Financial Management Overview for New 2018 Federally-Facilitated Exchange (FFE) Issuers

October 23, 2017

Financial Management

CMS
CENTERS FOR MEDICARE & MEDICAID SERVICES

WWW.REGTAP.INFO

Agenda

- Payments Overview
- Vendor Management
- EDI Onboarding and Testing
- Enrollment Data Alignment and Policy-Based Payments
- Enrollment Data Alignment
- 834 Outbound and Inbound Transactions
- Enrollment Reconciliation Overview
- The Monthly Payment Cycle and Policy-Based Payments
- Payments and Invoicing
- Preliminary Payment Report, HIX 820, and Payee Information Report
- Discrepancy Reporting
- December and January Recon and Payment Calendars
- 2018 Checklist for New FFE Issuers

Webinar Purpose

The purpose of this webinar is to provide new 2018 FFE Issuers with a complete overview of the end-to-end Enrollment, Payment and Invoicing Process

Intended Audiences

- Associations
- New 2018 Federally-Facilitated Exchange (FFE) Issuers
- New 2018 FFE Stand-Alone Dental Plans (SADP)
- New 2018 Vendors/Third Party Administrators (TPAs) and Clearinghouses

Payments Overview

Steps to Receiving Accurate FFE Payments

Receipt of accurate and timely payment of Advance Premium Tax Credit (APTC) and payment of User Fees involves 4 major steps:

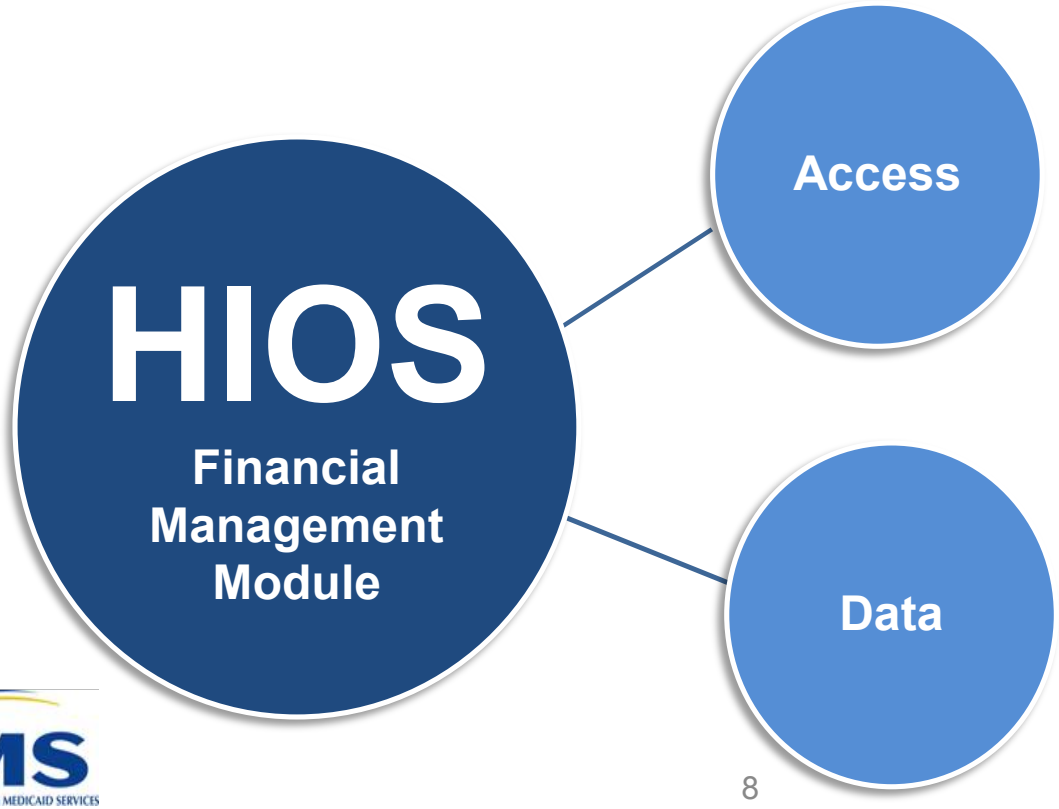

- **Onboarding**: Prior to the 2018, ensure connectivity and correct information has been filed with the Centers for Medicare & Medicaid Services (CMS) through the Health Insurance Oversight System (HIOS), Vendor Management, and the Electronic Data Interchange (EDI) onboarding processes
- **Enrollment data alignment**: Exchange of enrollment transactions and files with CMS to align Issuer and CMS records of enrollment
- **Receive Policy-Based Payment and Review Payment Report** through CMS's monthly payment process
- **Submit Disputes** to CMS for any identified discrepancies

Onboarding Overview

- The HIOS system
- Vendor Management
- CMS EDI Registration System

HIOS Overview

The Health Insurance Oversight System (HIOS) is the central web portal for Issuers to access modules used by CMS to collect and store information from health insurance companies

HIOS is the portal to the Financial Management Module, which allows Issuers to create Payee Groups and Financial Information Forms (FIFs)

HIOS stores Tax ID Number (TIN) and Legal Business Name (LBN) information for registered health insurance companies

CMS CENTERS FOR MEDICARE & MEDICAID SERVICES

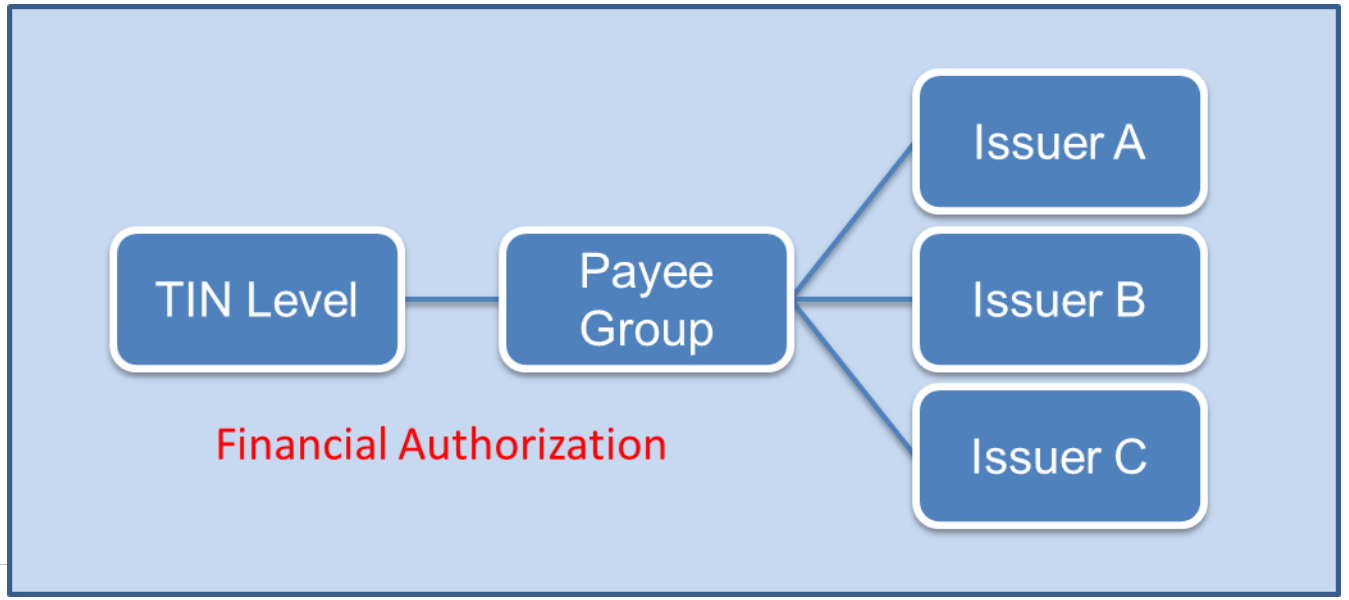

Vendor Management

Vendor Management Key Points

- Health insurance companies must complete the Vendor Management Process to create a Payee Group and provide CMS with banking and billing information in order to receive payments/invoices
- Health insurance companies create a Payee Group through the Financial Management Module in HIOS
- Each month, the Payee Group will receive a consolidated payment and payment report (HIX 820)
- Most new 2018 Issuers have already completed this process. CMS will be reaching out to any Issuers who have not completed this process

Payee Group Configuration

- A **Payee Group** is a set of one (1) or more Issuers that have the same TIN
- Each Payee Group must contain all Issuers under one (1) TIN. For example, if a company has three (3) Issuers with the same TIN, they will only be allowed to establish one (1) Payee group for all three (3) Issuers

