Important Note:

Instructions provided in this guidance apply to Medicare Prescription Drug Plans (PDPs). Guidance for eligibility, enrollment and disenrollment procedures for Medicare Advantage (MA) plans, including MA-PD plans, is provided in Chapter 2 of the Medicare Managed Care Manual.

10 - Eligibility and Enrollment in a Part D Plan

In general, an individual is eligible to enroll in a Medicare prescription drug plan (PDP) if:

1. The individual is entitled to Medicare Part A and/or enrolled in Part B, provided that he/she will be entitled to receive services under Medicare Part A and/or Part B as of the effective date of coverage under the plan; and
2. The individual permanently resides in the service area of a PDP.

An individual who is living abroad or is incarcerated is not eligible for Part D as he or she cannot meet the requirement of permanently residing in the service area of a Part D plan.

For individuals whose Medicare entitlement determination is made retroactively, Part D eligibility begins with the month the individual receives the notice of the Medicare entitlement determination. In this case, the individual has not been provided the opportunity to enroll in a PDP during his/her Initial Enrollment Period for Part D, and will therefore be allowed to prospectively enroll in a PDP (refer to § 20.3.8, item #6 for more information).

Individuals may enroll in a PDP during an enrollment period, as described in §20. A PDP sponsor can not deny a valid enrollment request from any Part D eligible individual residing in its service area, except as provided in this guidance. Individuals enrolling in a Medicare Advantage Prescription Drug (MA-PD) plan are subject to the procedures provided in the Medicare Managed Care Manual, Chapter 2.

Individuals enrolling in a Part D plan that is offered as an optional supplemental benefit in a Cost-based HMO/CMP plan may do so according to the requirements for enrollment in a PDP contained in this guidance. Such an individual must be a member of the cost plan at the time of the effective date of enrollment in the cost plan's optional supplemental Part D benefit.

A PDP sponsor may not deny enrollment to otherwise eligible individuals covered under an employee benefit plan. If the individual enrolls in a PDP and continues to be enrolled

in his/her employers or spouse's health benefits plan, then coordination of benefits (COB) rules will apply.

A Part D eligible individual may not be enrolled in more than one Part D plan at the same time. A Part D eligible individual may not be simultaneously enrolled in a PDP and a Medicare Advantage (MA) plan except for a MA Private Fee-For-Service (PFFS) plan that does not offer the Part D benefit or a Medicare Medical Savings Account (MSA).

10.1 - Entitlement to Medicare Parts A and/or B

To be eligible for Part D and to enroll in a PDP, an individual must be entitled to Medicare Part A or enrolled in Part B, and must be entitled to Medicare Part A or Part B benefits as of the effective date of coverage under the PDP.

While desirable, it is not necessary for an individual to prove Medicare Part A entitlement or Part B enrollment at the time he/she completes the enrollment request. The PDP sponsor may not deny the enrollment if the individual does not have the evidence, such as a Medicare ID card, when filling out an enrollment form or does not include it with the enrollment request when he/she mails it to the sponsor. However, the organization must consider the enrollment request to be incomplete until it can verify such entitlement or enrollment. [§30.2](#) provides more information on the steps the organization can take to verify Medicare coverage.

10.2 - Place of Permanent Residence

An individual is eligible for Part D and able to enroll in a PDP if he/she permanently resides in the service area (region) of the PDP. A temporary stay in the PDP's service area does not enable the individual to enroll.

A permanent residence is normally the primary residence of an individual. Generally, permanent residence is established by the address provided by the individual, but a PDP sponsor- may request additional information such as voter's registration records, driver's license records (where such records accurately establish current residence), tax records, or utility bills if there is a question. Such records must establish the permanent residence address, and not the mailing address, of the individual. If an individual puts a Post Office Box as his/her place of residence on the enrollment request, the PDP sponsor must contact the individual to determine the place of permanent residence, unless the person is homeless (see below). If there is a dispute over where the individual permanently resides, the PDP sponsor should determine whether, according to the law of the State, the person would be considered a resident of that State.

In the case of homeless individuals, a Post Office Box, an address of a shelter or clinic, or the address where the individual receives mail (e.g., social security checks) may be considered the place of permanent residence.

10.3 - Completion of Enrollment Request

Unless otherwise specified by CMS, an eligible individual enrolls in a PDP by completing and submitting an enrollment request to the PDP organization, providing all of the required information to complete enrollment within required time frames. Enrollment request formats include paper enrollment forms and other mechanisms approved by CMS and offered by the PDP organization. The model enrollment form is provided in **Exhibit 1**.

Except as permitted by CMS for individuals enrolling in a PDP by other means, a PDP sponsor must deny enrollment to any individual who does not properly complete an enrollment request mechanism within required time frames. Procedures for completing enrollment requests are provided in §30.2.

10.4 – Other Coverage Through an Employer Group/Union

CMS systems will compare Part D enrollment transactions to information regarding the existence of Employer or Union coverage for which the beneficiary is also being claimed for the employer subsidy. If there is a match indicating that the individual may have such other coverage, the enrollment will be conditionally rejected by CMS systems.

The PDP sponsor must contact the individual to confirm the individual's intent to enroll in Part D (see **Exhibit 5**), and that the individual understands the implications of enrollment in a Part D plan on his or her employer/union coverage. The individual will have 30 calendar days from the date he or she is contacted or notified to respond. The PDP sponsor must document this contact and retain it with the record of the individual's enrollment request. If the individual indicates that s/he is fully aware of any consequence to his/her employer/union coverage brought about by enrolling in the Part D Plan, and confirms s/he still wants to enroll, the PDP sponsor must update the transaction with the appropriate "flag" (detailed instructions for this activity are included with CMS systems guidance) and re-submit it for enrollment. The effective date of enrollment will be based upon the beneficiary's initial enrollment request. This effective date may be retroactive in the event that the confirmation step occurs after the effective date.

If the individual does not respond in 30 days, the enrollment must be denied because the individual failed to provide the additional information requested. A denial notice must be provided (see exhibit 6).

20 – Enrollment and Disenrollment Periods and Effective Dates

In order for a PDP sponsor to accept an enrollment or disenrollment request, a valid request must be made during an available enrollment period. There are 3 periods in which an individual may enroll in and/or disenroll from a PDP:

- The Initial Enrollment Period for Part D (IEP for Part D);

- The Annual Coordinated Election Period (AEP);
- All Special Enrollment Periods (SEP).

