movement towards primary prevention has the potential to reduce dramatically the number of children for whom foster care is needed, we will always need a system that can provide a temporary safe-haven for a limited number of children and youth. Under a prevention-based child welfare system, the need for foster care is used only as a last resort after all efforts have been exhausted to maintain the children safely within their own home.

With a smaller system of foster care, we can focus on empowering foster family homes to provide a support to families in a time of need or crisis. Children and youth can remain in their home communities, siblings can remain together, and critical family bonds can be maintained. Foster parents must be a resource and allow families to remain actively involved in the lives of their children while out of their home.

- **Focus on Achieving Permanency**

Despite prevention and restorative efforts, some children are not be able to remain safely with their parents. For those children, we must provide them with the love and care that comes from a permanent and safe family, whether that is achieved through placement with kin, guardianship or adoption, including customary adoption. When we strengthen our efforts to find relatives and support all caregivers, they become better prepared to provide a long-term family, if needed. No matter what form permanency takes, it is important to be attentive to the social and emotional needs of children and young people and provide ongoing support to prioritize and nurture important relationships and ensure a sense of belonging in their lives.

- **A Strong, Healthy Child Welfare Workforce to Achieve Better Outcomes**

Achieving this vision of child welfare depends on a highly-trained workforce capable of implementing the goal of strengthening families through primary prevention. Learning to work with families and youth to identify strengths and protective factors is essential and must be supported by agency leadership and culture. Most child welfare professionals choose to work in the field because they care deeply about the children and families who live in their communities. Unfortunately, a lack of training, resources, and support, coupled with high caseloads, forces many child welfare professionals to leave the field. High turnover is associated with the inability of families and youth to receive critical services, make progress in court, and limits the ability of families and youth to build trusting relationships with helping professionals.

In thinking about the child welfare workforce, it is also important to think beyond those employed by the agency. For instance, court personnel and community providers play a critical role in child welfare. Engaging, training, and supporting the full range of professionals involved in child welfare creates a greater sense of ownership over the outcomes experienced by children and families.

- **High Quality Legal Representation at All Stages of Child Welfare Proceedings**
High quality legal representation is a powerful tool to help ensure that required efforts are made to prevent removal and ensure permanency and that the voices of parents, children and youth are heard. High quality legal representation requires attorneys to work with parents and youth to identify and advocate for services and supports and to ensure that parents and youth understand their rights and the complicated processes that directly affect their lives and well-being.³ To support high quality legal representation in child welfare proceedings, CB has policies that allow state and tribal title IV-E agencies to claim Federal financial participation (FFP) for administrative costs of independent legal representation provided by an attorney.⁴

Attorneys can also provide legal services to remove obstacles for families and youth that may leave them more vulnerable to entering the child welfare system, such as difficulties with housing, educational issues, employment, determining paternity and other civil legal issues. The need for such support is underscored by recent child welfare data on the circumstances associated with the entry of children into foster care. Among all children who entered care in FY 2019:

- neglect (includes issues related to poverty, educational neglect, inadequate housing, failure to provide adequate nutrition, failure to safeguard mental health due to domestic violence) was a factor for 63 percent of children;
- inadequate housing was a factor of 10 percent of children;
- child's disability was a factor for 2 percent of children; and
- child's behavior problems was a factor for 8 percent of children.

There is great opportunity for child welfare agencies to partner with legal service providers to help resolve issues that leave families more vulnerable to potential child welfare involvement or impede permanency for children once in care. There are also creative ways child welfare agencies may work with other partners to fund a full continuum of preventative legal services to ameliorate unnecessary family separation.

ACF/CB Supports to Tribes to Implement the Vision

We recognize that tribes have long embraced a vision for child welfare that focuses on strengthening families and native communities and that seeks to avoid the unnecessary removal of children from home. The CB hopes that by laying out our vision for child welfare, we can help support tribes in healing and strengthening American Indian and Alaska Native communities, families and children.

⁴ See [Technical Bulletin](#) on Frequently Asked Questions: Independent Legal Representation for more information.

In developing the 2022 APSR, we encourage tribes to advance these key areas of prevention and permanency by reviewing their CFSPs and, where appropriate, incorporating additional objectives, strategies or action steps that will help achieve improved outcomes for children, families and communities. The following resources may also be of assistance to tribes.

- *Tribal Information Exchange*. The Capacity Building Center for Tribes offers resources, including publications and online trainings through the Tribal Information Exchange. The *Thriving Families Initiative* seeks to demonstrate that intentional, coordinated investment in a full continuum of prevention and robust community-based networks of support will promote overall child and family well-being, equity and other positive outcomes for children and families.

This multi-year commitment will provide resources and support from the four partners and other relevant child- and family-serving federal agencies, jurisdictions, diverse community stakeholders and the public, private, faith-based and philanthropic sectors to create more just, equitable and humane child and family well-being systems.

The initiative is composed of three tiers of action:

- Tier One. Select jurisdictions will serve as demonstration sites, collaborating with the initiative's partners for intensive technical support and resources to help realize their goal of creating child and family well-being systems.
- Tier Two. The initiative will partner with jurisdictions to focus on policy and systemic reforms at the state, tribal or territorial level.
- Tier Three. The initiative will share lessons learned to help inform and inspire other jurisdictions in launching their own journeys in building child well-being systems.

We urge all child welfare agencies to watch the progress of the initiative for more information on how to implement the vision of prevention. More information is available [here](#)¹⁰.

Section B. Overview of the Child and Family Services Plan (CFSP) and the Annual Progress and Services Report (APSR)

Child and Family Services Plan (CFSP)

To apply for funding under several of the child welfare formula grants administered by the Children's Bureau, tribes must develop a CFSP, a five-year strategic plan that sets forth the vision and the goals to be accomplished to strengthen the tribe's overall child welfare system (section 432(a)(2) of the Act). A primary purpose of the CFSP is to facilitate tribes' integration of the programs that serve children and families, including:

- The Stephanie Tubbs Jones Child Welfare Services Program (title IV-B, subpart 1);
- The MaryLee Allen Promoting Safe and Stable Families Program (title IV-B, subpart 2);
- The Chafee Foster Care Program for Successful Transition to Adulthood (Chafee Program)
- The Education Training Voucher Program (ETV Program).

The CFSP consolidates plans for these programs to help tribes comprehensively integrate the full array of child welfare services, from prevention and protection through permanency (45 CFR 1357.15(a)). By integrating into one five-year strategic plan all the separate plan requirements for the title IV-B, Chafee and ETV programs, the CFSP provides tribes the opportunity to view

their child welfare systems and federal funding sources holistically. In this way, tribes can effectively and collaboratively develop strategies to strengthen their overall child welfare system.

Since the CFSP process began in 1994, there have been five complete five-year cycles (FYs 1995-1999, FYs 2000-2004, FYs 2005-2009, FYs 2010-2014, and FYs 2015-2019). The most recent CFSP submission, covering FYs 2020-2024, was due June 30, 2019. The Program Instruction for the Tribal CFSP is [ACYF-CB-PI-19-04](#).¹¹

Annual Progress and Services Report (APSR)

The APSR provides an annual update on the progress made toward accomplishing the goals and objectives in the CFSP (section 432(a)(2)(C)(i) of the Act). Completion of the APSR satisfies the federal regulations at 45 CFR 1357.16 by providing updates on a tribe's annual progress since the submission of the CFSP and planned activities for the upcoming fiscal year.

- 2021 APSR. On June 30, 2020, tribes submitted the first APSR, referred to as the “2021 APSR.” The 2021 APSR covered the activities completed during the period of time since the submission of the 2020-2024 CFSP and addressed planned activities for FY 2021.
- 2022 APSR. On June 30, 2021, tribes should submit the second APSR, referred to as the “2022 APSR.” The 2022 APSR covers the activities completed during the period of time since the last APSR submission and the prospective activities for FY 2022.