Additional Information

- Issuers may find detailed information regarding the Vendor Management process by clicking the link below to view the April 17, 2015 Vendor Management webinar slides:
  - https://www.regtap.info/uploads/library/FT_3R_VM_slides_041715_5CR_042715.pdf
  - Additionally, Issuers may search the REGTAP Library at https://www.REGTAP.info under the Payments-Payee Groups program area for additional supporting documents related to the Vendor Management Process

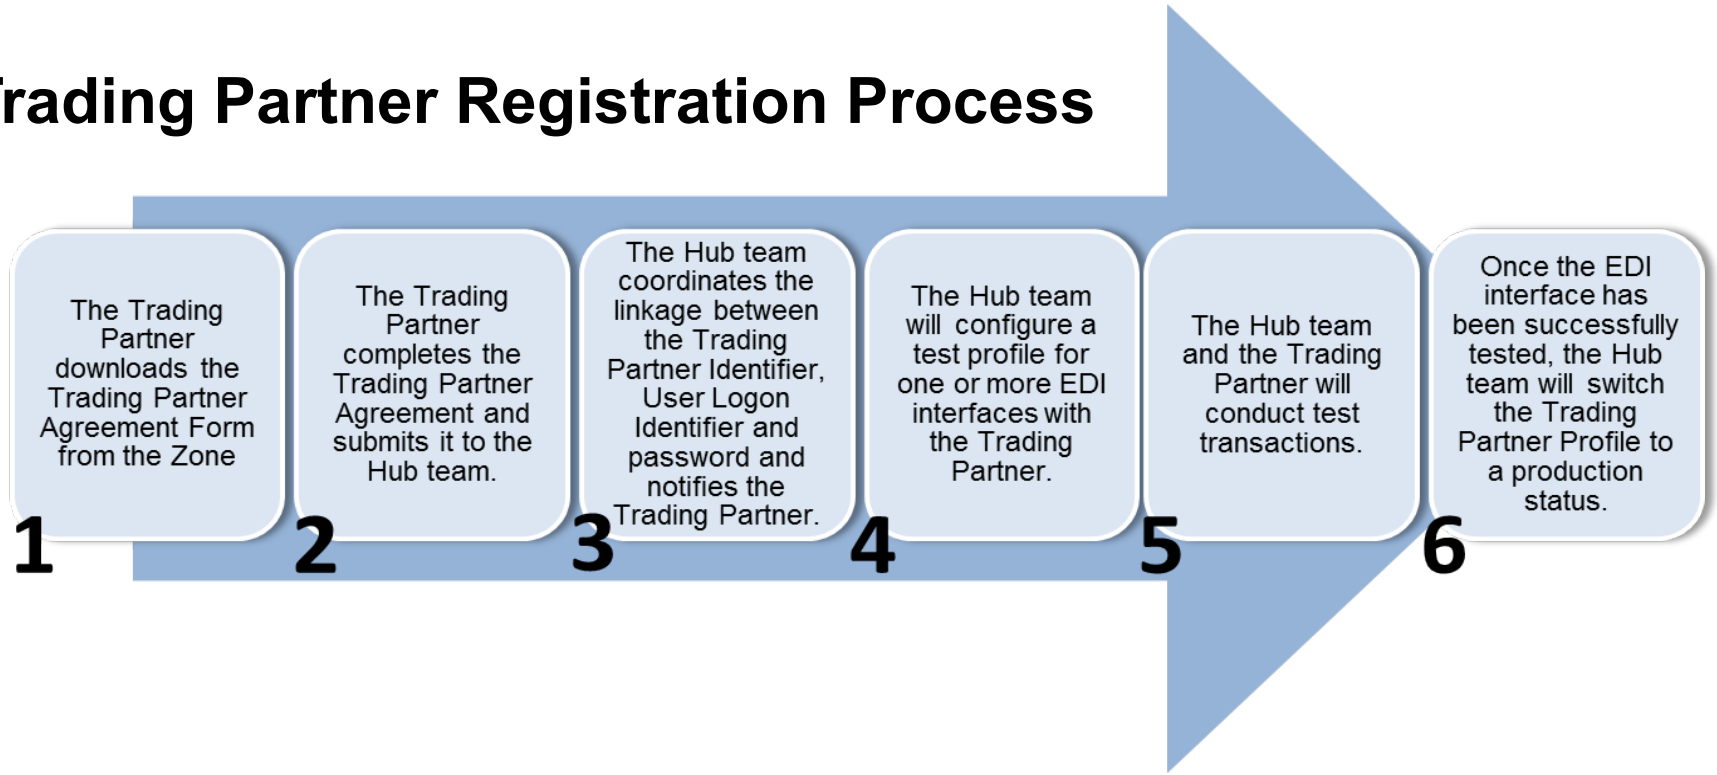

EDI Onboarding and Testing

Testing and EDI Registration Form

- The HUB will facilitate the exchange of Enrollment based, Preliminary Payment Reports (PPR) (I820), HIX 820 (F820), and Payee Information Report (PNR) transactions from CMS to Payees and trading partners.
- In order to receive HIX 820 transactions or other reports using EFT, Trading Partners (i.e., Payee Groups, SBEs or their designees) must register and conduct a successful test (*onboard*) with the HUB.
- Issuers link their Payee Group ID to a registered or new Trading Partner ID and onboard with the HUB.
- All Issuers and their Business Associate (clearinghouse or TPA) who receive the payment transactions on their behalf must complete the onboarding process prior to January 2018
- Issuers and SBEs who want to receive any other payment related transactions are required to submit an onboarding form.
- Issuers may reach out to dshedisupport@cns-inc.com mailbox if they need any additional information related to form submission.

Testing and EDI Registration Form

Trading Partner Registration Process

Enrollment Data Alignment and Policy-Based Payments

FFE Payment Overview

- All FFE Issuers in the Individual Market receives APTC and User Fee policy-level payment and charges using the process known as **Policy-based Payments (PBP)**.
- PBP makes Advanced Premium Tax Credit (APTC) payments to Issuers, and collects FFE User Fees, based on effectuated enrollment information in the FFE system.
- Therefore the exchange of information about consumer enrollment between CMS and FFE Issuers drives payment accuracy.

SBEs and their Issuers are still being transitioned to Policy-Based Payments and are currently paid through a Manual Payment Process

Enrollment Data Alignment

Enrollment Data Alignment Overview

CMS Exchanges enrollment information with FFE issuers through two major processes:

1. Outbound and Inbound 834 Transactions, exchanged daily
2. Monthly enrollment reconciliation

834 Outbound and Inbound Transactions

834 Transaction Key Points

- Initial enrollment information is sent for each enrollee or enrollment group to the Qualified Health Plan (QHP) or Qualified Dental Plan (QDP) Issuer via an 834 transaction (*Outbound* 834 transaction).
- Once the enrollee makes the payment to the selected QHP Issuer for the Individual Marketplace, the Issuer adds the effectuated policy into their system with the correct benefit, plan, etc.
- Once the enrollment processes are complete and coverage is effectuated, the QHP Issuer sends an 834 transaction (*Inbound* 834 transaction) to the FFE confirming enrollment status.
- CMS uses the 834 enrollment transaction to collect data on enrollment status and Issuer Assigned IDs for Issuer Assigned Policy ID, Issuer Assigned Subscriber ID, Issuer Assigned Member ID and Last Paid Date.

Outbound 834 Transaction

- An **Outbound 834 Transaction** is created by the FFE and sent to the QHP Issuer after an individual or group has submitted an application, has been determined eligible and selected a QHP.
- Upon receipt at the Issuer's EDI platform the Issuer is to generate the TA1 and 999 Acknowledgment transactions which are returned to the FFE EDI platform within 48 hours.
- The EDI team will perform outreach if the acknowledgment timer exceeds 48 hours.

