NEW Security Enhancement for RegTap Registration and Password Changes

Consumer Information & Insurance Oversight (CCIIO)

March 19, 2018

https://www.regtap.info/FFENR.php

The information provided in this presentation is not intended to take the place of the statutes, regulations, and formal policy guidance that it is based upon. This material summarizes current policy and operations as of the date it was uploaded to REGTAP. Links to certain source documents may have been provided for your reference. We encourage persons taking the course to refer to the applicable statutes, regulations, and other interpretive materials for complete and current information

This communication was printed, published, or produced and disseminated at U.S. taxpayer expense.

New Security Enhancements for RegTap Password and Registration

- Due to security enhancements in RegTap, and with an aim to improve security on the website, users are no longer able to use any 'Dictionary' words in their passwords. As such, password updates must follow this new protocol aimed at improving security.
  - For example: 'TEst'- cannot be a password; instead, 'T3st', can be a password.

- If users are experiencing any issue updating their password or registering in RegTap, users should contact the RegTap Registration Support at:
  - RegTap Registrar: 1-800-257-9520, or at: RegTap.info
