DDC REGTAP Page Overview

- The Registration for Technical Assistance Portal (REGTAP) provides Stakeholders with central access to documents and other resources related to the DDC Program Area.
- Goals:
  - Organize EDGE server documentation in one (1) central location
  - Emphasize target dates that issuers should manage to
  - Incorporate new published information for the Distributed Data Collection program area
- Target Go-Live Date: November 1, 2016

Welcome to the Distributed Data Collection for RI and RA/Edge Server page designed to assist you with locating accurate and valuable information regarding External Data Gathering Environment (EDGE) server data submission.

CMS conducts the EDGE Server Webinar Series training sessions with the purpose of providing issuers with additional information related to data submission, testing, timelines, submission scenarios, and any additional guidance related to the data submission or blackout periods.

! IMPORTANT ANNOUNCEMENTS:

The Centers for Medicare & Medicaid Services (CMS) has decided to delay the EDGE Server Maintenance Release scheduled for October 21, 2016.
This decision was made due to unexpected issues encountered during the testing phase.
CMS will communicate the new release schedule as soon as that information becomes available.

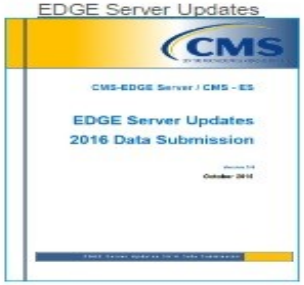

Upcoming Software Stack Upgrade:
Issuers setting up new servers in preparation for the upcoming software upgrade should begin setting up their servers now.