Inbound 834 Transaction

- An **Inbound 834 Transaction** is created by the QHP or QDP Issuer and sent to the Data Services Hub (the HUB) once the Initial Enrollment transaction is confirmed (effectuated or canceled)
- Inbound 834 Transactions update FFE insurance policies in near "real-time" as Issuers report a policy's change in payment (or non-payment) status

Except where specified by the 005010X220A1 Technical Report Type 3 (TR3) and the CMS 834 Companion Guide, Issuers must re-transmit all appropriate information transmitted on the Outbound 834 Transaction

834 Resources

The most current 834 resources can be found at the following links:

Enrollment Reconciliation Overview

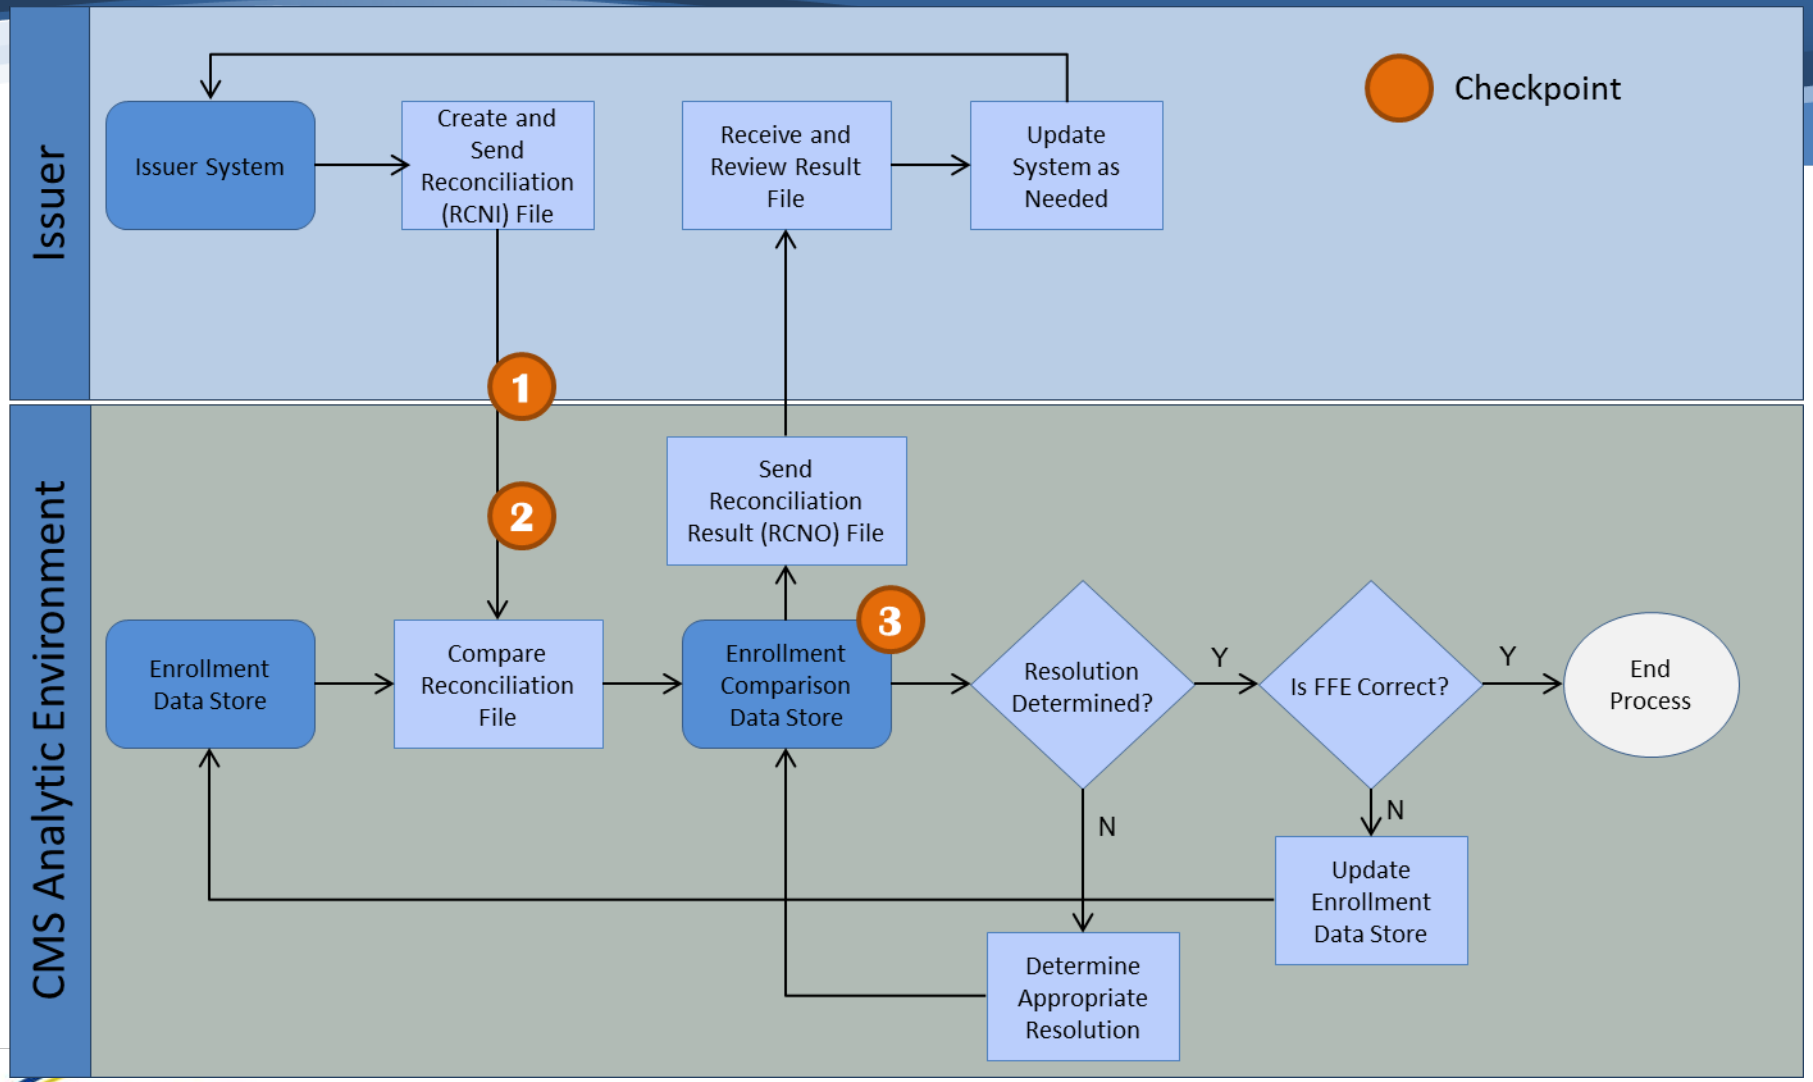

Overview of Enrollment Pre-Audit File

- CMS initiated the Enrollment Pre-Audit process in December 2013 to provide Issuers with a comprehensive view of enrollment data from the FFE perspective.
- As Issuers have found this comprehensive view of FFE enrollment data useful on a regular basis, CMS has continued to produce and distribute these files and will do so in 2018.
  - **This Pre Audit file also represents the effectuated enrollments for which Issuers will receive Policy-Based Payments (as applicable) for the subsequent month**
- The Pre-Audit file will ***not*** be in the EDI 834 format; it will be a **pipe-delimited flat file.**
- All Pre-Audit Files are year-specific; Pre-Audit Files for 2018 will only contain data pertaining to enrollments effective 1/1/2018 – 12/31/2018.
  - **This includes effectuated, uneffectuated, and cancelled enrollment records**

Enrollment Data Reconciliation Concepts

- To ensure consistency between FFE and Issuer enrollment data throughout Plan Year 2018, CMS will be initiating monthly reconciliation of 2018 enrollment data early in December 2017.
- Per regulatory requirement, Issuers must reconcile enrollment data with CMS ***on a monthly basis.***
- Issuers will submit an inbound Reconciliation file for each Trading Partner ID during each monthly cycle.
- CMS will perform an initial validation on the Issuer file, match Issuer enrollment records to FFE records, and compare on a field-by-field basis for matched records.
  - Results of matching and field-by-field comparison are sent to Issuers via the outbound Reconciliation File

High-Level Reconciliation Approach

Key Data Elements

Member Attributes	Coverage Attributes	Financial Attributes
First Name	QHP ID	Tobacco Status
Last Name	Benefit Start Date	Applied APTC Amount
DOB	Benefit End Date	APTC Effective / End Dates
Gender	Effectuation Status	Advance Payment Amount
SSN	Exchange-Assigned Policy ID	Effective / End Dates
Subscriber Indicator	Exchange-Assigned Subscriber ID	Total Premium Amount
Relationship Code	Exchange-Assigned Member ID	Total Premium Effective / End Dates
Residential Address	Issuer-Assigned Policy ID	
Mailing Address	Issuer-Assigned Subscriber ID	
	Issuer-Assigned Member ID	
	Agent/Broker Information	

