FRONT MATTER

TABLE OF CONTENTS	FM1
ABSTRACT	FM2
MITA AT A GLANCE.....	FM3
Introduction	4
Front Matter	5
Part I Business Architecture.....	6
Part II Information Architecture	9
Part III Technical Architecture	11
State Self-Assessment.....	13
ACRONYMS AND TERMS.....	FM4
OVERVIEW OF THE MITA INITIATIVE	FM5
Introduction	4
Medicaid Enterprise	4
MITA Explained.....	7
Medicaid Enterprise Mission and Goals	8
MITA Mission, Goals, and Objectives	9
Federal Initiatives, Programs, and Legislation.....	10
Guiding Principles.....	10
Key Technical Architecture Features.....	13
Challenges MITA Addresses	16
Benefits to Stakeholders	17
Using MITA	19
Evolution of the MITA Initiative	21
INTRODUCTION TO THE MITA FRAMEWORK	FM6
Introduction	3
MITA Framework	7
MITA Framework Components.....	8
Architectural Components Relationships	16
Reading the MITA Framework	19

PART I — BUSINESS ARCHITECTURE

BUSINESS ARCHITECTURE PREFACE.....	PR
 BUSINESS ARCHITECTURE INTRODUCTION.....	 CH1
Introduction	3
BA Seven Standards and Conditions.....	6
Business Architecture Components.....	7
Business Architecture Component Relationships.....	14
Connection Between Architectures	15
Using the Business Architecture	17
Next Steps in Developing the Business Architecture.....	18
 CONCEPT OF OPERATIONS	 CH2
Introduction	3
Concept of Operations.....	3
Concept of Operations within the MITA Framework.....	4
Medicaid and MITA Visions	5
Stakeholder Roles Transformed.....	11
Information and Communications Transformed	14
Primary Enablers of the Transformation	18
State Medicaid Agency Operations Evolve	22
Using the COO	27
 MATURITY MODEL.....	 CH3
Introduction	3
Maturity Model Explained	4
MITA Maturity Model Explained.....	5
MMM Levels of Maturity Defined	6
Using the MMM in the MITA Framework	15
 BUSINESS PROCESS MODEL	 CH4
Introduction	3
Business Process Model	3
MITA Business Process Model.....	4
Medicaid Enterprise	5
MITA Business Process.....	18
Transformation of Business Processes	21
 BUSINESS CAPABILITY MATRIX.....	 CH5
Introduction	3
Business Capability	4
Business Capability Matrix.....	11

Performance Monitoring	12
Business Capability Matrix Evolution	14
Business Capability Matrix and State Self-Assessment.....	15

APPENDIX A — CONCEPT OF OPERATIONS DETAILS	A
APPENDIX B — MATURITY MODEL DETAILS	B
APPENDIX C — BUSINESS PROCESS MODEL DETAILS	C
APPENDIX D — BUSINESS CAPABILITY MATRIX DETAILS.....	D
APPENDIX E — CROSSWALK DETAILS	E

PART II — INFORMATION ARCHITECTURE

INFORMATION ARCHITECTURE PREFACE	PR
--	----

INFORMATION ARCHITECTURE INTRODUCTION.....	CH1
Introduction	3
Information Architecture Seven Standards and Conditions	6
Information Architecture Components	8
Connection Between Architectures	14
Information Architecture Development Process.....	15
Using the Information Architecture.....	16
Next Steps in Developing the Information Architecture	18

DATA MANAGEMENT STRATEGY	CH2
Introduction	3
Data Management Strategy.....	4
Components of the DMS	6
Using the DMS	8

CONCEPTUAL DATA MODEL	CH3
Introduction	3
Conceptual Data Model.....	4
Components of the Conceptual Data Model.....	8
Developing the Conceptual Data Model.....	8
Using the Conceptual Data Model.....	8

LOGICAL DATA MODEL	CH4
Introduction	3
Logical Data Model.....	4
Components of the Logical Data Model.....	6
Developing the Logical Data Model	9
Using the Logical Data Model.....	9

DATA STANDARDS.....	CH5
Introduction	3
Data Standards	4
Benefits of Using Data Standards	5
Scope of Data Standards	6
Developing Data Standards	6
Business Scenarios Showing the Use of Standards	7
Model-Based Standards.....	10
Health SDOs and Standards	11
Using Data Standards	27

INFORMATION CAPABILITY MATRIX.....	CH6
Introduction	3
Information Capability Matrix	4
Evolution of the Information Capability Matrix.....	9
Using the Information Capability Matrix	9

PART III — TECHNICAL ARCHITECTURE

TECHNICAL ARCHITECTURE PREFACE	PR
---	-----------

TECHNICAL ARCHITECTURE INTRODUCTION	CH1
Introduction	3
Technical Architecture Seven Standards and Conditions	7
Technical Architecture.....	8
Technical Architecture Components	8
Architecture Dependencies	11
Technical Architecture Development.....	11
Technical Architecture Benefits	15
Using Technical Architecture	15
Next Steps in Developing the Technical Architecture	15

TECHNICAL MANAGEMENT STRATEGY	CH2
Introduction	3
Transformation Challenges	4
MITA TA Principles, Goals, and Objectives	6
TMS Approach and Transition Planning	10
Transition to State Medicaid Enterprise	12
Benefits of TMS	28
TMS Components	29
Using the MITA TMS.....	31

BUSINESS SERVICES.....	CH3
Introduction	3
Business Service Overview	4
Business Service Details	6
Business Service Parts	8
Business Service Development.....	10
Business Service Solution Sets	13
Business Service Flow.....	14
Using TA Business Services	14
 TECHNICAL SERVICES	 CH4
Introduction	3
Technical Service Overview	4
Technical Service Areas	5
Technical Service Parts	9
Technical Service Development.....	11
Technical Service Solution Sets.....	13
Technical Services Flow	13
Benefits of Technical Services	16
Using Technical Services	17
 APPLICATION ARCHITECTURE.....	 CH5
Introduction	4
Application Design Principles and Patterns.....	5
Application Architecture	6
Application Architecture Key Components	10
Security and Privacy	28
Services and Infrastructure Interaction	46
 TECHNOLOGY STANDARDS	 CH6
Introduction	3
Technology Standards Reference Model.....	4
Technology Standards Reference Guide.....	12
Using Technology Standards	27
 TECHNICAL CAPABILITY MATRIX	 CH7
Introduction	3
Technical Capability Matrix	4
Performance Monitoring	15
Evolution of the Technical Capability Matrix.....	17
Using the Technical Capability Matrix	17

SS-A – STATE SELF-ASSESSMENT

SS-A COMPANION GUIDE

Introduction	4
Conducting the SS-A.....	6
State Guidance	48
Scorecard Templates	79
