⁵ The term “single risk pool coverage” is used to describe non-grandfathered health insurance coverage in the individual or small group (or merged) market that is subject to the single risk pool provisions at 45 CFR 156.80 and required to submit rate information using the Unified Rate Review Template.

⁶ CMS proposed providing states with Effective Rate Review Programs additional flexibility for rate filings that only contain non-QHPs in the Patient Protection and Affordable Care Act; HHS Notice of Benefit and Payment Parameters for 2019; Proposed Rule, 82 FR 51052 at 51080 (November 2, 2017). If finalized as proposed, these states would be permitted to establish different submission deadlines for non-QHP only rate filings as long as the deadline is no later than July 25, 2018.

⁷ CMS will post rate filing information for all single risk pool coverage proposed rate increases (not just those subject to review). CMS will not post information that is a trade secret or confidential commercial or financial information as defined in HHS's Freedom of Information Act regulations at 45 CFR 5.31(d).

⁸ There are three final submission statuses in HIOS. All submissions that do not have any rate increases subject to review must be in a state of “Rate Filing Accepted.” For submissions with rate increases that are subject to review, the submission must be in a status of “Review Complete” if the rate increase received a determination of “not unreasonable” or in a status of “Final Justification Submitted” if the rate increase received a determination of “unreasonable”, and the issuer has submitted the final justification.

⁹ Filings that include QHPs must be in final status by 3:00 p.m. EDT.

¹⁰ Filings that include non-QHPs only must be in final status by 3:00 p.m. EDT.

¹¹ CMS will post rate change information for all single risk pool coverage final rates. CMS will not post information that is trade secret or confidential commercial or financial information consistent with HHS's Freedom of Information Act regulations at 45 CFR 5.31(d).