Enrollment Reconciliation: Reference Materials & Support

The most current reference materials are available on CMS zONE at:

If you have questions on Enrollment Reconciliation, please send them to the Help Desk (cms_feps@cms.hhs.gov) with the subject line “RECONCILIATION – QUESTION”

The Monthly Payment Cycle and Policy-Based Payments

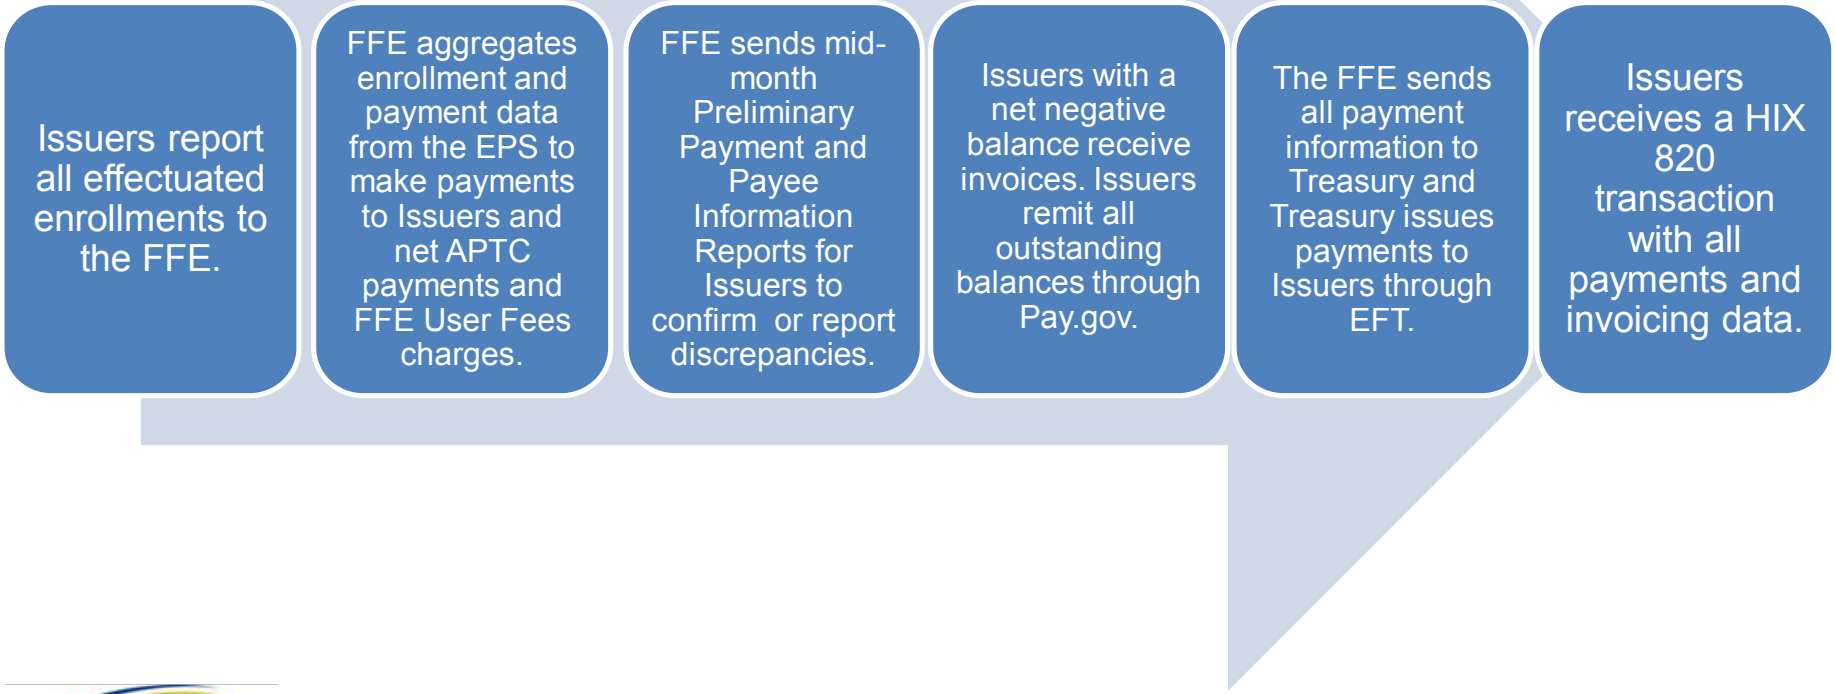

FFE Policy-based Payments Overview

The high-level monthly process for making payments includes:

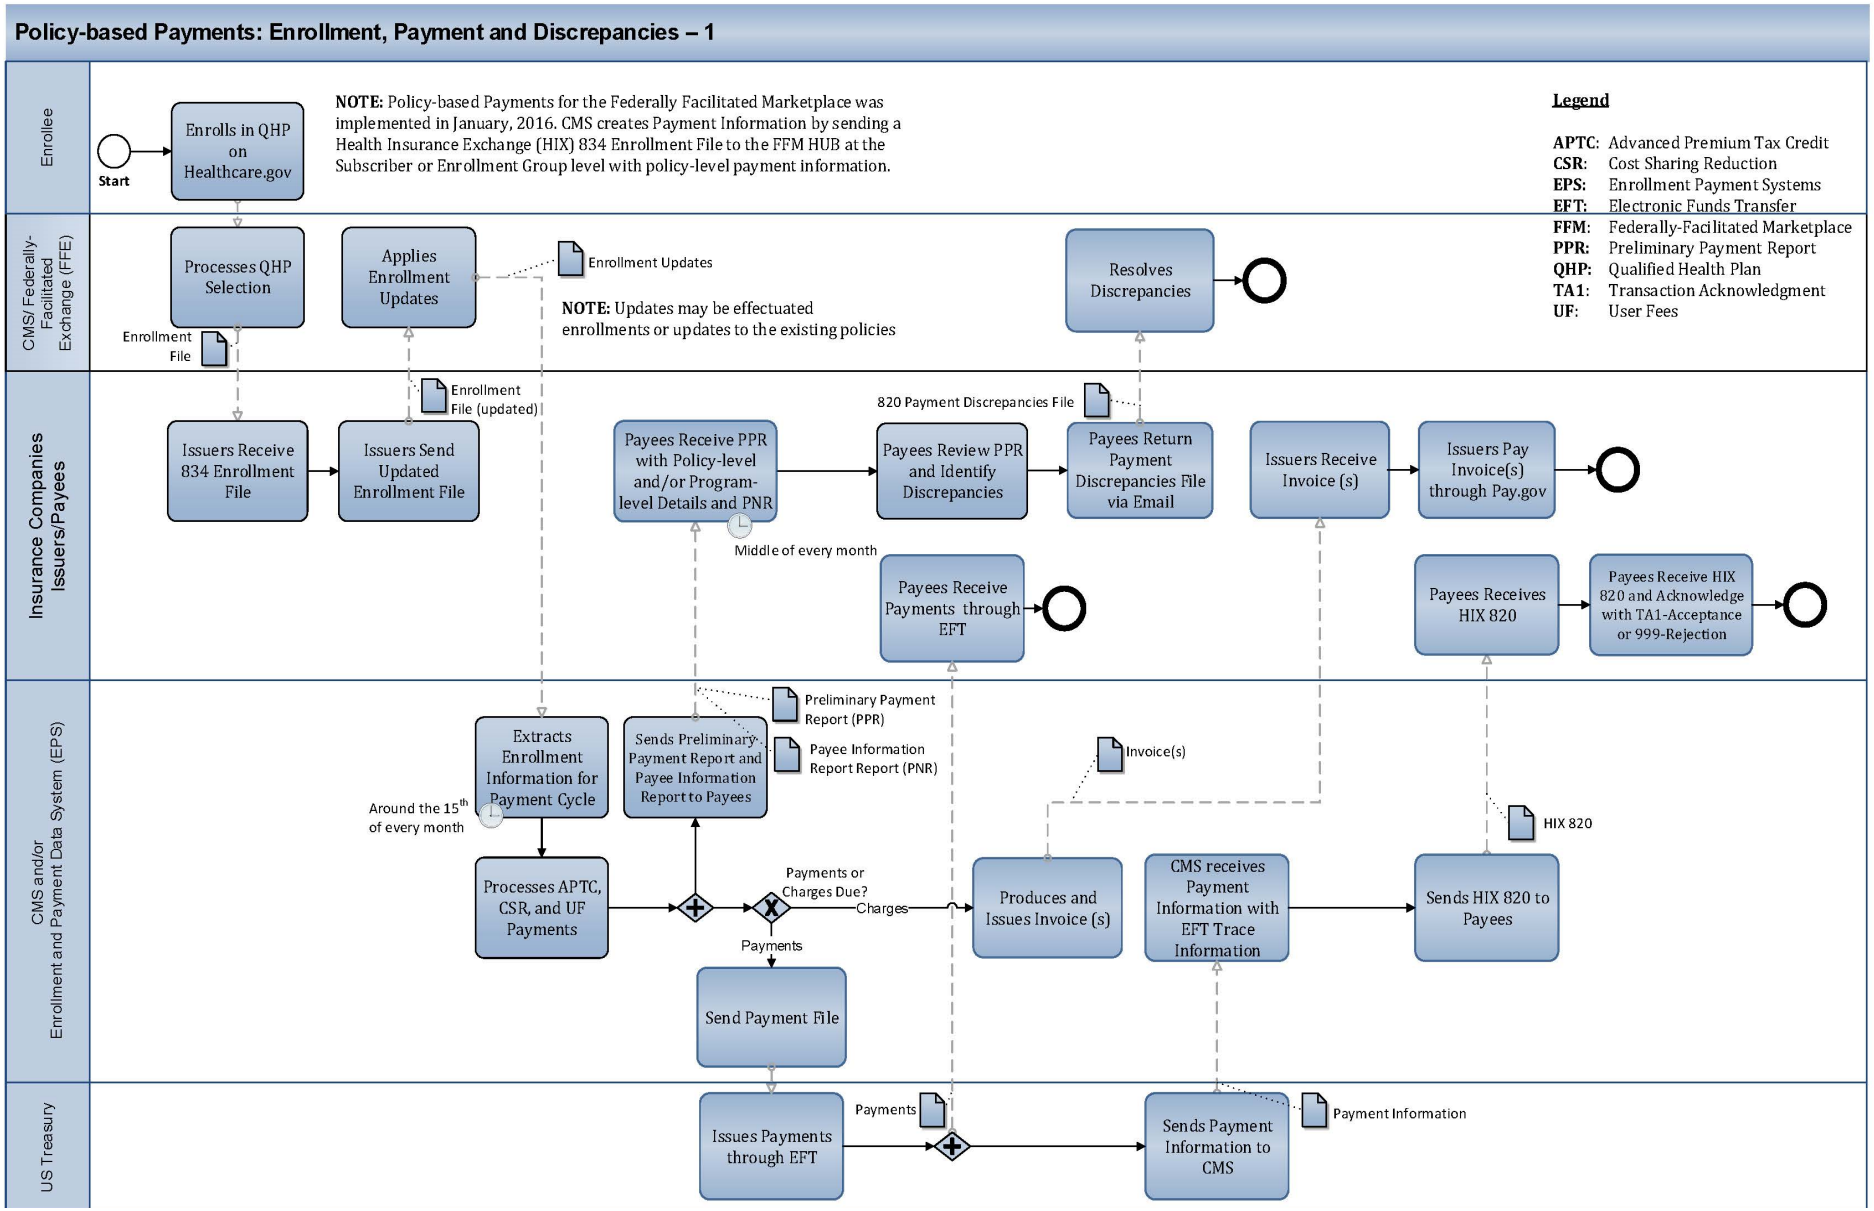

- **15th of month prior:** Snapshot of the FFE used as basis for the month's payment
- CMS calculates policy-based payments of APTC and user fees and aggregates with any other payments (e.g., RA, RI); nets payments and charges
- **– 10th–12th of Payment Month:** Issuers receive any invoices
- **~15th of Payment Month:** Preliminary Payment and Payee Information Reports sent to issuers
- **~20-22 of Payment Month:** Issuers receive payment
- **By the End of Payment Month:** Issuers receive HIX 820

FFE Policy-based Payments Overview

End-to-End Policy-based Payment Process

FFE Policy-based Payments Overview

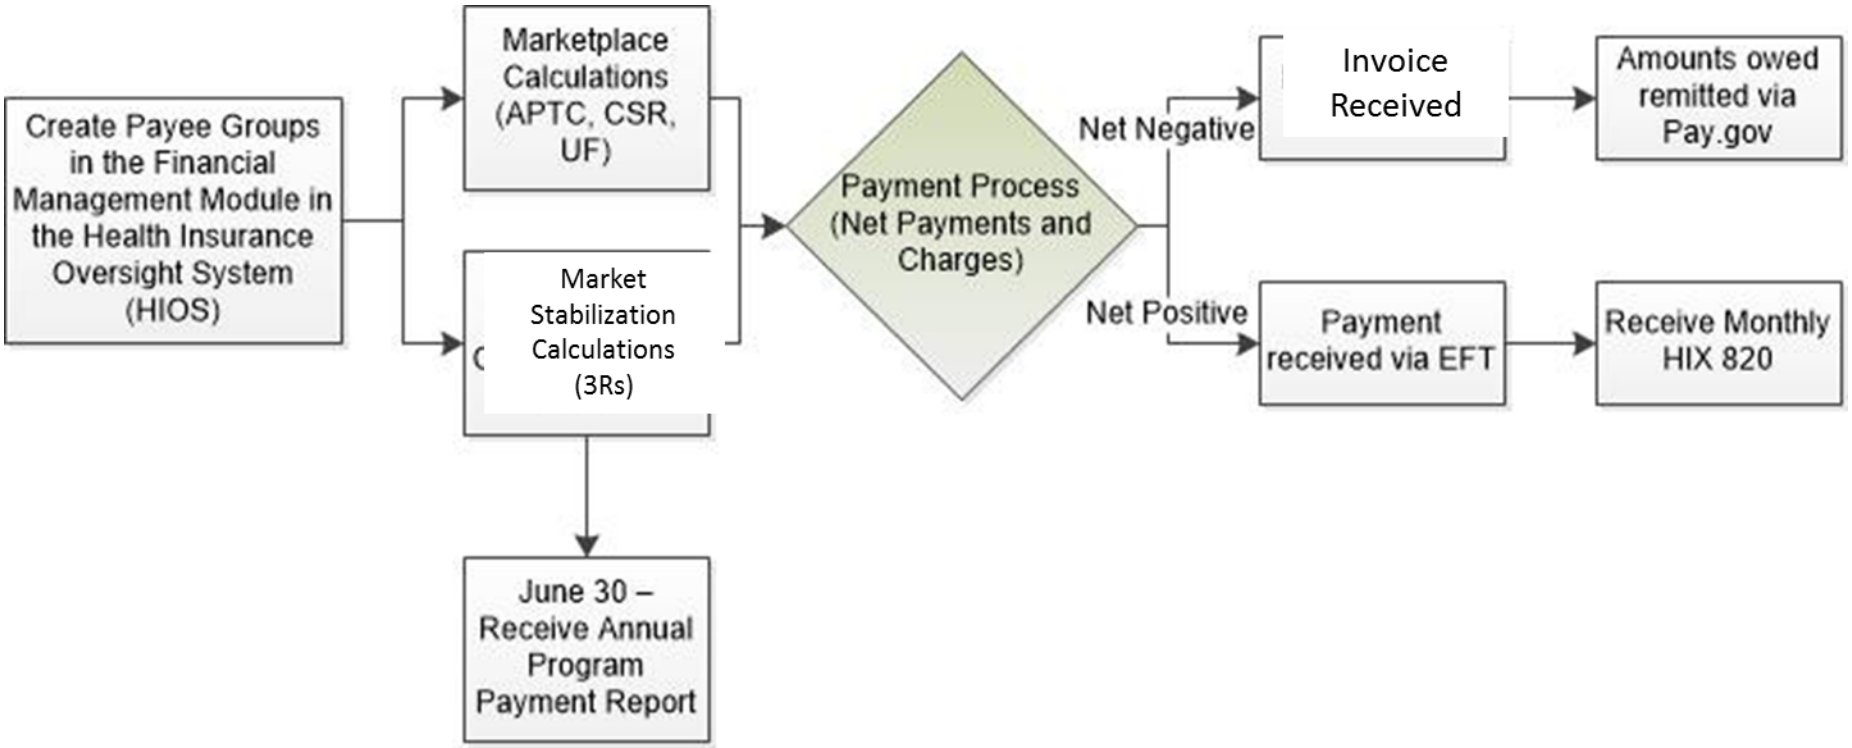

Payments and Invoicing

Payments and Invoicing Key Points

- On a monthly basis, payments and charges for Marketplace programs are aggregated and netted at the Payee Group level and sent to the CMS accounting system for processing.
- Payees with a net negative balance will receive an Initial Invoice for each program for which there is an outstanding balance, which is mailed to the Payee Group's billing address.
- The Payee Group uses the Invoice to pay the amount(s) owed through Pay.gov.