Section C. Requirements for the 2022 APSR

In the 2020-2024 CFSP, tribes were asked to articulate and integrate a shared vision across the broader child welfare system to strengthen families, prevent child maltreatment and unnecessary family separation, and to outline concrete steps to implement that vision over the next five years. The APSR submission is an opportunity to report on the tribe's accomplishments related to implementing this coordinated vision. While there are requirements that must be addressed in the 2022 APSR, the document should not be viewed only as a submission to meet compliance. Rather, development of the APSR should serve as a vehicle to convene and update partners, promote program planning and improvement efforts, and determine the services and supports that will further the tribe's vision and lead to improvements in the outcomes of safety, permanency, and well-being.

In order to receive FY 2022 funds for title IV-B, Chafee, and ETV programs, tribes must submit the APSR electronically to the CB Regional Office (RO) by June 30, 2021. APSRs received after June 30, 2021, will not be considered for funding for FY 2022.

¹¹ The Tribal CFSP Program Instruction is ACYF-CB-PI-19-04:
<https://www.acf.hhs.gov/sites/default/files/cb/pi1904.pdf>

Regional Offices will engage with tribes in joint planning.¹² The expectation of joint planning is that both CB and the tribe will reach agreement on substantive and procedural matters related to the CFSP (See 45 CFR 1357.10 – Definitions.)

In preparing the APSR, each tribe must conduct an interim review of the progress made since submitting the 2020-2024 CFSP and subsequent APSR towards accomplishing the goals and objectives in the CFSP based on updated information and current data.

The RO will work with the tribe to ensure that the information provided adequately addresses the requirements.

The following programs are coordinated by the submission of the 2022 APSR:

- The Stephanie Tubbs Jones Child Welfare Services Program (title IV-B, subpart 1)
- The MaryLee Allen Promoting Safe and Stable Families Program (title IV-B, subpart 2)
- Title IV-B, subpart 2 Kinship Navigator Funds
- Adoption Savings
- Chafee and ETV; and
- Training activities in support of the CFSP goals and objectives, including training funded by titles IV-B and IV-E.

New Funding in FY 2020

In FY 2020, four additional funding sources were made available to title IV-B/IV-E agencies (as applicable). Additional information on the available funds is contained in the applicable PI, specified below.

- Disaster Relief (Title IV-B, Subpart 1): [ACYF-CB-PI-20-01](#)
- Coronavirus Aid, Relief, and Economic Security Act (CARES Act) (Title IV-B, Subpart 1): [ACYF-CB-PI-20-11](#)
- Family First Prevention Services Act Transition Grants: [ACYF-CB-PI-20-04](#)
- Family First Transition Act Funding Certainty Grants: [ACYF-CB-PI-20-08](#)¹³

As specified in the PI above for each area of new funding, reporting requirements are incorporated below.

Tribes that plan to submit a title IV-E plan to operate a foster care, adoption assistance, and, at tribal option, the guardianship assistance program and/or the prevention services program must also have an approved plan for title IV-B, subpart 1. Both plans can be submitted for the same

¹² *Joint planning.* Joint planning means an ongoing partnership process between the Administration for Children and Families (ACF)/CB and a tribe in the development, review, analysis, and refinement and/revision of the tribe's CFSP. Joint planning involves discussions, consultation, and negotiation between the CB Regional Office staff and the tribe in all areas of CFSP creation such as, but not limited to, identifying the service needs of children, youth and families; selecting the unmet service needs that will be addressed; developing goals and objectives that will result in improving outcomes for children and families; developing a plan to meet the federal financial matching requirements; and establishing a more comprehensive, coordinated and effective child and family services delivery system.

¹³ Funding Certainty Grants are authorized to be made to jurisdictions, including one tribe, that formerly operated title IV-E child welfare waiver demonstrations and meet other qualifying conditions.

fiscal year. Therefore, a tribe that wants to submit a plan to operate a federal direct title IV-E program in FY 2022 must submit an APSR to apply for title IV-B, subpart 1, by June 30, 2021, as described further below.

If a tribe has not previously submitted a CFSP for the FY 2020 – 2024 cycle, it must submit a three-year CFSP for FYs 2022 - 2024 with appropriate assurances by June 30, 2021.¹⁴

The 2022 APSR must contain all of the information described below for each grant program under which the tribe is requesting or has received funds.

Optional CFSP/APSR Template: To assist tribes in the development of the CFSP/APSR, CB prepared a template for tribes to use for the five-year cycle (see [ACYF-CB-PI-19-04, Attachment H](#)¹⁵). Although the use of the template is optional, most tribes developed their CFSP using the template. Each requirement listed in the template has each fiscal year listed below it for the tribe to easily update their prior submission. Tribes reported that the template was helpful as the entire CFSP/APSR plan and updates are all in one document. If the tribe uses the template, information for the APSR should be entered on the template on the line below each requirement labeled “FY 2022 APSR.” This section of the PI follows the outline of the template and updates any new requirements to reflect the information required in the APSR submission.

1. Tribal Agency Administering the Programs

If there has been a change in the tribal agency administering the programs since submission of the last APSR, provide updated information on the tribal agency that will administer the title IV-B (and, if applicable, Chafee and ETV) programs under the plan. If there has been a change in the organization and function of the office or organizational unit responsible for operation and administration of the title IV-B programs since submission of the last APSR, provide updated information. The same agency is required to administer or supervise the administration of all programs under titles IV-B and IV-E of the Act. If there has been no change, simply note that there has been no change.

2. Vision Statement

In the CFSP, each tribe was asked to provide a vision statement that articulates the tribe’s philosophy in providing child and family services and developing or improving a coordinated service-delivery system. In the FY 2021 APSR, provide any needed updates to the tribe’s vision statement or note that no change is needed.

¹⁴ The requirements for a CFSP are delineated in ACYF-CB-PI-19-04: <https://www.acf.hhs.gov/sites/default/files/cb/pi1904.pdf>. Please contact the CB RO for additional information and guidance.

¹⁵ ACYF-CB-PI-19-04, Attachment H: https://www.acf.hhs.gov/sites/default/files/cb/pi1904_attachment_h.docx

3. Goals, Objectives, and Measures of Progress

For each goal and objective included in the CFSP or 2021 APSR, provide an update on the specific accomplishments and progress achieved in the past fiscal year to improve outcomes for children and families, and to provide a more comprehensive, coordinated, and effective child and family services continuum (45 CFR 1357.16(a)(1)).

Revisions and/or Additions to Goals

Explain any revisions to existing goals and objectives (45 CFR 1357.16(a)(2)); and, if appropriate, update the goals and objectives to incorporate any new goals or objectives.

4. Consultation and Service Coordination

Meaningful consultation and coordination means that the tribal agency engages families, children, youth and other partners to identify and work toward shared goals and activities, assess outcomes, and develop strategic plans to increase the safety, permanency, and well-being of children in the child welfare system (45 CFR 1357.15(1)). Tribes are encouraged to use a variety of approaches and activities to continue the collaboration and consultation, including holding focus groups, conducting surveys, holding joint planning forums, or developing other strategies for linking the CFSP/APSR with the CFSR review process.

CB recognizes that the COVID-19 pandemic and national public health emergency may prevent tribes from convening in-person meetings, but encourages tribes to be creative in using virtual meetings or other strategies to ensure meaningful collaboration in a safe, effective manner.

In the 2022 APSR:

- Provide an update on the consultation process the tribe uses to obtain the active involvement of the offices responsible for providing child and family services within the tribe's area of jurisdiction. The consultation process must include all the appropriate offices or agencies responsible for child and family services (including prevention services, child protective services, in-homes services, foster care, guardianship, adoption, and independent living services) in the tribe's service area.
- Provide an update on how the tribe has involved the tribal and/or state courts and court improvement programs since the submission of the last APSR.¹⁶
- Provide an update on how the tribe has engaged families and youth, the state child welfare agency and other state or tribal partners involved in serving children and families in the development and implementation of the CFSP for FYs 2020- 2024. As

¹⁶ To promote collaboration and integration of child welfare agencies and Court Improvement Program (CIP) planning in support of child welfare improvement efforts, annual CIP self-assessments and strategic plan updates are now due at the same time as state CFSP/APSR submissions on June 30 each year.

outlined in [ACYF-CB-IM-19-03](#), parent, family, and youth voice is critical to understanding how well the child welfare system is achieving its goals.

