The list of SNFs that qualify for the use of the 3-day SNF waiver has been updated for the first quarter of 2023. This list is effective from January 1, 2023, to March 31, 2023. REMINDER: CJR Performance Year (PY) 6-8 Data Request and Attestation (DRA) Form Submission

On April 29, 2021, CMS issued a final rule in the *Federal Register* (<https://www.federalregister.gov/public-inspection/2021-09097/medicare-program-comprehensive-care-for-joint-replacement-model-three-year-extension-and-changes-to>) to extend the Comprehensive Care for Joint Replacement (CJR) model.

All original CJR model Data Request and Attestation (DRA) forms expired at the end of the 2020 calendar year. All CJR model DRA PY5 Extension DRA forms expired September 30, 2021. As such, **organizations continuing in the CJR model for PY 6-8 are required to submit an updated DRA form to continue receiving data.** Hospital Data Requestors should complete, sign (in blue or black ink), and return the attached form, using the below instructions. If your organization is changing its Data Requestor, please submit an email to CJRSupport@cms.hhs.gov indicating the change of Data Requestor, with the former Data Requestor copied on the email. If the former Data Requestor is no longer with your organization, please submit an email to CJRSupport@cms.hhs.gov advising such.

Please note that forms that are submitted unsecured will not be able to be processed. Therefore, please follow the instructions outlined below.

Please be reminded that DRA forms contain Tax Identification Numbers (TINs), which is information that should be submitted securely per CMS IT security requirements.

Data Portal Submission (Preferred Method)

1. Log into the CJR Data Portal (<https://portal.cms.gov/wps/portal/unauthportal/home/>).
2. Under the CJR Application, navigate to the Upload Files tab.
3. Complete the information on the Upload Files tab.
 1. Use the Select Your CCN drop down menu to select the CCN under which you are submitting the DRA form.
 2. Use the File Type drop down menu to select "Supporting Document 11."
 3. Click the Select File button. A window will display, which will allow you to select your DRA form from your computer. Please note that your file name must not include spaces. The suggested file name is CCN_HospitalName (Example: 123456_FictionalHospital).
 4. You have the option to enter a comment in the File Upload Information textbox. If a comment is entered, it will be viewable in the Upload History table.

4. Select Upload to add the DRA form to the Upload History table. Any files queued for upload may be removed prior to upload if necessary.
5. After the file is successfully uploaded, a confirmation message will display. Once the Upload Files screen is refreshed, the uploaded document will display in the Upload History table.
6. Email CJRSupport@cms.hhs.gov to notify the CJR Support team that the DRA form is available for review and processing.
7. Upon completion of the DRA form review, you will receive a notification from CJRSupport@cms.hhs.gov confirming that the form has been processed or requesting revisions to the form in order to proceed.

Email Submission (if your organization is unable to access the Data Portal)

1. Password encrypt your DRA form using software that is in compliance with Federal Information Processing Standards (FIPS), section 140-2. Currently, CMS recognizes two applications, WinZip and SecureZip.
2. Attach the password encrypted file to an email. Within the email, please include a name and phone number of a point of contact who can be reached to obtain the document password. Please note that, per CMS security requirements, passwords cannot be submitted via email (this includes the original or any subsequent email).
3. Submit the email and secured form to CJRSupport@cms.hhs.gov.
4. A CJR Support representative will reach out via the contact information provided to obtain the password in order to proceed with review and processing of the DRA form.
5. Upon completion of the DRA form review, you will receive a notification from CJRSupport@cms.hhs.gov confirming that the form has been processed or requesting revisions to the form in order to proceed.