Payments and Invoicing Overview

Due Dates for Initial Invoices

Payments of APTC and user fee invoices, as well as contributing entities, Issuers of reinsurance-eligible plans, Issuers of RA-covered plans, and Qualified Health Plan (QHP) Issuers paying RC charges must pay Initial Invoices within 15 calendar days from the date of the Initial Invoices.

- Interest and fees will continue to not accrue until 30 calendar days from the date of the Initial Invoices
- An administrative fee of $15 will be added to the unpaid balance not paid within 30 calendar days from the date of the Initial Invoice

Invoices are due on the 15th day of the month to eliminate any timing overlap where Initial Invoices are due at the same time CMS begins the subsequent month's netting process, pursuant to 45 CFR 156.1215(b).

This also provides the ability for CMS to net any outstanding invoices in the subsequent payment cycle.

Additional information can be found on REGTAP: https://www.regtap.info/reg_librarye.php?i=2120

Timing of Invoice and Intent to Refer Letters

Initial Invoices were mailed to Issuers between the 10th and 12th of the month if the total charges owed by the Issuer exceed payments due to the Issuer in a given month.

- Issuers will receive an Initial Invoice for each program for which there is an outstanding balance
- Issuers must remit payments within 15 calendar days of the date of the Initial Invoice

The Intent to Refer Letter will be sent 60 calendar days after the date of the Initial Invoice if payment is not received by the Initial Invoice deadline.

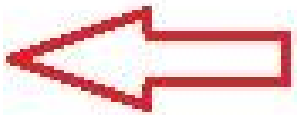

If no payment has been submitted 140 calendar days after the date of the Initial Invoice, the debt will be referred to the U.S. Department of Treasury for collection.

Initial Invoice Example

The specific **Program** (3Rs/Recon/User Fees) for which a balance due is identified.

The **Entity ID** is the Payee ID, which is generated in the Financial Management Application.

The **Invoice Number** will be used to submit payment in Pay.gov.

Re: Program : Risk Adjustment Program
Entity ID : A010001
Invoice Number : PMR19016_RA
Invoice Date : 03-NOV-2016
Invoice Amount : $2,535.00
Payment Due Date : 18-NOV-2016

Initial Invoices are generated by Exchange and Premium Stabilization programs. CMS transmits separate Initial Invoices if amounts are owed for multiple Exchange or Premium Stabilization programs.

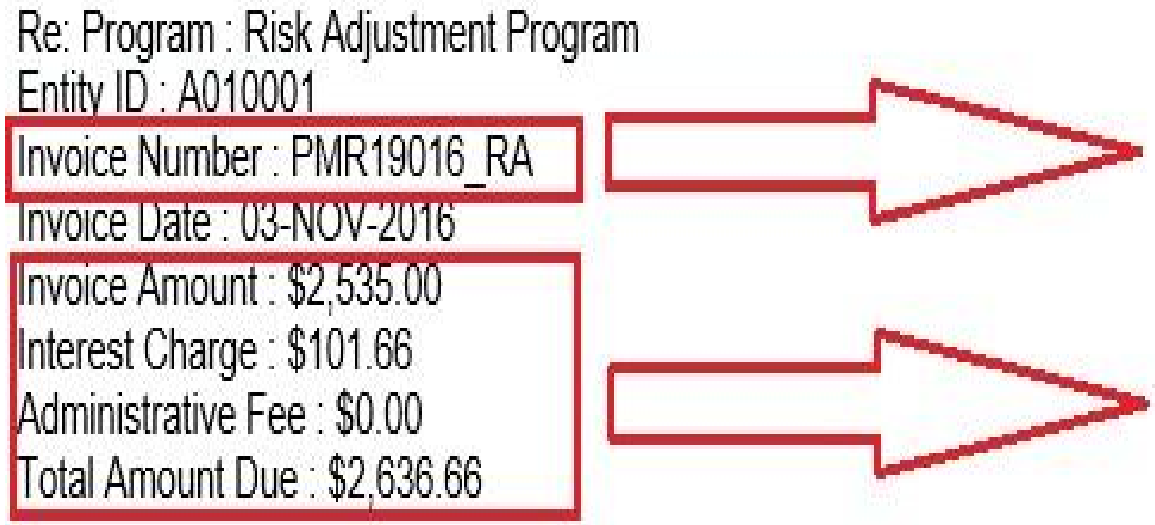

Five (5) Business Day Outreach

- As a way to ensure that Invoices have been received, CMS makes phone calls to Issuers five business days after an Invoice is sent
- These are courtesy calls to confirm that Issuers have received their Invoice(s)
- CMS will be reaching out via phone to the contact listed in the Vendor Management module
- If you have any questions about Invoices, please email CMS at CCIIOInvoices@cms.hhs.gov

Intent to Refer Letter Overview

- If payment is not submitted by the Initial Invoice deadline, an Intent to Refer Letter is generated 60 days after the date of the Initial Invoice
- The Intent to Refer Letter is the final request for payment before CMS refers the debt to Treasury and reflects administrative charges and accrued interest in addition to the original balance owed at the time
- If you want to make a payment, but you are unsure the balance owed, please email CCIIOInvoices@cms.hhs.gov

Intent to Refer Letter Example

The Invoice Number matches the Invoice Number transmitted in the Initial Invoice

The Total Amount Due reflects the total sum of the Initial Invoice Amount, Interest Charge and Administrative Fee

Failure to Submit Payment to Intent to Refer Letter

- Debts that remain unpaid 140 days from the date of the Initial Invoice will be referred to the Department of the Treasury
- Treasury will collect all required penalty charges and fees (including interest and administrative fees)
- Treasury will use all tools at its disposal to collect debt, including referral to the Department of Justice for litigation
- Contact the Treasury at (800)-304-3107 or visit the website at https://fiscal.treasury.gov/fscontact/fs_contact.htm

Failure to Submit Payment to Intent to Refer Letter (continued)

- CMS and the U.S. Department of Health and Human Services (HHS) have no involvement in the Treasury offset process. The Notification (letter) would have been generated by the Treasury as part of their offset program which collects outstanding debt owed to any Federal government agency
- CMS and HHS do not have access to the notification sent by the Treasury or knowledge of debt owed and collected for other Federal government agencies
- To learn of the details, please contact the U.S. Department of the Treasury hotline at (800)-304-3107 or visit the website at https://fiscal.treasury.gov/fscontact/fs_contact.htm

Pay.gov

- Pay.gov is the portal to access the CMS Health Insurance Exchange and Premium Stabilization Programs Payment Form, which allows for the submission of payments for Exchange-related charges
- The CMS Health Insurance Exchange and Premium Stabilization Programs Payment Form (Exchange Payment Form) is accessible directly through Pay.gov
- Access Pay.gov at https://pay.gov/public/home

Pay.gov (continued)

- Issuers may use the following link, https://www.pay.gov/WebHelp/HTML/about.html, for additional assistance using Pay.gov
- Additionally, Issuers may access this link by clicking “Online Help” from anywhere within Pay.gov. If an Issuer needs additional help making payment via the Pay.gov Form, they should first contact Pay.gov to see if the issue is related to a system error
  Note: If the issue is related to a system error, only Pay.gov can assist
- If the issue is not a system error, the Issuer should refer back to the training slides and job aids posted on REGTAP. If the Issuer still needs assistance after reviewing the materials, the Issuer should contact CMS at CCIIOInvoices@cms.hhs.gov

Pay.gov: Helpful Hints

Issuers should:

- Submit payment as early as possible
- Register in Pay.gov so a record of all completed transactions will exist within the Pay.gov account in the Payment Activity section under “My Account”
- Utilize the Invoice to complete the Payment Form
- Retain the confirmation email transmitted once payment is submitted

For more information about making payments on pay.gov, see slides 57-85 available at: https://www.regtap.info/uploads/library/FT_RAD_slides_072017_5CR_072017.pdf