During the AEP and SEP, individuals may enroll in and disenroll from a PDP plan, or choose another PDP plan. Individuals may enroll in a PDP during the IEP for Part D. Each individual has one election per enrollment period; once an enrollment or disenrollment becomes effective, the election has been used.

All PDP sponsors must accept enrollments into their PDP plans during the AEP, an IEP for Part D, and an SEP. From November 15, 2005 through May 15, 2006, the first election used by an individual to enroll in a Part D plan is the IEP for Part D. The AEP opportunity to make a change remains available until it is used, or May 15, 2006, whichever occurs first. SEPs apply to individuals as described in §20.3 of this guidance.

Example: Mr. James enrolls in Acme drug plan, a PDP, in December 2005 for a January 1, 2006 effective date. On January 1, 2006, his enrollment becomes effective and he has used his IEP for Part D. In March 2006, Mr. James decides he would like to enroll in Basix Medicare Advantage plan that offers Medicare prescription drug coverage (an MA-PD). Using his AEP election, he submits an election into the Basix MA-PD plan in March for an April 1, 2006 effective date. On April 1st, he is enrolled in Basix, and has used his AEP election.

PDP enrollment periods coordinate with similar periods in Medicare Advantage (MA) to accommodate enrollment in MA plans with a Part D benefit (MA-PD plans).

The last enrollment or disenrollment choice made during an enrollment period, determined by the date a request was received by the PDP sponsor, will be the choice that becomes effective. As outlined in CMS' systems guidance for PDP sponsors (and MA organizations), the enrollment transaction will include this information (the "application date"). If multiple transactions are submitted during the period, the transaction with the latest application date prevails. Therefore, while an individual could submit more than one application, only one enrollment request will take effect.

20.1 – Initial Enrollment Period for Part D (IEP for Part D)

At the beginning of the Part D program, there is an IEP for Part D for all current Medicare beneficiaries and individuals who will become eligible for Medicare in January 2006 that begins on November 15, 2005 and extends through May 15, 2006.

Individuals who become eligible for Medicare on or after February 1, 2006 will have an Initial Enrollment Period for Part D that is the 7 month period surrounding Medicare eligibility (same as the IEP for Part B).

The IEP for Part B is the 7-month period that begins 3 months before the month an individual meets the eligibility requirements for Part B and ends 3 months after the month of eligibility. See 42 CFR §407.14.

Example:

Mrs. Smith's 65th birthday is April 20, 2006. She is eligible for Medicare Part A and her Part B initial enrollment period begins on January 1, 2006. Therefore, her IEP for Part D begins on January 1, 2006 and ends on July 31, 2006.

Once an individual's uses his/her IEP for Part D enrollment and this enrollment becomes effective, this enrollment period ends. Refer to the table in §20.4 of this guidance for effective date information.

20.2 – Annual Coordinated Election Period (AEP)

The AEP occurs November 15 through December 31 of every year.

Special Note for 2006: The AEP begins on November 15, 2005 and continues through May 15, 2006.

There is one AEP enrollment/disenrollment choice available for use during this period. Once the enrollment/disenrollment is effective, the individual has exhausted this choice.

Refer to §20.4 and 20.5 for effective date information.

20.3 - Special Enrollment Periods - (SEP)

During an SEP, an individual may discontinue enrollment in a PDP offered by a PDP sponsor or change to a different Part D plan. If the individual disenrolls from (or is disenrolled from) the PDP, the individual may subsequently enroll in a new Part D plan within the SEP time period. Once the individual has enrolled in a new Part D plan, the SEP ends for that individual even if the time frame for the SEP is still in effect. In other words, **the SEP ends when the individual enrolls in a new Part D plan or when the SEP time frame ends, whichever comes first, unless specified otherwise for an SEP.**

Please note that the time frame of an SEP denotes the time frame during which an individual may make an enrollment or disenrollment request. It does not necessarily correspond to the effective date of the actual enrollment or disenrollment. For example, if an SEP exists for an individual from May through July, then a PDP sponsor must receive an enrollment or disenrollment request from that individual some time between May 1 and July 31 in order to consider the request to have been made during the SEP. However, the type of SEP will dictate the effective date of coverage, and that effective date of coverage can occur after July 31. The following discussion of SEPs and their corresponding effective dates will demonstrate this concept more fully.

20.3.1 - SEPs for Changes in Residence

An SEP exists for individuals who are no longer eligible to be enrolled in the PDP due to a change in permanent residence outside of the PDP's service area. The SEP is associated with the actual date of the permanent move. It is the individual's responsibility to notify the PDP that he/she is permanently moving.

If the individual notifies the plan of a permanent move, the SEP begins the month prior to the month of the individual's permanent move and continues during the month of the move and up to two months after the move. If the beneficiary notifies the PDP sponsor more than two months after the permanent move, the individual is no longer eligible for an SEP.

If the plan learns from CMS or U.S. Post Office (as described in §40.2.1) that the individual has been out of the service area for over six months and the plan has not been able to confirm otherwise with the individual, the SEP will begin at the beginning of the sixth month and continues through to the end of the eighth month.

For enrollments associated with permanent moves, the effective date is associated with the date the PDP sponsor receives the completed enrollment request. The individual may choose an effective date of up to three months after the month in which the PDP sponsor receives the enrollment request. However, the effective date may not be earlier than the date the individual moves to the new service area and the PDP sponsor receives the completed enrollment request.

EXAMPLE

A beneficiary is a member of a PDP plan in Florida and intends to move to Arizona on June 18. An SEP exists for this beneficiary from May 1 through August 31.

- A. If a PDP sponsor in Arizona receives a completed enrollment form from the beneficiary in May, the beneficiary can choose an effective date of July 1, August 1, or September 1.
- B. If the PDP sponsor receives the completed enrollment form from the beneficiary in June (the month of the move) the beneficiary can choose an effective date of July 1, August 1, or September 1.
- C. If the PDP sponsor receives the completed enrollment form in July, the beneficiary can choose an effective date of August 1, September 1, or October 1.

At the time the individual enrolls in a PDP, the individual must provide the specific address where s/he will permanently reside upon moving into the service area, so that the PDP sponsor can determine that the individual meets the residency requirements for

enrollment in the plan. Please keep in mind that an enrollee of a PDP who moves permanently out of the service area must be disenrolled from the plan.

20.3.2 - SEP for Dual-eligible Individuals or Individuals Who Lose Their Dual-eligibility

There is an SEP for individuals who are entitled to Medicare Part A and/or Part B and receive any type of assistance from the Title XIX (Medicaid) program. This SEP begins the month the individual becomes dually-eligible and exists as long as s/he receives Medicaid benefits. The effective date of the individual's enrollment in their new plan is dependent upon when the beneficiary loses eligibility and enrolls in another plan.

