SUBJECT: Release of Contract Year 2022 Plan Correction Module

The Centers for Medicare & Medicaid Services (CMS) announces the release of the Health Plan Management System (HPMS) Plan Correction Module. This module allows organizations and sponsors to submit plan corrections for contract year (CY) 2022 Medicare Advantage and Prescription Drug Plan Benefit Packages (PBP). Please note that only contracts approved by CMS appear in the Plan Correction Module and are available for correction.

Please use the Bid Status History Report, which can be found using the following navigation path: HPMS Homepage > Plan Bids > Bid Reports > CY 2022 > Bid Status History Report, to review the status of your contract.

The Plan Correction Module opens on September 3, 2021 at 12:00 a.m. EDT and closes September 23, 2021 at 11:59 p.m. EDT. Only changes to the PBP that are supported by the Bid Pricing Tool (BPT) may be requested during the plan correction period. To access the module, users should follow this navigation path: HPMS Homepage > Plan Bids > Plan Corrections > Contract Year 2022.

As with past years, organizations that submit plan corrections may be subject to compliance action and may be suppressed in Medicare Plan Finder until the issue(s) is corrected.

Please see the contact list below for questions regarding the plan correction process.