Help Desk Assistance

Issuers may send questions related to Initial Invoice or Intent to Refer Letter to: CCIIOInvoices@cms.hhs.gov

For Pay.gov customer service, concerns, or technical issues contact:

- Call: (800) 624-1373 (Toll free, Option #2) or (216) 579-2112 (Option #2)
- Email: pay.gov.clev@clev.frb.org

Additional Information

- Issuers may find detailed information regarding the Collections and Invoicing Process by clicking the link below to view the July 10th, 2017 Collections and Invoicing webinar slides: https://www.regtap.info/reg_librarye.php?i=2176
- For questions about the payment process, Issuers may also search the REGTAP Library under the Payments–Monthly Processing Cycle and Payments–Remitting Amounts Due program areas for supporting documents
- Issuers should send questions related to their Invoice to the Invoice and Collections Team at CCIIOInvoices@cms.hhs.gov
- Please follow the escalation path below for issues related to the transfer of the monthly Preliminary Payment Report (PPR), Payee Information Report, and HIX 820 payment files:
  - Contact the CMS Help Desk and request a Remedy Ticket for the issue. The Help Desk will assign the ticket to the appropriate support team who will reach out to Issuers to resolve
  - Email: CMS_FEPS@cms.hhs.gov
- Questions pertaining to the Enrollment & Payment Data Workbook may be referred to Marketplacepayments@cms.hhs.gov

Preliminary Payment Report, Payee Information Report, and HIX 820

Preliminary Payment Reports

- In the middle of each month, Payees will receive a Preliminary Payment Report (PPR)
  - The PPR is a pipe-separated file and contains all the policy-level payment details for a Payee
- All Issuer Payees will receive one PPR near the middle of the month that corresponds to HIX 820 transaction(s) provided near the end of the same month. This will include Program level Payments as well
- Issuers will receive one PPR with all their policy-level details and program level details, regardless of payment amount or number of policies

Pipe-separated File Example

After Pipe-separating:

11	Issuer ID|Issuer APTC Total($)\|Issuer CSR Total($)|Issuer UF Total($)|Last Name|First Name|Middle Name|Name Prefix|Name Suffix|Exchange Assigned Subscriber |

Preliminary Payment Report Transmission

The PPR will be sent via EFT to the same routing location that is setup for the current EFT transmissions for the States or the Payees

The function code for the PPRs for Issuer Payees is I820

- for SBEs this code is SI820

The file names will be in the following format:

- TradingPartnerID.FunctionCode.Date.Time
- For example: 1234567.I820.D150529.T124846968.P

CMS does not expect a TA1/999 or any electronic acknowledgement for the PPRs

Preliminary Payment Report Example

PPR Example

Payee Information Report Details

In prior years, Issuers did not have a way to see the payment cycle netting that occurs until the HIX 820 report at end of month and Issuers cannot view their outstanding AR balances

- Additionally, some off-Exchange Issuers who are not on-boarded will not receive HIX 820, therefore, this report will assist those Issuers in understanding payments and charges related to netting

Starting with the August 2017 payment cycle, CMS has provided Issuers the Payee Information Report which provides a snapshot of payee APs and ARs as of report run date and includes current payment cycle netting that occurred along with any outstanding AR balances as of the report run date

Transmitted to payees around same time of month as PPRs

Generated at payee level for all programs and transmitted in Pipe Delimited Format to the same EFT Folder as other payment reports (i.e. PPR and HIX 820) with function code: PNR

Payee Information Report Transaction Details

- Includes all current payment cycle APs and ARs, similar to the data included on the PPR
- Provides details of any outstanding ARs, their original transaction amount, and amount prior to netting in the current payment cycle
- Shows the netting that occurred in the current payment cycle, payments made through EFT, and any remaining AR balance
- Report will be generated even if current cycle APs/ARs do not exist for payee, as long as payee has outstanding ARs

Payee Information Report Program Information

The Program column of the Payee Information Report will display the same program type codes that are found on the PPR and HIX 820, and also included on the Washington Publishing Company (WPC) site. Please note the following exceptions and clarifications to this:

Program Type Code on PPR and HIX 820	Program on Payee Information Report
RAD	RA
UFR, SHOPUF	UF

Additionally, any Admin or Interest charges will appear as “ADM” for admin and “INT” for interest in the Program column of the Payee Information Report

HIX 820 Key Points

The HIX 820 is an X12 remittance advice transaction which includes all of the information provided on the preliminary payment report, as well as the Treasury EFT Trace Number and the date the payment was sent to the Payees bank account

The HIX 820 is a separate transaction from the payment transfer and all CMS HIX 820s are outbound only (i.e., from CMS to Payee Groups)

HIX 820 Overview

CMS uses the HIX 820 to communicate remittance information for the following types of payments and charges related to Marketplace functions:

- Advance Payment of the Premium Tax Credits (APTCs)
- FFE Individual and SHOP User Fees
- Reinsurance, Risk Adjustment and Risk Corridors (if applicable)

HIX 820 Overview (continued)

Payees will receive one (1) HIX 820 per month per EFT:

- The HIX 820 includes policy-level information including any program-level payments, adjustments and other remittance information

A Payee will receive two (2) separate HIX 820s and two (2) separate EFT payments if:

- The Payee is set to receive a payment of $100 million or more; and/or
- The Payee has one million effectuated policies or more in a month

PPRs/Invoicing/HIX 820 Netting

Example: Netting October Cycle Transactions and Outstanding August Cycle Receivable

When there are outstanding unpaid receivables from prior months, any payments will net against those receivables per the standard netting order. This adjustment to total payment will be reflected in the total payment on the HIX 820

Example:

- October Cycle Transactions: Net Amount = $120,000.00

Program	Amount	
CSRMADJ	$	10,000.00
APTCMADJ	$	50,000.00
CSRN	$	100,000.00
RAUF	$	(40,000.00)

- August Cycle Outstanding Receivable: $(10,000.00)

Program	Amount	
RA	$	(10,000.00)

Preliminary Payment Report (PPR) Example

The PPR provides a list of all October cycle transactions by payee prior to netting across programs and the August outstanding receivable

Transaction Set Control Number	XXXXX															
Run Date	10/06/2016 6:00

12345	50000	10000	0								APTCMADJ	50000			20161001	20161031
12345	50000	10000	0								CSRN	100000			20160901	20160930
12345	50000	10000	0								RAUF	-40000			20160901	20160930

Netting Order

The largest Accounts Payable (AP) transaction involved in the current cycle is used to net against the Accounts Receivable (AR) according to the netting priority below

- If there are multiple ARs for the same program, the oldest AR will net first, and if ARs have the same date, the largest AR will net first
- If there is admin and interest associated with a program, the admin and interest for that program will net first before principal

Netting Priority

- RA > RC > RI > APTC > FFE UF, RA UF

HIX 820 Example

The HIX 820 will provide a view of all October cycle transactions and the August offset that occurred due to netting

ns1:ExchangePaymentCode	ns1:PaymentAmount	ns1:ExchangeReportCode	ns1:DocumentControlNumber	ns1:PaymentCoverageStartDate	ns1:PaymentCoverageEndDate

Additional Information

Issuers may find additional information on the HIX 820 Transaction and transition to Policy-based Payments by clicking the links below:

- FM Policy-based Payments Overview and HIX 820 Testing and Implementation slides https://www.regtap.info/uploads/library/FT_HIX820_SeriesI_slides_042215_5CR_051915.pdf
- FM Policy-based Payments Overview and HIX 820 Companion Guide Updates slides https://www.regtap.info/uploads/library/FT_HIX820_SeriesI_slides_042915_5CR_051915.pdf
- FM Policy-based Payments HIX 820 Testing and Scenarios slides https://www.regtap.info/uploads/library/FT_HIX820_slides_052715_5CR_060415.pdf

Additionally, Issuers may search the Payments – Remittance Message (HIX 820) program area at https://www.REGTAP.info in the REGTAP Library for additional supporting documents related to the HIX 820 transaction

Cessation of Payment of Cost-sharing Reductions FAQs

Q: How will CMS operationalize discontinuation of advance cost-sharing reduction (CSR) payments?

A: For the October monthly payment cycle and beyond, CMS will not make advance CSR payments, and will not make any adjustments to CSR payment amounts related to retroactive enrollment data changes for prior months of 2017, unless Congress appropriates funding for these payments. Issuers will therefore receive no net payment of 2017 advance CSR in the October and future payment cycles.

Q: How will CSR transactions be displayed on issuers' October payment reports?