In addition, PDP eligible individuals have a 3-month period after the date they are no longer eligible for benefits under Title XIX benefits to make an enrollment choice in another PDP.

20.3.3 - SEPs for Contract Violation

In the event an individual is able to demonstrate to CMS that the PDP sponsor offering the PDP of which he/she is a member substantially violated a material provision of its contract under Part D in relation to the individual by, but not limited to:

- failure to provide the individual on a timely basis benefits available under the plan;
- failure to provide benefits in accordance with applicable quality standards; or
- the PDP sponsor (or its agent) materially misrepresented the PDP when marketing the PDP,

the individual may disenroll from the PDP and enroll in another Part D plan. The SEP will begin once CMS determines that a violation has occurred. Its length will depend on whether the individual immediately enrolls in a new Part D plan upon disenrollment from the original PDP.

We note that in some case-specific situations, CMS may process a retroactive disenrollment for these types of disenrollments. If the disenrollment is not retroactive, an SEP exists such that an individual may elect another Part D plan during the last month of enrollment in the PDP sponsor, for an effective date of the month after the month the new PDP sponsor receives the completed enrollment request.

EXAMPLE

On January 16, CMS determines, based on a member's allegations, that the PDP sponsor substantially violated a material provision of its contract. As a result, the member will be disenrolled from the PDP on January 31. An SEP exists for this beneficiary beginning January 16 and lasting until the end of January. The beneficiary promptly applies for a new Part D plan, and the new PDP sponsor receives a completed enrollment request on January 28 for a February 1 effective date.

If the individual in the above example did not enroll in another PDP on January 28th, s/he would have an additional 90 calendar days from the effective date of the disenrollment from the first PDP to elect another PDP. The individual may choose an effective date of enrollment in a new PDP beginning any of the three months after the month in which the PDP sponsor receives the completed enrollment request. However, the effective date may not be earlier than the date the PDP sponsor receives the completed enrollment request.

EXAMPLE

On January 16, CMS determines, based on a member's allegations that the PDP sponsor substantially violated a material provision of its contract. As a result, the member disenrolls from the PDP on January 31. A 90-day SEP continues to exist for the beneficiary from February 1 through April 30. In this example, a new PDP sponsor then receives a completed enrollment request from the individual on April 15. The beneficiary may choose an effective date of May 1, June 1, or July 1.

If the disenrollment is retroactive, the Regional Office (RO) that grants the retroactive disenrollment will provide the beneficiary with the time frame for his/her SEP to enroll in another Part D plan. However, the individual may not choose an effective date of enrollment in a new Part D plan of more than three months after the month the new PDP sponsor receives the completed enrollment request, nor an effective date earlier than the date the new PDP sponsor receives the completed enrollment request.

20.3.4 - SEPs for Non-renewals or Terminations

In general, SEPs are established to allow members affected by PDP non-renewals or terminations ample time to make a choice of another PDP. Effective dates during these SEPs are described below. CMS has the discretion to modify this SEP as necessary for any non-renewal or termination when the circumstances are unique and warrant a need for a modified SEP.

In particular:

- **Contract Non-renewals** - An SEP exists for members of a PDP that will be affected by a contract non-renewal that is effective January 1 of the contract year (see 42 CFR §423.507 for requirements for contract non-renewals). For this type

of non-renewal, PDP sponsors are required to give notice to affected members at least 90 calendar days prior to the date of non-renewal (42 CFR §423.507(a)(2)(ii)). To coordinate with the notification time frames, the SEP begins October 1 and ends on December 31 of that year.

During this SEP, a beneficiary may choose an effective date of November 1, December 1, or January 1; however, the effective date may not be earlier than the date the new PDP sponsor receives the completed enrollment request.

- **PDP Sponsor Termination of Contract and Terminations/Contract Modifications by Mutual Consent** - An SEP exists for members of a PDP who will be affected by a termination of contract by the PDP sponsor or a modification or termination of the contract by mutual consent (see 42 CFR §423.508 for contract requirements regarding terminations). For this type of termination or modification, PDP sponsors are required to give notice to affected members at least 60 calendar days prior to the proposed date of termination or modification. To coordinate with the notification time frames, the SEP begins two months before the proposed termination effective date, and ends one month after the month in which the termination occurs.

Please note that if an individual does not enroll in another PDP before the termination effective date, he/she will be disenrolled on the effective date of the termination. However, the SEP will still be in effect for one month after the effective date of the termination should the individual wish to subsequently enroll in a PDP (for a prospective, not retroactive, effective date).

Beneficiaries affected by these types of terminations may request an effective date of the month after notice is given, or up to two months after the effective date of the termination. However, the effective date may not be earlier than the date the new PDP sponsor receives a completed enrollment request.

EXAMPLE

If a PDP sponsor contract terminates for cause on April 30, an SEP lasts from March 1 through May 31. In this scenario, a beneficiary could choose an effective date of April 1, May 1, or June 1 in a new PDP; however, the effective date may not be earlier than the date the new PDP sponsor receives the completed enrollment request.

- **CMS Termination of PDP Sponsor Contract** - An SEP exists for members of a PDP that will be affected by PDP sponsor contract terminations by CMS (see 42 CFR §423.509 for contract requirements on terminations). For this type of termination, PDP sponsors are required to give notice to affected members at least 30 calendar days prior to the effective date of the termination (see 42 CFR §423.509(b)(1)(ii)). To coordinate with the notification time frames, the SEP

begins 1 month before the termination effective date and ends 2 months after the effective date of the termination.

Please note that if an individual does not enroll in a new PDP before the termination effective date, he/she will be disenrolled on the effective date of the termination. However, the SEP will still be in effect for two months after the effective date of the termination should the individual wish to subsequently enroll in another PDP (for a prospective, not retroactive, effective date).

Beneficiaries affected by these types of terminations may choose an effective date of up to three months after the month of termination. However, the effective date may not be earlier than the date the new PDP sponsor receives a completed enrollment request.

EXAMPLE

If CMS terminates a PDP sponsor contract effective June 30, an SEP lasts from June 1 through August 31. In this scenario, a beneficiary could choose an effective date of July 1, August 1, or September 1; however, the effective date may not be earlier than the date the new PDP sponsor receives the completed enrollment request.

- **Immediate Terminations By CMS** - CMS will establish the SEP during the termination process for immediate terminations by CMS (see 42 CFR §423.509(b) (2) for immediate termination requirements), where CMS provides notice of termination to the PDP enrollees and the termination may be mid-month.

20.3.5 - SEP for Involuntary Loss of Creditable Prescription Drug Coverage

This SEP applies to individuals who involuntarily lose creditable prescription drug coverage, including a reduction in the level of coverage so that it is no longer creditable, not including any such loss or reduction due to the individual's failure to pay premiums. The SEP permits enrollment in a PDP and begins with the month in which the individual is advised of the loss of creditable coverage and ends 60 days after either the loss (or reduction) occurs or the individual received the notice, whichever is later.

20.3.6 - SEP for Individuals Not Adequately Informed about Creditable Prescription Drug Coverage

This SEP applies to individuals who were not adequately informed of the creditable status of drug coverage provided by an entity required to give such notice, or a loss of creditable coverage. This SEP permits one enrollment in a PDP on a case-by-case-basis. Following CMS approval of this SEP, it will remain available for 90 days following notification to the individual.

20.3.7 - SEP for Enrollment/Non-enrollment in Part D due to an Error by a Federal Employee

An individual whose enrollment or non-enrollment in Part D is erroneous due to an action, inaction or error by a Federal Employee is provided an SEP. This SEP permits enrollment in or disenrollment from a PDP on a case-by-case-basis. Following CMS approval of this SEP, it will remain available for 90 days following notification to the individual.

20.3.8 - SEPs for Exceptional Conditions

CMS has the legal authority to establish SEPs when an individual meets exceptional conditions specified by CMS. Currently CMS has established the following SEPs for exceptional conditions:

1. SEP EGHP (Employer Group Health Plan)- An SEP exists for individuals enrolling in employer group/union-sponsored Part D plans, for individuals to disenroll from a Part D plan to take employer/union-sponsored coverage of any kind, and for individuals disenrolling from employer/union-sponsored coverage to enroll in a Part D plan. The SEP EGHP may be used when the EGHP would otherwise allow the individual to make changes to their EGHP plan choice.

The individual may choose the effective date of enrollment or disenrollment, up to 3 months after the month in which the request is made. However, the effective date may not be earlier than the date the EGHP (or PDP sponsor, as appropriate) received the completed enrollment or disenrollment request.

NOTE: “EGHP” refers to employer group/union direct contract PDP sponsors and MA Organizations and PDP sponsors that offer employer group/union-only plans, unless specifically noted otherwise.

If necessary, the PDP sponsor may process the enrollment with a retroactive effective date, as outlined in [§50.5](#). Keep in mind that all PDP eligible individuals, including those in EGHPs, may enroll in a PDP during the IEP for Part D, AEP and during any other SEP. The SEP EGHP does not eliminate the right of these individuals to enroll or disenroll during these time frames.

2. SEP for Individuals Who Disenroll in Connection with a CMS Sanction - On a case-by-case basis, CMS will establish an SEP if CMS sanctions a PDP sponsor, and an enrollee disenrolls in connection with the matter that gave rise to that sanction. The start/length of the SEP, as well as the effective date, is dependent upon the situation.

3. SEP for Individuals Enrolled in Cost Plans that are Non-renewing their Contracts
An SEP will be available to enrollees of HMOs or CMPs that are not renewing their

§1876 cost contracts for the area in which the enrollee lives if the individual is also enrolled in a Part D benefit through that Cost Plan.

This SEP is available only to Medicare beneficiaries who are enrolled in the Part D benefit through an HMO or CMP under a §1876 cost contract that will no longer be offered in the area in which the beneficiary resides. Beneficiaries electing to enroll in a PDP via this SEP must meet PDP eligibility requirements.

This SEP begins 90 calendar days prior to the end of the contract year (i.e., October 1) and ends on December 31 of the same year.

During this SEP, a beneficiary may choose an effective date of November 1, December 1, or January 1; however, the effective date may not be earlier than the date the new PDP sponsor receives the completed enrollment.

4. SEP for Individuals in the Program of All-inclusive Care for the Elderly (PACE) - Individuals may disenroll from a PDP at any time in order to enroll in PACE, including the PACE Part D benefit. In addition, individuals who disenroll from PACE have an SEP for up to 2 months after the effective date of PACE disenrollment to enroll in a PDP plan. The effective date would be dependent upon the situation.

5. SEP for Institutionalized Individuals – An SEP will be provided to an individual who moves into, resides in, or moves out of a:

- Skilled nursing facility (SNF) as defined in §1819 of the Act (Medicare);
- Nursing facility (NF) as defined in §1919 of the Act (Medicaid);
- Intermediate care facility for the mentally retarded (ICF/MR) as defined in §1905(d) of the Act;
- Psychiatric hospital or unit as defined in §1886(d)(1)(B) of the Act;
- Rehabilitation hospital or unit as defined in §1886(d)(1)(B) of the Act;
- Long-term care hospital as defined in §1886(d)(1)(B) of the Act; or
- Hospital that has an agreement under §1883 of the Act (a swing-bed hospital).

In addition, for individuals who move out of one of the facilities listed above, the individual will have an SEP for up to 2 months after he/she moves out of the facility. The effective date is the first of the month following the month in which the enrollment/disenrollment request is received, but not prior to the month residency begins.

6. SEP for Individuals Whose Medicare Entitlement Determination is Made Retroactively - If a Medicare entitlement determination is made retroactively, an individual has not been provided the opportunity to enroll in a PDP during his/her IEP for Part D. Therefore, these individuals will be allowed to prospectively enroll in a PDP.

The SEP begins the month the individual receives the notice of the Medicare entitlement determination and continues for two additional months after the month the notice is provided. Enrollment in a PDP may only be made prospectively and the effective date is the first day of the month after the PDP sponsor receives a completed enrollment request.

7. SEP for Individuals Who Enroll in Part B during the Part B General Enrollment Period (GEP) – An SEP will be provided to individuals who are not eligible for premium free Part A and enroll in Part B during the General Enrollment Period for Part B (January – March) for an effective date of July 1st. The SEP will begin April 1st and end June 30th, with an effective date of July 1st.

8. SEP for Other LIS Eligible Individuals Who are Not Dual Eligible Individuals Whose Part D Enrollment is Facilitated – If CMS facilitates enrollment for Other LIS Eligible individuals (who are not dual eligible individuals) into a PDP plan, the individual has an SEP to change to a different PDP. The SEP begins with the effective date of the facilitated enrollment, and ends on December 31st of the same year.

9. MA coordinating SEPs – The following Part D SEPs are established to coordinate with election periods in the MA program. More information about MA election periods can be found in Chapter 2 of the Medicare Managed Care Manual.

A. SEP for MA-PD enrollee using the MA SEP65 - Beginning January 1, 2006, MA eligible individuals who elect an MA plan during the initial coverage election period (ICEP) surrounding their 65th birthday have an SEP called the “SEP65.” The SEP65 allows the individual to disenroll from the MA plan and elect the Original Medicare plan any time during the 12-month period that begins on the effective date of coverage in the MA plan. If the individual using the SEP65 is disenrolling from an MA-PD plan, he or she may use this Part D SEP to enroll in a PDP plan. This SEP must be used at the same time the SEP65 is used.

B. SEP for Individuals Who Dropped a Medigap Policy When They Enrolled For the First Time in an MA Plan, and Who Are Still in a “Trial Period” – Individuals who dropped a Medigap policy when they enrolled for the first time in an MA plan are provided a guaranteed right to purchase another Medigap policy if they disenroll from the MA plan while they are still in a “trial period.” In most cases, a trial period lasts for 12 months after a person enrolls in an MA plan for the first time. If the MA plan the individual is using this MA SEP to disenroll from is an MA-PD plan, there is a Part D SEP to permit a one time enrollment into a PDP. This SEP opportunity may only be used in relation to the MA SEP described here and must be used not later than 1 month following the effective date of disenrollment from the MA-PD plan.

C. SEP for an MA-PD enrollee using the MA Open Enrollment Period for Institutionalized Individuals (OEPI) to disenroll from an MA-PD plan. Beginning January 1, 2006, individuals that meet the definition of

“institutionalized” as it is provided in, and applies to, section 30.3.4 of Chapter 2 of the Medicare Managed Care Manual are eligible for the OEPI election period. An individual disenrolling from an MA-PD plan has an SEP to enroll in a PDP. This SEP begins with the month the individual requests disenrollment from the MA-PD plan and ends on the last day of the second month following the month MA-PD membership ended.

D. SEP for MA-PD enrollees using the MA OEP to disenroll to Original Medicare and a PDP.

Beginning January 1, 2006, individuals enrolled in MA-PD plans using the MA Open Enrollment Period (OEP) to disenroll from the MA-PD plan to Original Medicare for Part A and B benefits may only do so by enrolling in a PDP. This SEP permitting enrollment into a PDP is in effect for MA-PD enrollees during the OEP each year and is limited to 1 enrollment.

20.4 - Effective Date of Enrollment

With the exception of some SEPs and when enrollment periods overlap, generally beneficiaries may not request their effective date of enrollment in a PDP. Furthermore, except for EGHP elections, the effective date can never be prior to the receipt of a complete enrollment request by the PDP sponsor. An enrollment cannot be effective prior to the date the beneficiary (or their legal representative, if applicable) completed the enrollment request. This section includes procedures for handling situations when a beneficiary chooses an enrollment effective date that is not allowable based on the requirements outlined in this section.

To determine the proper effective date, the PDP sponsor must determine which enrollment period applies to each individual before the enrollment may be transmitted to CMS. This period may be determined by reviewing information such as the individual’s date of birth, Medicare card, a letter from SSA, and by the date the PDP sponsor receives the completed enrollment request.

Once the PDP sponsor identifies the enrollment period, the PDP sponsor must determine the effective date. In addition, PDP enrollments for EGHP sponsored PDP plans may be retroactive under certain circumstances (refer to [§50.5](#) for more information on EGHP retroactive effective dates).

Examples for determining the effective date:

- A. On August 18, 2007, Mrs. Jones submits an enrollment request to a PDP sponsor. Her enrollment form shows she became entitled to Medicare Parts A and B in March 2002. She has indicated on her enrollment form that she lives in a long-term care facility. What is her effective date?

Explanation: Since the date the request was received is August 18, 2007, this is not an AEP request. The entitlement date for Medicare Parts A and B shows that she is not in her IEP for Part D. That leaves only an SEP. Mrs. Jones indicated that she resides in a long-term care facility, so this enrollment request can be processed under the SEP for Institutionalized Individuals (see §20.3.8, item # 5). The effective date for this enrollment is September 1, 2007.

- B. Mr. Doe calls a PDP sponsor for information about Part D on October 3, 2006. The PDP representative discusses the PDP plans available and the enrollment requirements, including when an individual may enroll. Mr. Doe tells the representative that he is retiring and his employer coverage will end on October 31, 2006. He submits an enrollment request on October 24, 2006. His entitlement to Medicare Parts A and B is June 1, 1994. He indicates on the request that he does not reside in a long-term care facility.

Explanation: Since the date the request was received is October 24, 2006, this is not an AEP request. The entitlement date for Medicare Parts A and B shows he is not in his IEP for Part D. No other details on the request itself point to any specific enrollment period, however we know that he has retired and his employer sponsored commercial coverage is ending. The enrollment can be processed using the SEP EGHP (see §20.3.8, item # 1). Mr. Doe can choose an effective date of up to 3 months after the month in which the request is made. The PDP sponsor contacts Mr. Doe, confirms his retirement, explains the SEP EGHP and asks him about the effective date. Since his employer coverage is ending on October 31, 2006, he requests a November 1, 2006 effective date.

Effective dates for Enrollment Periods in 2005 – 2006:

Part D Enrollment Period	Effective Date (2005 – 6)
<p><u>Annual Coordinated Election Period (AEP):</u> For 2006, the AEP is from November 15, 2005 through May 15, 2006.</p> <p>For 2005, the last election (enrollment or disenrollment) made, determined by the date the election was received by the PDP sponsor (i.e. “application date”) will be the election that takes effect on January 1.</p> <p>For 2007 and thereafter, the AEP begins on November 15 and continues through December 31 of the previous calendar year.</p> <p>Individuals have one AEP enrollment to use – once this enrollment is effective, the AEP has been used.</p>	<p>January 1, 2006 for enrollment requests received before December 31, 2005.</p> <p>Enrollment requests made between January 1, 2006 and May 15, 2006, are effective on the 1st day of the month following the month the enrollment request was made.</p>