- Provide an update on how the tribe has coordinated with services or benefits under other federal or federally-assisted child and family services or programs serving the same populations to achieve the goals and objectives in the plan. Examples of programs with which to consult and coordinate include: Temporary Assistance for Needy Families, Medicaid, Child Care, Head Start, Supplemental Nutrition Assistance Program, and the Bureau of Indian Affairs programs, private agencies providing services to children and families, and community-based public and private providers for programs such as substance abuse treatment, domestic violence, behavioral health, schools, developmental disabilities, etc.

5. Service Descriptions for title IV-B, subparts 1 and 2

In the 2020-2024 CFSP the tribe articulated its shared vision; defined goals, objectives, and measures of progress; and determined the services needed by children and families to achieve their vision. In the APSR, provide an update on the services provided to support the vision and goals since the submission of the 2021 APSR and how the services will continue to assist in achieving program goals.

CB recognizes that the COVID-19 pandemic and national public health emergency has impacted the delivery of child welfare services. CB encourages tribes to include information in the service updates below on how programs or service delivery have been impacted or modified due to the COVID-19 pandemic and national public health emergency.

Stephanie Tubbs Jones Child Welfare Services Program (title IV-B, subpart 1)

Tribal Eligibility: All federally recognized tribes may apply for funding.

 4. promoting the safety, permanence, and well-being of children in foster care and adoptive families; and
 5. providing training, professional development and support to ensure a well-qualified child welfare workforce.

MaryLee Allen Promoting Safe and Stable Families (PSSF) (title IV-B, subpart 2)

Tribal Eligibility: All federally recognized tribes may apply for funding, but must qualify for an allotment of at least \$10,000 from the mandatory appropriation to receive a grant. (The amount of funding each tribe receives is based on the tribe's child population count.) The CB encourages tribes to consult with their RO if they are unsure whether they may qualify for funding of at least \$10,000.

and how services were delivered since the submission of the last APSR (section 432(a)(10) of the Act).

- Present information on the estimated number of individuals and families to be served; the population to be served; and the geographic areas where the services will be available for each described service. This information may be recorded on the CFS-101 Part II or in the narrative portion of the plan.

6. Program Support

- Provide an update or information on changes to the tribe's child welfare services staff development and training plans in support of the goals and objectives of the CFSP which addresses the title IV-B programs covered by the plan.
- Provide an update on any planned activities for developing, implementing or improving the tribe's child and family services program's research and evaluation activities, management information system or quality assurances system.

7. Consultation Between States and Tribes

Federal law and regulations require consultation between states and tribes on several key child welfare issues, including describing state compliance with the Indian Child Welfare Act (ICWA); the arrangements for providing services in relation to permanency planning for tribal children, whether under the jurisdiction of the state or tribe; and the provision of independent living services under the Chafee Program. In the APSR, tribes are to address the following:

- Section 422(b)(9) of the Act requires states to consult with tribes in describing the specific measures taken to comply ICWA. Describe how the state(s) in which the tribe is located or any other states have consulted with the tribe regarding state compliance with ICWA since the submission of the last APSR. Describe any concerns with respect to the state(s)' consultation process.
- Provide an update to the arrangements, jointly developed with the state(s) in which the tribe is located, about who is responsible for providing the child welfare services and protections identified in section 422(b)(8) of the Act to tribal children, whether under state or tribal jurisdiction. These services and protections include operation of a case review system for children in foster care; a preplacement preventive services program; and a service program for children in foster care to facilitate reunification with their families, when safe and appropriate, or to place a child in an adoptive home, legal guardianship or other planned,

permanent living arrangement. In addressing this requirement, note if there have been any changes since submission of the last APSR on whether the tribe operates its own foster care program, whether the tribe has a court overseeing child welfare cases, and whether the tribe has entered into any state-tribe agreements relating to child welfare services and the nature of those agreements. (45 CFR 1357.40(c)).

- Provide an update on consultation with the state about the programs to be carried out by the state under the Chafee Program and explain the results of the consultation specifically as it relates to determining eligibility for benefits and services and ensuring fair and equitable treatment for Indian youth under the Chafee Program (Section 477(b)(3)(G) of the Act). For tribes administering Chafee directly, see also section D below.

8. Targeted Plans required by Title IV-B, subpart 1

Foster and Adoptive Parent Diligent Recruitment Plan

Section 422(b)(7) of the Act requires diligent recruitment of foster and adoptive families that reflect the ethnic and racial diversity of children for whom foster and adoptive homes are needed. For the CFSP for FYs 2020-2024, the Foster and Adoptive Parent Diligent Recruitment Plan reflected the activities to be conducted over the next five years to ensure that there are foster and adoptive homes that meet the needs of the infants, children, youth, and young adults (including those over the age of 18 who are in foster care) served by the child welfare agency.

For tribes that operate a foster care program directly or under the supervision of the state:

- In the APSR, discuss updates to the tribe's plan for the diligent recruitment of potential foster and adoptive families that reflect the ethnic and racial diversity of children in the tribe for whom foster and adoptive homes are needed (section 422(b)(7) of the Act). Examples of components to include in the diligent recruitment plan are: a description of the characteristics of children for whom foster and adoptive homes are needed; specific strategies to reach all parts of the community; strategies for assuring that all prospective parents have access to the home study process; and strategies for training staff and community partners.

For tribes that do not directly operate a foster care program and whose children are served by the state agency:

- In the APSR, provide updates to activities the tribe is undertaking in coordination with the state agency to support diligent recruitment of foster and adoptive families.

Health Care Oversight Plan

For tribes receiving funding under title IV-B, subpart 1, provide an update on how the requirements of the Health Care Oversight and Coordination Plan under 422(b)(15)(A) of the Act are being met for tribal children in foster care.

For tribes that do not directly operate a foster care program and whose children are served by the state agency:

- Note that the state agency is responsible for developing the Health Care Oversight Plan and for providing health care information as part of the transition plan development process.
- Describe how the tribe has been involved in contributing to the state processes since the submission of the last APSR. (See sections 422(b)(15)(A) and 475(5)(H) of the Act.)

For tribes that operate foster care programs:

- Describe the progress and accomplishments in implementing the tribe's Health Care Oversight Plan, including the impact protocols for the appropriate use and monitoring of psychotropic medications have had on the prescription and use of these medications among children and youth in foster care.
- If applicable, provide an update on how during the COVID-19 pandemic and national public health emergency the tribe has worked to ensure children and youth continue to receive appropriate health care, including through use of telemedicine.
- Describe any changes to the plan that the tribe, in conjunction with health care professionals, has determined are necessary. Provide information on the change, if any, or update to the Health Care Oversight Plan. If no changes have been made, note that.

Disaster Plan

Section 422(b)(16) of the Act requires that grantees have in place procedures explaining how the programs assisted under title IV-B, subparts 1 and 2, and title IV-E, would respond to a disaster. These procedures, enumerated in section 422(b)(16)(A)-(E) of the Act, should describe how the tribe would:

- Identify, locate, and continue availability of services for children under tribal care or supervision who are displaced or adversely affected by a disaster;
- Respond, as appropriate, to new child welfare cases in areas adversely affected by a disaster, and provide services in those cases;
- Remain in communication with caseworkers and other essential child welfare personnel who are displaced because of a disaster;
- Preserve essential program records; and
- Coordinate services and share information with other states and/or tribes.

A Disaster Plan was submitted as part of the CFSP for FYs 2020-2024. For the APSR,

- Specify whether the tribe was affected by a natural disaster since submission of the 2021 APSR, and, if so, describe how the Disaster Plan was used and assess its effectiveness.

- Describe whether and how the Disaster Plan has been used during the COVID-19 pandemic and national public health emergency.
- Indicate in the 2022 APSR if there are any changes or additions needed to the plan, including any needed updates to maintain contact with families and ensure uninterrupted essential agency operations during a public health emergency.
- If the tribe determines changes are necessary, describe in the APSR the changes the tribe is making or include an updated disaster plan. If the tribe determines that no changes are necessary, note this in the APSR.