A: Issuers will see detailed advance CSR payments appear as in prior months on their payment reports. Issuers in Federally-facilitated Exchange (FFE) states paid through policy-based payments (PBP) will see policy-level detail showing CSR payments, and Issuers in states paid through manual workbooks will see issuer-level CSR payments as in prior months. Payment reports for all issuers will also show a lump-sum issuer-level manual adjustment that reverses the total net advance CSR payment.

Discrepancy Reporting

Key Points

- Once Payees receive preliminary payment reports, they respond with any identified discrepancies
- When a discrepancy is identified, Issuers use an Excel template to submit discrepancies to the discrepancy resolution contractor
- CMS, in coordination with the Enrollment Resolution & Reconciliation (ER&R) contractor, investigates the discrepancies and provides a response to Issuers letting them know the status of each dispute
- Any changes to a payment or charge will reflect in a future month's Preliminary Payment Report and HIX 820 transaction

Identifying a Payment Discrepancy

Monthly, Issuers receive two files with the current cycle payment data

- The Preliminary Payment Report (PPR) informs Issuers which policies will have payments or payment adjustments applied
- The HIX 820 provides remittance advice to Issuers after the payments have been processed

Issuers should use the PPR and HIX 820 to verify receipt of Policy-Based Payment (PBP). If Issuers identify a missing, unexpected, or incorrect PBP when reviewing the PPR or HIX 820, Issuers should submit a dispute to the ER&R contractor

Payment Disputes

Issuer's can dispute up to six items on the PPR-820 Dispute Form

- Benefit Start Date
- Benefit End Date
- Total Premium Amount
- Advanced Premium Tax Credit (APTC)
- User Fee (UF)

Issuers received a response file within one business day of submitting a dispute form

The most current version of the PPR-820 Dispute Form, version 2.0, is on CMS zONE at: https://zone.cms.gov/system/files/documents/ft_ppr_820_dispute_form_002.xlsx

Enrollment Disputes

Issuers can also submit enrollment disputes to correct payments. Issuers must use the enrollment dispute form to resolve:

- Enrollment Blocker Issues
- Prior Year Disputes
- Rejected Enrollments

The most current version of the Enrollment Dispute Form version 10 is on CMS zONE at: https://zone.cms.gov/system/files/documents/enrollment_dispute_form_v10_20170901_1.xlsx

HICS Direct Disputes

Issuers can also submit certain HICS cases directly to the ER&R Contractor to resolve payment issues that include:

- Enrollment Blockers
- Changes to Advanced Premium Tax Credit (APTC)
- Changes Total Premium Amount that cannot be resolved through automated reconciliation
- Term No Longer Eligible (NLE) Appeal

Guidance related to HICS Direct Disputes can be found at: https://zone.cms.gov/document/enrollment-resolution-and-reconciliation

Disputes - Outcomes

- CMS assigns a disposition code to each dispute. This describes the current condition of the dispute so that issuers know when the dispute will process or if they need to take further action to reconcile the discrepancy
  - Payment Disputes also include detail codes that provide an additional level of detail which explain why the disposition code was applied
- The latest version of the Payment Disposition and Detail Code List is available on zONE at: https://zone.cms.gov/system/files/documents/payment_dispute_disposition_and_detail_code_list_-_20170817_v12.xlsx
- The latest version of the Enrollment Disposition and Detail Code List is available on zONE at: https://zone.cms.gov/system/files/documents/cciio_enrollment_dispositions_zone_5.0.xlsx

The Semi-Monthly Issuer Report

The Semi-Monthly Issuer Report

- Issuers receive a Semi-Monthly Report for disputes that have had a change in disposition status since the preceding Semi-Monthly Issuer Report
- CMS distributes the report twice a month, on the 1st and 16th or the first business day after if the 1st or 16th falls on a weekend or holiday
- Issuers should use their own issuer supplied values from the submission in combination with CMS supplied values to trace disputes

Disputes - Resources

If you are having trouble submitting a file or locating a response file or Semi-Monthly report, call or email the ER&R Support Center at:

- (855) 591-7113
- errsupportcenter@cognosante.com
- Please supply File Control Number (Issuer) (H1) from submission when initiating these inquiries

Please contact the FMCC (Financial Management Coordination Center) help desk at fmcc@cms.hhs.gov with any:

- Questions or concerns around the Payment Dispute process
- Requests for technical assistance

The Combined Enrollment and Payment Dispute Technical Reference Guide (TRG) for Payments helps understand how to effectively utilize disputes. The TRG is located at:

https://zone.cms.gov/system/files/documents/combined_enrollment_and_payment_trg_v_1_0_20170417_0.pdf

All documentation related to dispute processing can be found at:

https://zone.cms.gov/document/enrollment-resolution-and-reconciliation

Additional Resources

REGTAP

CMS provides webinars every other Monday from 2:00 p.m. to 3:30 p.m. EST to share information and technical guidance related to Policy-based Payments (PBP) and the Dispute Reporting Process

Issuers should register at https://www.regtap.info/ in order to receive notice of these webinars and access updated materials

2018 Checklist for New FFE Issuers

2018 Checklist for New FFE Issuers

- ❑ Register with ARDX for Enrollment webinars and Payment Processing webinars and attend scheduled webinars
- ❑ Attend weekly enrollment recon/inbound 834 call (Thursdays @ 12:30PM EST) and Issuer Technical workgroup call (Tuesdays @ 3PM EST) and prepare to send monthly reconciliation files and daily 834 transactions
- ❑ Review documents on REGTAP, paying particular attention to the payment processing section that includes:
  - Payment processing calendar
  - PPR, Payee Information Report, and HIX 820
  - Invoicing
  - Pay.gov
  - Payment dispute process
- ❑ Establish Payee Group using the HIOS Vendor Management Module
- ❑ If Trading partner agreement is already in place, new function codes will need to be added for payment processing EFT data exchange
- ❑ If no Trading partner agreement in place, EFT onboarding is required

Questions?

Vendor Management Reminders

- Payee group information is used to direct program payments to your organization and provides the designated contact information in the event that CMS has a need to contact you. Maintaining your corporate billing address ensures that invoices will be delivered timely avoiding the accrual of interest and late fees
- The Financial Management (FM) module is open from the 11th through the 24th of each month and closes on the 25th of each month through the 10th of the following month during the payment processing execution. All updates made to your payee group require internal approval from your organization prior to CMS having access to review and approve your record. To ensure that updates to your records are accepted and applied in the system, the updates need your approval two (2) business days prior to the 25th of the month

Vendor Management Reminders
(continued)

Records that are not approved or remain in an incomplete status at the time of module closing jeopardize Patient Protection and Affordable Care Act (PPACA) program payments for that cycle

- If your edits include changes to your banking information, your financial institution is required to fax a Bank Verification Letter (BVL) directly to CMS at (443) 380-5196 to allow CMS to approve these updates. In the interim, your record is in a state of limbo and payments will not be processed
- You can reach the CMS Vendor Management Team at Vendor_Management@cms.hhs.gov

Points of Contact

CMS directs Issuers to contact the Federal Enrollment and Payment System (FEPS) Helpdesk with technical questions or issues. Issuers can contact the FEPS Helpdesk at CMS_FEPS@cms.hhs.gov

CMS directs Issuers to contact the Marketplace Payments Team with questions related to the Manual Payment Process. Issuers can contact Marketplace Payments at marketplacepayments@cms.hhs.gov

CMS directs Issuers to contact the Financial Management Coordination Center (FMCC) with questions regarding the PBP process. Issuers can contact the FMCC at FMCC@cms.hhs.gov

CMS directs Issuers to contact the Enrollment Reconciliation and Resolution (ER&R) contractor with questions regarding the discrepancy reporting process, as well with dispute form submissions. Issuers can contact the ER&R contractor at errsupportcenter@cognosante.com

PPR, Payee Information Report, and HIX 820 File Issues and Information

Please follow the escalation path below for issues related to the transfer of the monthly Preliminary Payment Report (PPR), Payee Information Report (PNR), and HIX 820 payment files:

- Contact the CMS Help Desk and request a Remedy Ticket for the issue. The Help Desk will assign the ticket to the appropriate support team who will reach out to Issuers to resolve
- Email: CMS_FEPS@cms.hhs.gov

Documents Available on REGTAP

The ***Managed File Transfers (MFT) Thin Client Help Guide*** and ***Manual Payment and Enrollment Data Workbook User Guide*** are currently available in the REGTAP Library at the following links:
