

MFT Thin Client Help Guide

Install latest java version

Internet v10 (is the browser used in Help Guide)

Go to: <https://eft.feps.cms.gov/cfcc/login/login.jsp>
Enter Username and Password Select Sign On
For example User ID: FEP0458 and password

Steps for uploading files

Select the Browse button beside Upload.

The screenshot displays the MFT Internet Transfer Client interface. At the top, there is a navigation bar with icons for Transfers, History, Keys, and Help. Below this is a status bar showing the user's name (TMKLDAP-FEP0273), the date and time (Thursday, September 4, 2014 7:26:49 AM), and a Logout button. The main content area is titled "Transfers" and includes a Refresh button. Below the title, there are two instructions: a red folder icon indicating that directories/files need to be selected before transfer, and a green folder icon indicating that all files will be downloaded by default. The central part of the interface is a table with two rows: "Upload (Inbound from users)" and "Download (Outbound from CMS)". The "Upload" row has a text input field containing "source.app.func.date.time.env.in", a "Browse" button, and an "Upload" button. The "Download" row has a text input field containing "select a file to download", a "Browse" button, and a "Download" button. At the bottom right of the table area is an "Execute All Transfers" button. The TIBCO logo is in the bottom left corner, and the copyright notice "© 2003-2014 TIBCO Software Inc. All rights reserved." and a link to "View License Agreement" are in the bottom right corner.

Select Run if security prompt is displayed

“Choose file for” window should appear displaying your folder structure

The screenshot shows the MFI Internet Transfer Client web interface. The browser address bar displays `https://eft.feps.cms.gov/cfcc/control?vi...` and the page URL is `/filetransfer/thin/fileList.jsp&FileID=`. The page title is "Internet Transfer Client". The navigation menu includes "Transfers", "History", "Keys", and "Help". The user is logged in as "hemphillw" on Wednesday, September 3, 2014, at 7:30:03 PM. The "Transfers" section contains a table with the following data:

Description	Local File Name
Upload (Inbound from users)	source.app.func.date.time.env.in
Onboarding Push Verify	browse
Download (Outbound from CMS)	select a file to download
Test	browse

A "Choose file for" dialog box is open, showing the "Documents" folder. The file list includes:

- 3-18 phone
- Archive Emails
- Certs
- CMS Training
- Custom Office Templates
- CyberLink
- DELL NIC DRIVER
- EFT Documentation
- Email Scripts
- FORMS
- HP Connectivity TESTING
- LDAP Laptop
- Mind Set
- My LDAP D
- NEW SPOE
- OMesseng
- OneNote N
- personal

The "File Name" field contains "source.app.func.date.time.env.in" and "Files of Type" is set to "All Files". The "Open" and "Cancel" buttons are visible at the bottom of the dialog box.

Status message should display transfer complete

https://eft.feps.cms.gov/?view=view/filetransfer/thin/determineRestartMulti.jsp - File transfer - Windows Int...

File Transfer in Progress

	Direction	Bytes Transferred	Status	Local File Name
Done	Upload	28 of 28	Transfer Complete! AuditID=A90340038661	C:\Users\hemphillw\Documents\Test Files\TEST\TEST

Close

90%

This completes the file upload process

The following slides cover steps for downloading files

Select the Browse button beside Download

The screenshot shows the MFT Internet Transfer Client interface. At the top, there is a navigation bar with icons for Transfers, History, Keys, and Help. Below this is a status bar with a welcome message and a Logout button. The main content area is titled "Transfers" and includes a Refresh button. Two instructions are provided: one with a red folder icon stating that directories/files need to be selected before transfer, and another with a green folder icon stating that all files will be downloaded by default. A table with two columns, "Description" and "Local File Name", contains two rows: "Upload (Inbound from users)" with the file name "source.app.func.date.time.env.in" and an orange "Upload" button; and "Download (Outbound from CMS)" with the text "select a file to download" and a green "Download" button. Both rows have a "Browse" button next to the file name field. An "Execute All Transfers" button is located at the bottom right of the table area. The TIBCO logo and copyright information are visible at the bottom of the page.

- In left column, select download location by checking the corresponding box (Click key icon to expand/collapse folders)
- In right column, select the files to download by checking the corresponding box
- Select OK

Select Allow if security prompt is displayed

The number of files selected should now appear in the download “Local File Name” field
Click Download button

The screenshot displays the MFT Internet Transfer Client interface. The top navigation bar includes the MFT logo and menu items: Transfers, History, Keys, and Help. A status bar below the navigation shows the user's name (TMKLDAP-FEP0057), the date and time (Thursday, September 4, 2014 7:31:11 AM), and a Logout button. The main content area is titled "Transfers" and features a Refresh button. Two informational messages are present: a red flag icon indicating that directories/files need to be selected before transfer completion, and a green flag icon indicating that all files will be downloaded by default. Below these messages is a table with two rows: "Upload (Inbound from users)" and "Download (Outbound from CMS)". The "Download" row shows "1 files selected" in the "Local File Name" field. At the bottom of the interface, the TIBCO logo, copyright information (© 2003-2014 TIBCO Software Inc. All rights reserved.), and a link to the "View License Agreement" are visible.

Description	Local File Name	
Upload (Inbound from users)	source.app.func.date.time.env.in	<input type="button" value="Browse"/> <input type="button" value="Upload"/>
Download (Outbound from CMS)	1 files selected	<input type="button" value="Browse"/> <input type="button" value="Download"/>

Status should display “Transfer Complete”

The screenshot shows a Windows Internet Explorer browser window titled "File transfer in progress...". The address bar displays the URL: <https://eft.feps.cms.gov/cfcc/control?view=view/filetransfer/thin/determineRestartMulti.jsp>. The main content area features a blue header with the text "File Transfer in Progress" and a double-headed arrow icon. Below the header is a table with the following columns: "Direction", "Bytes Transferred", "Status", and "Loc".

	Direction	Bytes Transferred	Status	Loc
Done	Download	6,947 of 6,947	Transfer Complete! AuditID=A90440004025	C:\Users\hemphillw\Desktop\451

Below the table, there is a "Close" button. At the bottom right of the browser window, the zoom level is set to 90%.

This completes the file download process.