9. Certification of Population Count under Age 21

Title IV-B funds are allotted to tribes based on the number of children under the age of 21 as reflected in Census Bureau data, unless a tribe has certified an alternative number that has been approved by the CB Regional Office.

Tribes have the opportunity to update their certification of an alternate number to reflect the revised number of children under age 21 in their population served under IV-B by submitting a certification. This certification requires the signature and title of the tribal official with authority to administer or supervise the administration of title IV-B, subparts 1 and 2 programs and, if required by the tribe, the signature of a tribal enrollment official. This is due with the June 30th plan submittal. Because grant amounts for other grantees will be affected by the counts, the RO may ask for additional verification/documentation if the numbers vary significantly from the Census or previously submitted data. (See Attachment E)

Special Note for Tribes that are part of a Tribal Consortium or Native Association:

Sometimes a tribe that has previously received title IV-B funding as part of a tribal consortium or Native Association decides to apply for funding on its own, rather than as part of the consortium or association. In these instances, it is important for the tribe applying separately to work with the consortium or association to ensure that tribal population information is updated appropriately.

When applying for title IV-B funding for FY 2022, a tribe whose funding was previously included in the grant made to a tribal consortium or Native Association must submit with its APSR a written statement signed by both the tribe and tribal consortium/Native Association stating that the tribe will no longer be considered a member of the consortium or Association for purposes of title IV-B funding. In these instances, it may be necessary for both the tribe and consortium/Association to submit an updated “Certification of Tribal Population Under Age 21” (Attachment E) to ensure that ACF has accurate information on the population data to be used in calculating grant awards. Tribes, tribal consortia and Native Associations in this situation must work closely with their RO to address this issue.

10. CFSP/APSR Availability

State agencies and tribes must exchange copies of their CFSP and their subsequent APSRs (45 CFR 1357.15(v)). Describe how the tribe will meet this requirement for the APSR for FY 2022.

11. New Funding Types for FY 2022

During FY 2020, tribes participating in the title IV-B, subpart 1 received new or supplemental funding through several grants. As noted above, a number of tribes received supplemental funding under title IV-B, subpart 1 for Disaster Relief and are asked to provide an update on use of those funds as part of the update to the tribe's Disaster Plan. Below are other descriptions of other funds awarded and directions for providing updates. Tribes using the optional CFSP/APSR template may address these items under the "section reserved for any potential future requirements."

- *Supplemental funding to prevent, prepare for, or respond to, Coronavirus Disease 2019 (COVID-19)*

P.L. 116-136, Title VIII of Division B of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) provided supplemental title IV-B, subpart 1 funds to prevent, prepare for, or respond to, coronavirus in a manner consistent with the purposes of title IV-B, subpart 1, found in section 421 of the Act. Funds were awarded in FY 2020 to all states and territories. CB issued [ACYF-CB-PI-20-11](#) that provides detailed information on the use of these funds.

In the 2022 APSR:

- Provide an update on the use of the CARES Act supplemental title IV-B, subpart 1 funding and accomplishments.
- *Family First Prevention Services Act Transition Grants and Funding Certainty Grants*

The Family First Prevention Services Act (FFPSA), was enacted on February 9, 2018, as part of P.L. 115-123. Overall, the law supports the use of evidence-based practices to promote the well-being of children, youth and families and to prevent unnecessary foster care placements. For children who do need to enter foster care, the law encourages use of family-based care, and places limits on the availability of title IV-E foster care funding for congregate care placements, unless they meet specific requirements.

To support implementation of FFPSA and further its goals, Congress passed the Family First Transition Act (henceforth, "Transition Act") as part of P.L. 116-94, signed into law on December 20, 2019. Among other provisions, the Transition Act authorized \$500 million for FFPSA Transition Grants, of which \$15 million was reserved for

tribes. All tribes (a total of 178 tribal grantees) with an approved plan under title IV-B, subpart 1 of the Act were awarded funding.

FFPSA Transition Grants may be used for any purpose specified in title IV-B of the Act, the portions of the Act authorizing the Stephanie Tubbs Jones Child Welfare Services Program (title IV-B, subpart 1) and the MaryLee Allen Promoting Safe and Stable Families Program (title IV-B, subpart 2). Funds may also be used for activities directly associated with implementation of FFPSA, which may be particularly useful to tribes directly operating title IV-E programs.

The FFPSA Transition Grants were awarded in FY 2020, but will remain available to grantees for expenditure through the end of FY 2025. See [ACYF-CB-PI-20-04](#) for more information on the FFPSA Transition Grants.

The Transition Act also authorized funding for jurisdictions, including one tribal title IV-E agency, that formerly operated title IV-E child welfare waiver demonstration projects who meet other qualifying conditions. (See [ACYF-CB-PI-20-08](#) for more information on Family First Transition Act Funding Certainty Grants.) Funding Certainty grants may be used for the same purposes and are subject to the same reporting requirements as the FFPSA Transition Grants.

In the 2022 APSR, report the following information on the tribe's use of FFPSA Transition Grants and separately use of the Funding Certainty Grant, as applicable:

- If applicable, how FFPSA Transition Grant and Funding Certainty Grant funds have been used to implement each part of FFPSA, with a separate statement with respect to each such part;
- All programs, services, and operational costs for which the grant has been used;
- The characteristics of the families and children served;
- For the one tribal IV-E agency that previously operated a title IV-E waiver demonstration under the authority of section 1130 of the Act, the amounts, if any, the has used to continue activities previously funded under the waiver and
 - the agency's plan to transition the activities so that needed activities can be provided under the agency's title IV-E plan; or,
 - if expenditures for the activities would not be eligible for payment under title IV-E the reason for it not being eligible and the funding sources the agency plans to use to cover the costs of needed activities.

If the tribe has not yet used any funds, please provide information on the planned use of funds.

- *Supplemental Appropriations for Disaster Relief Act (applicable tribes only)*

P.L. 116-20 provided disaster relief funding for specific areas of the affected by Hurricanes Florence and Michael, Typhoon Mangkhut, Super Typhoon Yutu, and wildfires and earthquakes occurring in calendar year 2018, and tornadoes and floods

occurring in calendar year 2019 for which a major disaster or emergency had been declared. This included \$5 million in supplemental title IV-B, subpart 1 funding to address disaster recovery efforts relating to child welfare. The funds were awarded in FY 2020 to eligible states, territories and tribes (see allotment table in Attachment A). CB issued [ACYF-CB-PI-20-01](#) that provides detailed information on the use of these funds.

For tribes that received Disaster Relief Funding, provide an update in this section on the use of Disaster Relief Act funds and accomplishments as part of the 2022 APSR.

Section D: APSR Requirements for Tribes Applying for Chafee and/or ETV

John H. Chafee Foster Care Program for Successful Transition to Adulthood (the Chafee Program)

Tribal Eligibility: Tribes who have a tribe-state agreement for receipt of title IV-E funding and tribes approved to directly operate the title IV-E program are eligible to apply to directly receive a portion of the Chafee and/or ETV funds allotted to the state(s) in which the tribe is located. Tribes receiving direct funding under Chafee and/or ETV will also be required to provide a 20 percent match.

Program Purpose: Funds under the Chafee program are used to help eligible youth in or who have experienced foster care at age 14 or older make a successful transition from foster care to adulthood by providing a variety of services such as educational assistance, career exploration, vocational training, life skills training, substance abuse prevention, preventive health activities, and opportunities to engage in age or developmentally-appropriate activities.

The ETV program provides funds for vouchers to eligible students to help them pay for postsecondary education and training. Additional information on program requirements and the use of funds under these programs is discussed later in Section D of this PI.

Tribes that are not eligible or that do not wish to apply for a direct allocation are reminded that states are required to ensure fair and equitable treatment of Indian youth in foster care. States are also required to negotiate in good faith with any tribe that requests to develop an agreement to administer or supervise the Chafee or an ETV program with respect to eligible Indian children and to receive from the state an appropriate portion of the state's allotment for such administration or supervision. (See section 477(b)(3)(G) of the Act.)

If a tribe is applying for Chafee and/or ETV for the first time, provide an answer for each item below.¹⁷ If the tribe has been previously approved for either Chafee and/or ETV, provide an update describing any changes or progress for each item.

¹⁷ In addition, tribes newly applying for the Chafee and/or ETV program must submit a signed Chafee assurance. Please see ACYF-CB-19-04 Attachment C at <https://www.acf.hhs.gov/sites/default/files/cb/pi1904.pdf#page=76>.

Chafee Requirements to Address in the 2022 APSR

- Agency Administering Chafee (section 477(b)(2) of the Act). If needed, update information tribal agency or agencies that will administer, supervise, or oversee the Chafee program.
- Description of Program Design and Delivery. Provide an update on how the tribe delivered services since the submission of the last APSR and how over the next year the tribe will achieve the purposes of the Chafee program (section 477(b)(2)(A) of the Act).
- Provide an update on how the tribe has involved youth/young adults in planning around their service needs and desired outcomes for the Chafee programs (i.e. on the individual and system level). A resource that may be helpful to review regarding this section is:
 - [ACYF-CB-IM-19-03](#), the Information Memorandum (IM) on “Engaging, empowering, and utilizing family and youth voice in all aspects of child welfare to drive case planning and system improvement.”
- Discuss how youth, caseworkers and caregivers are made aware of the program.
- Serving Youth of Various Ages and Stages of Achieving Independence.
 - Provide an update on how youth of various ages and at various stages of achieving independence are to be served (section 477(b)(2)(C) of the Act.)
 - For tribes that extended or plan to extend title IV-E foster care assistance to youth ages 18 – 21, address how implementation of this program option has changed or will change the way in which Chafee services are targeted to support the successful transition to adulthood.¹⁸ For tribes that have elected or plan to extend Chafee services to age 23, provide an update of the services offered or to be offered to youth ages 21 – 22 (up through 23rd birthday) and how the expansion of the program will be implemented, including how youth, service providers, and community partners were or will be informed of the change.
- Provide an update to the tribe’s consultation process regarding the Chafee and ETV programs with each state for which a portion of the Chafee and/or ETV allotment would be redirected by ACF from the state to the tribe.
 - Provide an update on the results of that consultation, particularly with respect to:
 - Determining the eligibility for benefits and services of Indian children to be served under the Chafee and/or ETV programs that the tribe has opted to operate directly; and
 - The process for consulting with the state in order to ensure the continuity of benefits and services for such children who will transition from receiving benefits and services under the state’s Chafee and ETV programs to receiving such benefits and services under programs carried out directly by the tribe. (See section 477(j)(2)(B) and (C).)
- Discuss how the tribe involves any other state or tribal public agencies and/or the private sector in helping youth in foster care achieve independence (section 477(b)(2)(D) of the Act).

¹⁸ Many youth and young adults formerly in foster care have been severely impacted by the COVID-19 pandemic and national public health emergency. CB reminds tribal IV-E agencies that, pursuant to authority under the Stafford Act, title IV-E agencies may make use of certain flexibilities in title IV-E requirements relating to extended foster care (please see [ACYF-CB-PI-20-10](#) for more information).

Education and Training Voucher Requirements

- Provide an update on the methods the tribe uses to operate the ETV program efficiently.
- Provide an update on the methods the tribe uses to: (1) ensure that the total amount of educational assistance to a youth under this and any other federal assistance program does not exceed the total cost of attendance (as defined in section 472 of the Higher Education Act of 1965); and (2) to avoid duplication of benefits under this and any other federal or federally assisted benefit program. (See sections 477(b)(3)(J) and (i)(5) of the Act.
- Provide an update on the process to coordinate with other appropriate education and training programs, such as any tuition waiver program, and/or state or tribal scholarship programs (section 477(i)(6) of the Act).
- Provide an update on the tribe's efforts to engage or re-engage students whose post-secondary education has been disrupted by COVID-19 pandemic and national public health emergency.

Tribal Data on Number of Children in Foster Care (for both Chafee and/or ETV)

In order to calculate the tribe's allocation under the Chafee and/or ETV programs, the tribe must submit data annually on the number of children in foster care under the responsibility of the tribe (either directly or under supervision of the state) in the most recent complete fiscal year for which information is available. This data is required for all tribes applying or reapplying for these programs.

Complete CFS-101's on the respective lines for Chafee and for ETV. Submit information on the number of children receiving ETV vouchers via Attachment D.

Identify the number of youth (unduplicated count) who received ETV awards from July 1, 2019 through June 30, 2020 (the 2019-2020 school year) and July 1, 2020 through June 30, 2021 (the 2020-2021 school year). Tribes may estimate a total if they do not have the total number for the 2020-2021 school year. Report the number of youth who were new voucher recipients in each of the school years. To facilitate more consistent reporting, please use Attachment D to report information on the ETVs awarded.

Section E: Additional APSR Requirements for Tribal Title IV-E Agencies

Requirements for Title IV-E Training Plans (applicable only to tribes directly operating or planning to operate title IV-E program).

Tribes that have already submitted a title IV-E plan to operate directly a foster care, adoption assistance and, at the Tribe's option, the guardianship assistance program and/or the prevention services program pursuant to section 479B of the Act, were required to submit a title IV-E training plan with the CFSP for FYs 2020-2024 as required by 45 CFR 1356.60(b)(2). Please

see [ACYF-CB-PI-19-04](#)¹⁹. If a tribe is approved to implement IV-E and has not previously submitted a training plan, submit one with the 2022 APSR.

The training plan for tribes with an approved title IV-E plan must include a staff development and training plan in support of the goals and objectives of the CFSP which addresses the title IV-B programs, as well as training in support of the title IV-E program. Training must be an ongoing activity and must include content from various disciplines and knowledge bases relevant to child and family services policies, programs, and practices. Training content must also support the cross-system coordination and consultation basic to the development of the CFSP. Plans may include efforts to train judges, attorneys and court personnel.

Updates to Training Plan

- As needed, update the Training Plan. Any training activities to be paid for with title IV-E funds that were not included in the Training Plan must be included in an Updated Training Plan. The Training Plan can be updated by submitting a separate document that will serve as an appendix to the 2020-2024 Training Plan.
 - For any new training not previously described, the tribe must address the following in its updated training plan:
 - A brief, one-paragraph syllabus of the training activity;
 - Indication of the specifically allowable title IV-E administrative functions the training activity addresses;
 - Description of the setting/venue for the training activity;
 - Indication of the duration category of the training activity (i.e., short-term, long-term, part-time, full-time);
 - Description of the proposed provider of the training activity;
 - Specification of the approximate number of days/hours of the training activity;
 - Description of the audience to receive the training;
 - Description of estimated total cost; and
 - Cost allocation methodology applied to training costs.

To assist tribes in developing the title IV-E training plan, CB has prepared a training plan template. (Please see [ACYF-CB-PI-19-04, Attachment I](#)²⁰.) Use of the template is optional.

Report on Use of Kinship Navigator Funding (title IV-B, subpart 2)

To assist title IV-E agencies in preparing to participate in the new title IV-E Kinship Navigator program, the Congress, in each of FYs 2018-2020, has set aside funding appropriated under title IV-B, subpart 2 to make grants to title IV-E agencies to develop, enhance or evaluate kinship navigator programs.

In the 2022 APSR, describe how the tribe has used FY 2020 funds and the accomplishments achieved with use of the funds appropriated in fiscal FYs 2018 – 2020 to support or evaluate kinship navigator programs in the tribe.

Over the past year, CB has responded to questions relating to use of kinship navigator funding for concrete supports for families and also for brief legal services. We are taking this opportunity to ensure that all grantees are aware of this information, as they make plans for use of their remaining FY 2020 funding.

