

# 3/1 vs 2/1 Effective Dates

*March 30, 2015*

# 3/1 versus 2/1 Effective Date

Enrollees with 2/1/2015 effective dates may request their effective date be moved to 3/1/2015

- Parameters:
  - Enrollments with a 2/1 effective date that were not reflected (loaded/processed) in the issuers' system until after 2/15/2015
  - Limited to only changing 2/1 effective dates to 3/1
  - Must be requested by the enrollee either directly to the issuer or through a HICS to the issuer (some/many enrollees may still want/need the 2/1/2015 effective date)
  - However, issuers can decide not to honor the request if claims activity has occurred, especially Rx claims. Issuers must consistently apply to all enrollees
  - For non-renewals, Enrollee must still pay the binder payment
