# **Batch Auto-Reenrollment (BAR) Update**

**The October wave of Batch Auto-renewal completed on Friday, October 27, 2017**

**This is the earliest that the Marketplace has completed the first wave of BAR, and the first to include all BAR-eligible populations**

**Small runs of BAR may still occur to send auto-renewals for a very small population of applications in retry or held status**

**In December, BAR will auto-renew late 2017 enrollments created after c. 10/7/17, as well as update already-sent BAR for updates to BAR policies already sent,**

# Medicare Non-renewal:

## Forms to ER&R by 10/31/17

- **Reminder:** CMS requests that issuers submit its list of non-renewed Medicare-duplicative policies by 10/31/17 to the ER&R contractor
  - This enables the Marketplace to perform any necessary outreach, provide SEPs were applicable, and have appropriate scripting at the Marketplace Call Center
- Enrollees who are terminated because they share a policy with a Medicare-enrollee will be eligible for a Special Enrollment Period
  - The Marketplace Call Center will have lists of enrollees derived from issuer submissions that are flagged eligible for the SEP
  - This SEP will not require an enrollee to submit documentation as the circumstances are already verified

# Medicare Non-renewal:

## Forms to ER&R by 10/31/17

- Issuers will use EFT code ERRM to submit a simple form to the ER&R contractor using the naming convention below:

	TPID	APPID	FuncCode	Date	Time	Env	Direction
Format	1234567890	COG	ERRM	DYYMMDD	T145543453	P	IN

**Issuers will use a very simple form to report the following values:**

- HIOS/Issuer ID
- Coverage Year (2017 if terming current policy; or 2018 if canceling BAR policy)
- FFM Exchange Assigned Policy ID of the termed or canceled policy
- FFM Exchange Assigned Member ID of the member that the issuer has knowledge is in Medicare

**Access the ER&R form to report non-renewals due to dual Medicare enrollment at**