- CB has clarified that kinship navigator funds appropriated under title IV-B, subpart 2 may be used for concrete supports, such as to purchase bus tokens or passes, gas vouchers or grocery store cards, when necessary to fulfill the purpose of the program to help caregivers access existing benefits and services to meet the needs of the children they are raising and their own needs (see section 427(a)(1) of Act).
- Similarly, CB has also determined that grantees may use kinship navigator funds provided under title IV-B, subpart 2 to provide brief legal services to “assist kinship caregivers in learning about, finding and using programs and services to meet the needs of the children they are raising and their own needs,” which may include “support[ing] any other activities designed to assist kinship caregivers in obtaining benefits and services to improve their caregiving.” See section 427(a)(1) of the Act.

Adoption Savings (section 473(a)(8) of the Act)

Adoption savings are financial savings that title IV-E agencies achieve with respect to their own funds due to the expansion of eligibility under the federal title IV-E Adoption Assistance program. CB asked title IV-E agencies to incorporate information about Adoption Savings into the 2020-2024 CFSP. (Please see [ACYF-CB-PI-19-04](#)²¹ for more information on the history and expectations for adoption savings.)

In the 2022 APSR:

- Provide an update to the services the tribe provided to children and families using the Adoption Savings since the submission of the 2020-2024 CFSP. If a tribe does not have any Adoption Savings, state that fact.

²¹ ACYF-CB-PI-19-04: <https://www.acf.hhs.gov/sites/default/files/cb/pi1904.pdf>.

- Provide an estimated timetable for spending unused savings calculated for previous years. If a tribe does not have any Adoption Savings, state that fact.
- Discuss any challenges in accessing and spending the funds. If a tribe does not have any Adoption Savings, state that fact.
- Beginning with the selection of a methodology for FY 2018, CB determined that title IV-E agencies will need to submit an updated annual Adoption Savings calculation method notification only if they had not submitted such a notification previously or are making changes to the methodologies or procedures identified in their most recent submission. If the tribe has not previously submitted a form specifying its Adoption Saving methodology or wishes to make changes in its Adoption Savings methodology, complete and submit the Adoption Savings Methodology form at [ACYF-CB-PI-19-04 Attachment E](#)²² and return it with the 2022 APSR.

Section F. Financial Information

1. Payment Limitations

A. Title IV-B, subpart 1:

Tribes may spend no more than 10 percent of title IV-B, subpart 1 federal funds for administrative costs, as required by section 422(b)(14) of the Act. Section 422(c)(1) of the Act defines administrative expenditures as costs for the following activities to the extent they are incurred in administering the title IV-B plan:

- Procurement
- Payroll management
- Personnel functions (other than the portion of the salaries of supervisors attributable to time spent directly supervising the provision of services by caseworkers)
- Management
- Maintenance and operation of space and property
- Data processing and computer services
- Accounting
- Budgeting
- Auditing
- Travel expenses (except those related to the provision of services by caseworkers or the oversight of programs funded under title IV-B, subpart 1).

Because of the limitation on administrative expenditures, tribes may have to limit the application of their indirect cost rate. If the application of the indirect cost rate results in the administrative cost limit being exceeded, the tribe must reduce direct and/or indirect costs

²² ACYF-CB-PI-19-04 Attachment E: <https://www.acf.hhs.gov/sites/default/files/cb/pi1904.pdf#page=79>

assigned to the program to ensure that total administrative costs are limited to no more than 10 percent of the federal share of program expenditures.

Grantees must provide the estimated expenditures for administrative costs, if any, on the CFS-101, Parts I and II and actual expenditures for the most recently completed grant year on the CFS-101, Part III (Attachment B of this PI).

B. Chafee Program:

Tribes are required to certify that no more than 30 percent of their allotment of federal Chafee funds will be expended for room and board for youth who left foster care after the age of 18 years of age and have not yet attained age 21. For tribes that operate an extended foster care program and that choose to exercise the Chafee option to serve youth up to age 23, the limitation applies to providing room and board to youth who left foster care after attaining ages 18 and have not yet attained age 23.

2. Current Year Funding - FY 2021 Reallotments and Requests for Additional Funding

The reallotment process serves two purposes for grantees: 1) to identify allotted funds which will not be needed or used during the grant award period; and 2) to request additional grant funding. Generally, in order to receive additional requested funds, funds must be released by other grantees. See the “note” below for information on the Chafee Program. Any funds released by other grantees will be re-distributed by ACF in accordance with prescribed formulas).

The CFS-101 Part I is a multi-use form, and is used for reallotment requests in addition to future year funding requests. The form is formatted to provide a section specifically for adjustments to current year (i.e., FY 2021) grant requests.

- For any reallotment request, using the latest CFS-101 forms, make a copy of the CFS-101, Part I as a separate worksheet and complete only Items 1-5, 12 and/or 13, and 14. Mark the submission type as “Reallotment” and save and name the file “state/tribe name FY 2021 Reallotment.”
- If the tribe intends to release FY 2021 funds for reallotment for the title IV-B, subpart 1 or 2 programs, Chafee or ETV, complete Item 12 of the CFS-101, Part I and indicate the amounts the tribe is releasing for the applicable programs (see form instructions for more detail). The submission type “Reallotment” must be checked on the Part I. If the tribe has received an allotment for FY 2021 and wishes to receive additional funding (subject to the availability of funds through the re-allotment), complete Item 13 of the CFS-101, Part I and indicate the amounts the tribe is requesting for the applicable programs (see CFS-101 form instructions for more detail). The submission type “Reallotment” must be checked. (See Attachment B.) ACF will reallot the funds in accordance with the prescribed formulas prior to the end of the fiscal year.

Note: Chafee and ETV funds that remain unexpended at the end of the two-year expenditure period can be redistributed to states and tribes (section 477(d)(5) of the Act). If ACF identifies unused funds following the close-out of a grant year, these funds will be added to any funds released by states or tribes for the current grant year and reallocated to states or participating tribes that request funds through the process described above.

3. FY 2022 Budget Request-CFS 101, Parts I and II (See Attachment B)

To request funding for FY 2022, complete Parts I and II of the CFS-101. Please use the version of the forms attached to this PI (“APSR 2022” in the footer), as several changes have been made. The Part I accommodates both the request of funds for the upcoming fiscal year (FY 2022) and, as noted above, the adjustment of current year (FY 2021) funding. However, separate copies must be submitted for each purpose.

To request FY 2022 funds for title IV-B, subpart 1 (CWS), title IV-B, subpart 2 (PSSF), Chafee, and ETV, complete Part I of the CFS-101 workbook. Please use the FY 2020 allotment tables in Attachment A as the basis for FY 2022 budget requests. The annual budget request demonstrates a grantee’s application for funding under each program and provides estimates on the planned use of funds. Final allotments will be determined by formula and may be higher or lower than prior year allotments. (CB no longer requires grantees to submit a revised CFS-101, Part I if final allotments determined by formula are higher than the originally submitted CFS-101 form.) Tribal financial office staff should review and ensure the EIN and DUNS number information included in Part 1 are correct and registered in Sam.gov.

Complete Part II of the CFS-101 workbook to show how funds are planned to be spent in each program area by source. Please note that Column H is a required field and must be completed. Amounts entered in this column are to reflect overall programmatic support of the tribe’s child welfare program, and not only the required non-federal match. Also identify the estimated number of individuals and families to be served, and the geographic service area within which the services are to be provided. Demographic and geographic information is only required on the CFS- 101, Part II if the information is not provided in the APSR narrative.

If interested in applying directly to receive Chafee and/or ETV funds for the first time, please contact your CB Regional Office to obtain an estimate of the amount of funds that will be available to the tribe under these programs.

4. FY 2019 Title IV-B Expenditure Report-CFS-101, Part III (See Attachment B)

Complete Part III of the CFS-101 workbook to report the actual amount of FY 2019²³ funds expended in each program area of title IV-B funding by source. (Prior versions of the Part III asked grantees to enter their originally planned expenditures for that year. Beginning with the form reporting on actual expenditures for FY 2019, it longer requires for information on planned expenditures, only actual expenditures.) Identify the number of individuals and families served, and the geographic service area within which the services were provided.

The tribe must track and report annually its actual title IV-B expenditures, including administrative costs for the most recent preceding fiscal year funds for which a final Standard Form 425 (SF-425) Federal Financial Report has come due. The FY 2019 SF-425 was due on December 30, 2020. Therefore, report FY 2019 information for the title IV-B programs on the form CFS-101, Part III. If applicable, tribes may also complete this form to show actual FY 2019 expenditures for the Chafee and ETV programs, as well.

5. Expenditure Periods and Submission of Standard Form 425 (SF-425) Federal Financial Report

All grantees must report expenditures under title IV-B, subparts 1 and 2, Chafee, ETV, and the Family First Transition Act on the SF-425 Federal Financial Report. The tribe must submit a separate SF-425 for each program and each fiscal year. A negative grant award will recoup unobligated and/or unliquidated funds reported on the final SF-425 for the title IV-B programs, Chafee and ETV programs. For awards issued for FY 2016 or later, tribes are required to submit an electronic SF-425 for the programs listed above through the Payment Management System (PMS). Therefore, the tribe should not submit paper copies of the report. For more information on gaining access to and using the PMS system, please contact the PMS Help Desk at 1- 877-614-5533. The tables on the following pages list the expenditure periods and SF-425 submission requirements for each program addressed in this PI.

²³ Federal funds for these programs are awarded on a yearly basis, but may be spent over a two-year period. The FY 2019 grant had an expenditure period from October 1, 2018 to September 30, 2020. Therefore, tribes must have obligated any fiscal year 2019 funds during that two-year period of time and subsequently report expenditures on the CFS-101 form, Part III.

Note: All grant periods are for FY 2022 funding, unless otherwise indicated.

Section G. Submittals

ACF requests that grantees submit plans and applications electronically to the RO in the formats below. Clearly indicate the name of the tribe and content of each document submitted.

NEW: CB has created new resource email boxes for each CB Regional Office to receive APSR and other plan submissions (e.g., CBRegion1@acf.hhs.gov; CBRegion2@acf.hhs.gov; etc.) See Attachment C for details. Please submit APSRs to the new resource mailbox, rather than sending to the personal email address of the Regional Program Manager or other staff.

By June 30, 2021:

- Submit the 2022 APSR (see recommended template [Attachment H](#)).
- Submit the CFS-101s provided as an attachment (Attachment B) to this PI. The correct forms are labeled '2022 APSR' in the lower right corner of the form.

Submit the workbook in PDF format (all CFS-101 forms in one PDF):

- CFS-101, Part I for FY 2022 (signed by appropriate official, titled and dated);
- CFS-101, Part II for FY 2022 with planned expenditures for the use of FY 2022 funds and information on population, geographic area and numbers of families to be served; and
- CFS-101, Part III (signed by appropriate official, titled and dated) with actual expenditures of FY 2019 grants for the title IV-B, and, if applicable, the Chafee and ETV programs.

Save the file: "Tribe/Tribal Organization name FY 22 CFS-101s", so that the name of the tribe or tribal organization submitting the file is clearly identified.

If a tribe wishes to modify its previously approved funding request for the FY 2021 grants, either by releasing funds for reallocation or by requesting additional funds, then a request for reallocation must be submitted on a separate FY 2022 CFS-101 Part I, saved and submitted as a separate PDF file. Refer to Section F of this PI for instruction.

If a tribe wishes to submit an updated population count, submit the Certification of Tribal Population Count under Age 21, (see Section C8) as a separate PDF document (signed by appropriate official(s), titled and dated)

The RO will review the application and contact the tribe with any questions or to request revisions, if needed. Once the RO has completed its review, it will forward a copy of the approved plans and CFS-101(s) to CB's Central Office for final approval. This file can be submitted to the RO separate from and earlier than the APSR.

- Submit the information regarding the number of youth receiving ETV vouchers, if applicable, as a separate document. See Attachment D.
- Submit any other documents in a format that the tribe wishes to use. Any other document not listed above can be combined into a single pdf document if the tribe wishes.

It is important that the APSR submissions address all applicable requirements outlined in this PI. Missing or incomplete information will result in the withholding of funds for the program(s) affected until such time as the information is complete and approval can be granted by CB. Requests for assistance or questions encountered in preparing any of the documents should be directed to the appropriate CB RO.

Paperwork Reduction Act:

Under the Paperwork Reduction Act of 1995 (P.L. 104-13), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The Control Number for this OMB approved information collection is 0970-0426, approved through September 30, 2023.

Instructions for Completing the CFS-101 Forms

Introduction

The CFS-101 is a set of financial forms required by State Agencies, Territories, Insular Areas (States), Indian Tribes, Indian Tribal Organizations, or Indian Tribal Consortia (Tribes) to apply for and receive funding under title IV-B, subparts 1 and 2 of the Social Security Act, the Child Abuse Prevention and Treatment Act (CAPTA) State Grant, and the John H. Chafee Foster Care Program for Successful Transition to Adulthood (Chafee) and Education and Training Voucher (ETV) Program.

The set of CFS-101 forms has three parts:

- Part I: Annual Budget Request for Title IV-B, Subpart 1 & 2 Funds, CAPTA State Grant, Chafee, and ETV;
- Part II: Annual Estimated Expenditure Summary of Child and Family Services Funds; and,
- Part III: Annual Expenditures for Title IV-B, Subparts 1 and 2, Chafee, and ETV.

Periodically, the Children's Bureau makes updates to the forms and instructions so it is important for grantees to use the version provided with the most recent Program Instruction for the Child and Family Services Plan (CFSP) or Annual Progress and Services Report (APSR).

When completing the CFS-101 reports, it is important to recognize that Part I and Part II are connected. On Part I, the funding requests are made for each program; Part II provides more detail on how those funds and other funds are planned to be spent for child protective and child welfare services. Finally, Part III reports grant expenditures for the most recently ended grant award year. (Prior versions of the Part III asked grantees to enter their originally planned expenditures for that year. Beginning with the form reporting on actual expenditures for FY 2019, it longer requires for information on planned expenditures, only actual expenditures.)

Data Entry Notes:

- If formulas are entered or used to distribute funds for any grant, please show only the final values in the worksheets, not the formulas.
- Break all links/references to other agency fiscal worksheets or workbooks. Do not round to the \$ thousands or \$ millions on any of the forms.
- Prior to signature, State or Tribal fiscal staff should review and ensure the EIN and DUNS number information included in Part 1 are correct and registered in the federal System for Award Management, SAM.gov.

When finished, save and name the PDF file (and Excel workbook for states) as: "State/Tribe name FY [year] CFS-101s" so that the name of the state or tribe submitting the file is clearly identified.

Note: While the information on the programs are consolidated into one Child and Family Services Plan (CFSP), eligibility and expenditure reports for the individual programs are separate. Funding will not be delayed for one program due to potential eligibility issues in another program.

A DUNS number is required to register with the U.S. Federal government for contracts or grants.
- 5. Submission Type:** Indicate the applicable submission type.
 - NEW submission to request funding for the upcoming fiscal year. A submission is “NEW” until signed by the Children’s Bureau Central Office Official; or
 - REALLOTMENT, a request for changes to current year funding.

Requests for Funding Section:

The annual budget request demonstrates a grantee's application for funding under each program and provides estimates on the planned use of funds. Final allotments will be determined by formula. Use prior year allotments for these estimates and planning purposes. The allotment tables are included as an attachment to the APSR program instruction.

Enter all funding requests as whole dollars, without formulas or links to other worksheets.

- 6. Total title IV-B, subpart 1 (CWS) funds:** Enter the amount of title IV-B, subpart 1 federal funds that the state or tribe plans to spend (from the allotment tables) for the Stephanie Tubbs Jones Child Welfare Services (CWS) Program.  - a) Enter the estimated amount of title IV-B, subpart 1 CWS funds to be spent on administration. This cannot exceed 10% of the total title IV-B, subpart 1 allotment request entered on line 6). 7. Total title IV-B, subpart 2 (PSSF) funds: *For TRIBES only:* Enter the total amount of funds for title IV-B, subpart 2 that the tribe plans to spend for the MaryLee Allen Promoting Safe and Stable Families (PSSF) Program. (States do not complete line 7.) If any funds will be spent on administration, enter that amount in 7f.

Tribes are not required to provide the breakout for the use of funds on Part I, but may opt to complete lines 7a-f to identify planned expenditures by service category. Tribes should complete either line 7 (and 7f, if applicable), *or* lines 7a-f, which will then prompt the total to display on line 7g. Note that the ‘total’ lines, line 7 and 7g are not connected in any way, and line 7 does not carry over to Part II.

7a-f. Breakout of title IV-B, subpart 2 (PSSF) funds: States must complete lines 7a–f. Line 7g sums the amounts in lines 7a-f to become the state’s total request for PSSF. Enter the amount of PSSF funds that will be expended in each category. The percentage of funds for each service category will automatically calculate. If less than 20% of the total (line 7g) is expected to be spent in any of the four service areas (7a – d), a strong rationale must be provided in the CFSP/ APSR narrative. A 25% match is required, which must be reflected on the SF-425 report.

Enter the estimated amount of PSSF funds to be spent in the following categories:

- a) Family Preservation Services;
- b) Family Support Services;
- c) Family Reunification Services;
- d) Adoption Promotion and Support Services;
- e) Other Service Related Activities (e.g. planning); and
- f) Administration. States are limited to a maximum of 10% of their PSSF request for administrative costs. A warning will display if the amount entered is greater than 10% of the requested amount. Tribes can disregard this warning, as there is no maximum allowable percentage of administrative funds.

8. Monthly Caseworker Visit title IV-B, subpart 2 funds (*applies to STATES only*): Enter the amount of title IV-B, subpart 2 Monthly Caseworker Visit (MCV) funds the state plans to spend.

- a) Enter the estimated amount of funds to be spent on administration. This cannot exceed 10% of the total MCV request entered on line 8a. A warning will display if the amount entered is greater than 10% of the requested amount. The amount reported in 8a is a subset of line 8.

9. Child Abuse Prevention and Treatment Act (CAPTA) (*applies to STATES only*): Enter the amount of CAPTA State Grant funds the state plans to spend.

Items 12 and 13 are addressed under the “Reallotment Request Section” - For any “NEW” funding request, these items should be left blank.

NOTE: Prior to signature, State Fiscal Office staff should review and ensure the EIN and DUNS number information included in Part 1 are correct and registered in SAM.gov.

14. Certification: This report must be signed, titled, and dated in the spaces provided. The signature and title of the official of the state agency, or Indian Tribal Organization, with authority to administer or supervise the administration of title IV-B, subparts 1 and 2 programs, Chafee and ETV programs, and, for states only, the CAPTA program, is required. By signing this form, the state/tribal official assures that the state/tribe will meet all applicable match requirements.

Reallotment Requests:

*The section for reallotments pertains to the **current** fiscal year, **not the future year** for which funds are being requested. This section should be blank on a “new” request for future year funding.*

As funds are available, the Administration for Children and Families (ACF) is able to reallot unneeded portions of state and tribal allotments of title IV-B funds and Chafee funds to other states and eligible tribes so that the total appropriation remains available for program purposes. In order for a state or tribe to be awarded a portion of these funds, or for funds to be released, ACF must have a reallotment request for the current year on file.

The identification of funds that will not be utilized and requests for additional funds occurs mid-year of the current fiscal year and must be submitted as a stand-alone document, separate from the “new” request for funding, and may be submitted independently of the CFSP/APSR. These requests will be sent immediately from the Children’s Bureau (CB) Regional Offices (ROs) to the CB Central Office (CO) for the Office of Grants Management to process so that any available appropriated funds may be reallotted timely.

20. Difference: No entry is needed. The field displays the difference of line 19 (amount entered on Part I) minus line 18 (total of lines on Part II) for each grant. If there is a number other than \$0 on this line for any column, this means that the planned breakout of how funds are to be spent is either greater or less than the total amount entered on Part I for that program. Reduce or increase the amounts within the column accordingly to assure that the difference is \$0 prior to submitting the CFS 101s to the Children’s Bureau.

21. Population Data: Indicate where the population data can be found, either in columns I, J, K, and L on the Part II or in the CFSP/APSR narrative. This information is required for all CFSP/APSR submissions.

Estimated Expenditures:

Columns A-G. For each Federal program indicated in columns (A) through (G) from which the state or tribe requests funding, enter the amount estimated to be spent for each service/activity. The amounts for any of the spending areas on the Part II for PSSF cannot exceed the amount of the request on the Part I. *Note: Column (G) [Title IV-E] refers to the title IV-E Foster Care, Adoption Assistance and Guardianship Assistance programs only.*

Note: Distribution of PSSF funds in column B on Part II autofills from the CFS-101, Part I. These formulas may be overwritten by entering a different amount in the specific cell. This should only occur if some of the service/activity funds are being distributed to the training cells (B13, B14, and B16) or cell B17 for Caseworker Retention, Recruitment, and Training. The amounts in items B2-B6 should not exceed the amounts on Part I for items 7a-f.

Reminders for Columns A-G:

- Hardcode all numbers entered (no formulas).
- Break all links and references to other agency worksheets or workbooks.
- Do not round to the \$ thousands or \$ millions.
- If there is an amount other than “\$0” in the “difference” row (line 20), the estimated expenditures in the service/activities must be adjusted.

Column H. State, Local, Tribal, and Donated Funds: Enter the estimated amount of state, local, tribal, and donated funds to be expended, even if they are not used to match federal funds. Tribal funds received from the Bureau of Indian Affairs (BIA) for child welfare purposes should be entered in this column. Amounts entered in this column should reflect overall programmatic support of the child welfare program, and not only the required non-federal match. *This column is required to be completed by all applicants.*

The following information must be provided in the CFSP/APSR and may be provided on the CFS-101 Part II or in the narrative of the CFSP/APSR. Mark the appropriate box for Item 21, Population Data, to indicate where this information can be found.

Columns I and J. Estimated Number to be Served: Estimate, as accurately as possible, the number of individuals and families to be served by service/activity with the total estimated funding indicated.

The _____ (tribal name and state) finds that the Census Bureau’s 2010 data on the population of children and youth under age 21 for tribes (published as Attachment B to Program Instruction [ACYF-CB-PI-15-10](#), issued on December 11, 2015) do not accurately reflect the actual number of children eligible for services under our tribe’s title IV-B program. The correct number of tribal children under age 21 eligible for services under our tribe’s title IV-B plan is _____

1) This information includes: (check all that apply)

Children under age 21 **living on or near** the tribe’s reservation or the title IV-B service area:

- who are enrolled members of the tribe, eligible for enrollment, or recognized as children for which the tribe is responsible, as determined by the tribe;
- Other American Indian or Alaska Native children under age 21 provided that these children will be eligible for services under the tribe’s title IV-B program;

Children under age 21 **not living on or near** the tribe’s reservation or the title IV-B service area:

- who are enrolled members of the tribe, eligible for enrollment, or recognized as children for which the tribe is responsible, as determined by the tribe, provided the tribe describes how the children would participate in the tribe’s title IV-B program.

In the space below, please provide a brief description of how children who are not residing on or near the reservation or tribal lands will be served under the tribe’s title IV-B plan. (Attach additional sheets if *necessary*.)

Attachment E – Tribal Population Under 21

State	# of Tribal children
State	# of Tribal children
State	# of Tribal children

We certify that all children included in our population count are eligible for services under our tribe’s title IV-B plan.

We understand that information given above will be reviewed by ACF and that we may be required to submit additional supporting documentation as requested by ACF to substantiate this notification of change in population data.

We are submitting this information and certify that it is accurate and true to the best of our knowledge and belief.

This certification requires the signature and title of the tribal official with authority to administer or supervise the administration of title IV-B, subparts 1 and 2 programs and, if required by the tribe, the signature of a tribal enrollment official.