<p>Initial Enrollment Period for Part D (IEP for Part D): Is November 15, 2005 – May 15, 2006 for individuals that are currently Part D eligible and those who will become Part D eligible in November or December 2005 and January 2006</p> <p>For individuals that become Part D eligible after January 2006, generally the IEP for Part D is concurrent with the initial enrollment period for Part B.</p> <p>Individuals have one IEP for Part D enrollment to use – once this enrollment is effective, the IEP for Part D has been used.</p> <p>The Initial Enrollment Period for Part B begins 3 months prior to the month of Medicare eligibility, and ends on the last day of the third month following the month of Medicare eligibility.</p> <p>Example: Mrs. Jones is eligible for Medicare on July 1, 2006. Her Part B Initial Enrollment Period is April 1, 2006 through October 31, 2006. Therefore her IEP for Part D is also July 1, 2006 through October 31, 2006.</p>	<p>January 1, 2006 is the effective date for enrollment requests received before December 31, 2005.</p> <p>Enrollment requests made between January 1, 2006 and May 15, 2006, are effective on the 1st day of the month following the month the election was made.</p>
<p>Special Enrollment Periods (SEP): SEPs for PDP enrollment and disenrollment choices are described in section 20.3 of this guidance.</p>	<p>Enrollment requests made prior to the month of eligibility are effective the first day of the month of eligibility.</p> <p>Enrollment requests made during or after the first month of eligibility are effective the 1st of the month following the month the request was made.</p> <p>Effective dates are dependent upon the individual SEP and circumstances.</p>

It is possible for an individual to make an enrollment request when more than one enrollment and disenrollment period applies, and therefore it is possible that more than one effective date could apply. If an individual requests enrollment when more than one enrollment period applies, a PDP sponsor must allow the individual to choose the enrollment period (and therefore the effective date) in which he/she is enrolling (see exception in the next paragraph regarding the IEP for Part D).

If the individual’s IEP for Part D and another enrollment period overlap, the individual may not choose an effective date any earlier than the month of entitlement to Medicare Part A and/or enrollment in Part B.

EXAMPLE

- If an individual’s IEP for Part D starts in November, (i.e., he will be entitled to Medicare Part A and Part B in February) and a PDP sponsor receives a completed enrollment request from that individual during the AEP, then the individual may

NOT choose a January 1 effective date (for the AEP) and must instead be given a February 1 effective date (for the IEP for Part D) because January 1st is earlier than the month of entitlement to Medicare Part A and/or enrollment in Part B.

If an individual makes an enrollment request when more than one enrollment period applies but does not indicate or choose an effective date as above, then the PDP sponsor must attempt to contact the individual to determine the individual's preference. If unsuccessful, the PDP sponsor must use the following ranking of enrollment periods (1 = Highest, 3 = Lowest). The enrollment period with the highest rank determines the effective date in this situation.

Ranking of Enrollment Periods: (1 = Highest, 3 = Lowest)

1. IEP for Part D
2. SEP
3. AEP

20.5 - Effective Date of Voluntary Disenrollment

PDP enrollees may voluntarily disenroll from a PDP during the AEP and SEP as described in §§20.2 and 20.3 of this guidance. With the exception of some SEPs and when enrollment periods overlap, generally beneficiaries may not choose the effective date of disenrollment. This section includes procedures for handling situations when a beneficiary chooses a disenrollment effective date that is not allowable based on the requirements outlined in this section.

A PDP enrollee may disenroll through the PDP sponsor or 1-800-MEDICARE. If an enrollee enrolls in a new PDP, during an available enrollment period, while still enrolled in another PDP, he/she will automatically be disenrolled from the old PDP and enrolled in the new PDP by CMS systems with no duplication or delay in coverage. Further, individuals enrolled in any MA plan (except for an MA Private Fee-For-Service (PFFS) plan that does not offer a Part D benefit or a Medicare Medical Savings Account (MSA) plan) will be disenrolled from that MA plan upon successful enrollment in a PDP.

As with enrollments, it is possible for an individual to make a disenrollment request when more than one enrollment period applies. Therefore, in order to determine the proper effective date, the PDP sponsor must determine which enrollment and disenrollment period applies to the request to determine the effective date of disenrollment before the disenrollment transaction may be transmitted to CMS.

If a PDP sponsor receives a completed disenrollment request when more than one period applies, the PDP sponsor must allow the member to choose the effective date of disenrollment (from the possible dates, as provided by the enrollment/disenrollment

periods that overlap). If the member does not make a choice of effective date, then the PDP sponsor must give the effective date that results in the **earliest** disenrollment. The procedure for determining the enrollment/disenrollment period is the same as described in §20.4 of this guidance.

Effective dates for voluntary disenrollment are as follows. (Refer to §§40.2 and 40.3 for effective dates for involuntary disenrollment.)

Enrollment Period	Effective Date of Disenrollment*	Do PDP sponsors have to accept disenrollment requests in this enrollment period?
Annual Coordinated Election Period	January 1 of the following year.	Yes
Special Enrollment Period	Varies, as outlined in §20.3	Yes

***NOTE:** CMS Regional Offices may allow up to 90 days retroactive payment adjustments for EGHP sponsored PDP disenrollments. Refer to §50.5 for more information.

As stated previously, individuals generally cannot choose the effective date of disenrollment. The enrollment/disenrollment period during which the request is received dictates the effective date. If an individual requests a disenrollment date that is not permissible, the PDP sponsor should advise the individual and process the request according to the requirements in this guidance.

30 - Enrollment Procedures

A PDP sponsor must accept all enrollment requests it receives, regardless of whether they are received in a face-to-face interview, by mail, by facsimile, through CMS auto-enrollment or facilitated enrollment processes, or through other mechanisms defined by CMS (and offered by the PDP sponsor).

The individual (or his/her legal representative) must complete an enrollment request and include all the information required to process the enrollment, or an enrollment may be generated by other processes specified by CMS. PDP sponsors may accept faxed enrollment requests and need not obtain the original.

A PDP sponsor must provide each beneficiary with certain notices, as described within this section. CMS will provide weekly Transaction Reply Reports, or TRRs, (called the “mini-TRR”) as well as a monthly TRR. The PDP sponsor may choose to provide notices required in response to transaction replies received from CMS on either the weekly “mini” TRR or the monthly TRR, unless otherwise directed in this guidance.

The organization must choose to send notices based upon either the monthly OR weekly reply – it may not utilize both options.

PDP sponsors must not delay processing of enrollment requests. However, in 2005, we recognize that organizations may receive enrollment requests prior to November 15th. While PDP organizations may not solicit such enrollments, and should remind beneficiaries that they cannot submit enrollment requests until November 15th, in 2005 the following procedure will be allowed if enrollment requests are received prior to November 15, 2005:

- Prior to submitting the enrollment transaction to CMS, the PDP must contact the beneficiary (via phone or mail) to obtain confirmation that s/he still intends to enroll in the PDP.
- The PDP must document this contact (either verbally or in writing), i.e., by retaining a copy of the written confirmation, or noting in the beneficiary's record that confirmation was obtained, and the details of that conversation.
- For those enrollments received and "held" prior to November 15, 2005, PDPs will be required to submit these transactions to CMS systems (MARx) as if received on November 15th. The application receipt date will be November 15, 2005, or the date the beneficiary provides confirmation, if this occurs after November 15th.
- On November 15, 2005, the PDP sponsor must begin providing all the information required to be given to each enrollee prior to the effective date (refer to 30.4.1 and 30.4.2), including the following specific items:
 - Acknowledgement letter notifying the beneficiary that the PDP has submitted the transaction to CMS for processing. This notice must be sent within 7 business days of November 15, 2005.
 - Confirmation letter notifying the beneficiary that s/he is enrolled in the PDP. This must be sent within seven (7) business days of receipt of confirmation by CMS' systems.
 - Model notices exist for each of these situations, and are included in the PDP guidance.

30.1 - Format of Enrollment Requests

All PDP sponsors must have, at minimum, a paper enrollment form available for potential enrollees to request enrollment in a PDP. PDP sponsors may also accept enrollment elections made via the on-line enrollment center hosted by CMS, as well as requests for enrollment as described in §§30.1.1 – 30.1.6.

No PDP enrollment request vehicle, regardless of format, may include any question regarding health screening information.

The PDP sponsor's enrollment vehicle(s) must include information that the individual acknowledges, as follows:

- Agrees to abide by the PDP sponsor's membership rules as outlined in material provided to the member;
- Consents to the disclosure and exchange of information necessary for the operation of the Part D program;
- Understands that enrollment in the PDP automatically disenrolls him/her from any other PDP, MA plan (as described in §20.6 of this guidance) or PACE plan in which he/she is enrolled;
- Understands that if enrollment requests are submitted for more than one plan with the same effective date, the last choice made will generally be the one that takes effect;
- Knows the expected effective date of enrollment in the PDP; and
- Knows he/she has the right to appeal service and payment denials made by the organization.

Refer to §50.6 for requirements regarding retention of enrollment requests.

30.1.1 - Paper Enrollment Forms

All PDP sponsors must, as a minimum standard, use a paper enrollment form that complies with CMS' guidelines in format and content and a process as described in this guidance for accepting it. A model enrollment form is included in **Exhibit 1**.

30.1.2 - Enrollment via the Internet

PDP sponsors may develop and offer enrollment requests into a PDP via a secure internet web site. The following guidelines must be applied, in addition to all other program requirements.

- Submit all materials and web pages related to the on-line enrollment process for CMS approval following the established guidelines for the review and approval of marketing materials and enrollment request vehicles.
- Provide beneficiaries with all the information required by CMS' marketing guidelines for the Part D program.
- The PDP sponsor must, at a minimum, comply with the CMS internet architecture requirements found at:

<http://www.cms.hhs.gov/it/enterprisearchitecture/default.asp> The PDP sponsor may also include additional security provisions.

- Advise each individual at the beginning of the online enrollment process that he/she is sending an actual enrollment request to the PDP sponsor.
- Capture the same data required on the paper enrollment form (see **Exhibit 1 and Appendix 2**).
- As part of the online enrollment process include a separate screen or page that includes an “enroll now,” or “I agree,” type of button, that the individual must click on to indicate his/her intent to enroll and agreement to the release and authorization language (as provided on the model enrollment form, see Exhibit 1) and attest to the truthfulness of the data provided. The process must also remind the individual of the penalty for providing false information.
- Inform the individual of the consequences of completing the internet enrollment, i.e. that s/he will be enrolled (if approved by CMS), and that s/he will receive a notice (an acceptance or denial notice) following submission of the enrollment to CMS.
- While an internet enrollment process for Part D plans must provide the enrolling individual with the opportunity to choose premium payment withhold from Social Security, it may not request or collect premium payment or other payment information, such as bank account information or credit card numbers.
- Maintain electronic records that are securely stored and readily reproducible for the period required in this guidance.

CMS Online Enrollment Center:

CMS will provide an on-line enrollment center through the www.medicare.gov web site and the 1-800-MEDICARE call center. PDP sponsors may, and are strongly encouraged to, accept enrollment requests made through this process in addition to, or in place of their own internet enrollment process.

30.1.3 - Enrollment via Telephone

Beginning November 15, 2005, PDP sponsors may accept enrollment requests into one or more of its PDPs via an incoming (in-bound) telephone call. The following guidelines must be followed, in addition to all other program requirements:

- Enrollment requests may only be accepted from/during an incoming (or in-bound) telephone call from a beneficiary
- Individuals must be advised that they are completing an enrollment
- Each telephonic enrollment request must be recorded and include statements of the individual’s agreement to be recorded, required elements necessary to complete the enrollment (as described in Appendix 2), and a verbal attestation of the intent to enroll. All telephonic enrollment recordings must be maintained as provided in §50.6 of this guidance
- Collection of financial information is prohibited at any time during the call

- A notice of acknowledgement and other required information must be provided to the individual as described in §30.4 of this guidance.

The PDP sponsor must ensure that all Part D eligibility and enrollment requirements provided in this guidance are met.

Scripts for completing an enrollment request in this manner must be developed by the PDP sponsor, must contain the required elements for completing an enrollment request as described in Appendix 2 of this guidance, and must obtain CMS approval following existing marketing material approval procedures prior to use.

30.1.4 - Auto-Enrollment for Full Benefit Dual Eligible Individuals

Full-benefit dual eligible individuals who have not elected a Part D plan will be auto-enrolled into one by CMS. Full-benefit dual eligible individuals are defined as those eligible for comprehensive Title XIX Medicaid benefits as well as eligible for Medicare Part D. This includes those who are eligible for comprehensive Medicaid benefits plus Medicaid payment of Medicare cost-sharing (sometimes known as QMB-plus or SLMB-plus). CMS will use data provided by State Medicaid Agencies to identify full-benefit dual eligible individuals. Please note that full-benefit dual eligible individuals do not include those eligible *only* for Medicaid payment of Medicare cost-sharing (i.e. QMB-only, SLMB-only, or QI).

Auto-enrollment will begin in September 2005, with the first notification to plans and beneficiaries occurring in October 2005. Auto-enrollment will continue monthly thereafter.

Full-benefit dual eligible individuals who will be auto-enrolled into a PDP pursuant to this section include those enrolled in:

- Original Medicare
- A Medicare Advantage Private Fee-for-Service (MA-PFFS) plan that does not offer a Part D benefit
- An 1876 cost plan that does not offer a Part D optional supplemental benefit
- Medical Savings Account
- An 1833 Health Care Prepayment Plan (HC-PP)

A. Auto-Enrollment Process

The procedure for auto-enrollment into PDPs is as follows:

1. CMS will identify full-benefit dual eligible individuals to be auto-enrolled into PDPs. This includes those who:
 - Live in the 50 states or the District of Columbia

- Receive Medicare benefits through:
 - Original Medicare
 - an MA-PFFS plan that does not offer a Part D optional supplemental benefit
 - an 1876 cost plan that does not offer a Part D optional supplemental benefit
 - an MSA
 - an 1833 HCPP.

This excludes full-benefit dual eligible individuals who:

- Live in any of the five U.S. territories
- Live in another country
- Are inmates in a correctional facility
- Have affirmatively declined Part D benefits
- Are already enrolled in a Part D plan
 - Note: beneficiaries enrolled in Programs for the All-inclusive Care for the Elderly (PACE) receive all their Medicare benefits, including Part D benefits, through their PACE organization, so they do not need to be auto-enrolled
- Are not eligible to enroll in a PDP because they are enrolled in a Medicare Advantage plan, other than an MA-PFFS plan that does not offer Part D or an MSA plan. CMS will instead facilitate the enrollment of these individuals into an MA-PD plan offered by the same MA organization; please see Section 40.1.6 of Chapter 2 of Medicare Managed Care Manual
- Are enrolled in an 1876 cost plan that offers a Part D optional supplemental benefit (these individuals will be auto-enrolled instead into the cost plan's Part D optional supplemental benefit, as will be described under Chapter 17, Subpart D of the Medicare managed care manual).

Full-benefit dual eligible individuals will be auto-enrolled even if they have employer-sponsored or other coverage, or if their employer is claiming the retiree drug subsidy for that individual (the provisions of §10.4 do not apply). The notice to beneficiaries will advise them that if they have employer or other coverage, they should contact their benefits administrator to get more information, including the impact on their employer coverage if they enroll in a Part D plan. If beneficiaries do not want to be auto-enrolled, they can affirmatively decline (please see §30.1.4.E).

2. CMS will assign beneficiaries to a plan in a two-step process. The first level of assignment is at the PDP sponsoring organization (PDP Sponsor) level. The second level of assignment is to an individual PDP offered by the PDP Sponsor. This will result in approximately the same proportion of auto-enrollees at the PDP Sponsor level.

At the first level of assignment, CMS will identify PDP Sponsors that offer at least one PDP offering basic prescription drug coverage with a premium at or below the low-income premium subsidy amount in each PDP region. If more than one PDP Sponsor in a region meets the criteria, CMS will auto-enroll on a random basis among available PDP Sponsors.

At the second level of assignment, CMS will identify the PDPs offering basic prescription drug coverage with premiums at or below the low-income premium subsidy amount that are offered by each qualifying PDP Sponsor. If a given PDP Sponsor only has one such PDP, all the beneficiaries assigned to the PDP Sponsor will be assigned to that one PDP. If the PDP Sponsor offers more than one PDP offering basic prescription drug coverage with a premium at or below the low-income premium subsidy amount, beneficiaries will be randomly assigned among available PDPs.

This method of random auto-enrollment will result in full-benefit dual eligibles being assigned in approximately equal proportions among available PDP sponsors, not PDPs. Since PDP Sponsors may offer different numbers of PDPs that meet the auto-enrollment criteria, auto-enrollment proportions may vary at the PDP level.

EXAMPLE:

There are 4 PDP sponsoring organizations in a region that offer one or more plans with premiums at or below the low income premium subsidy amount. The numbers of PDPs with an appropriate premium are as follows:

- Organization A—1 PDP
- Organization B—1 PDP
- Organization C—2 PDPs
- Organization D—3 PDPs

Step 1: The auto-enrollment population would first be divided equally and randomly among the four organizations. Thus, each organization would be assigned 25 percent of the available population.

Step 2: Within each sponsoring organization, the population would again be divided equally and randomly. Thus, all of Organization A's enrollees would be assigned to its one appropriate PDP; the same would be true for Organization B; 50 percent of the population assigned to Organization C would be assigned randomly to each of its two plans; and 33.3 percent of the population assigned to Organization D would be assigned randomly to each of its three plans.

PDPs with premiums below the low-income subsidy amount will not be treated more favorably than those with premiums equal to the low-income premium subsidy amount. A PDP's other beneficiary charges – copayment levels, deductibles, etc. – will not be a factor in determining whether it qualifies for auto-enrollment provided the PDP offers basic prescription drug coverage.

Only PDPs with defined standard, actuarially equivalent standard, or basic alternative benefit packages will be included. CMS will not auto-enroll beneficiaries into PDPs with enhanced alternative benefit packages, even if their premium is at or below the low-income premium subsidy amount for the region. In addition, CMS will not auto-enroll into an employer-sponsored PDP.

CMS will create an enrollment transaction for the auto-enrollment into the PDP. The PDP will be notified via a transaction reply of the auto-enrollment, including the effective date. The PDP will also receive a supplemental report with address information, since these data are not on the transaction reply. Since CMS does not maintain phone number data on beneficiaries, this information is not available to PDP sponsors.

B. Effective Date of Auto-Enrollment for Full-Benefit Dual Eligible Individuals:

For those who are full-benefit dual eligible individuals in 2005, the effective date will be January 1, 2006.

In the future, for full-benefit dual eligible individuals who are Medicaid eligible first and then subsequently become Medicare eligible, the effective date of auto-enrollment will be the first day of Part D eligibility. This effective date ensures there is no coverage gap between the end of Medicaid prescription drug coverage and the start of Medicare prescription drug coverage. CMS will make every effort to identify these individuals prior to the start of their Part D eligibility, so that we can notify beneficiaries and plans prospectively of auto-enrollment. However, in cases where we cannot do so, the enrollment may retroactive. Please note that Part D eligibility always falls on the first day of the relevant month.

Example: An individual has Medicaid coverage throughout 2007. In May 2007, the individual becomes eligible for Medicare Part D. The last day of eligibility for Medicaid prescription drug coverage is April 30, 2007; the first day of Part D eligibility is May 1, 2007. Auto-enrollment is effective May 1, 2007.

Retroactive eligibility for Medicare Parts A and/or B will not result in retroactive effective dates for auto-enrollment. This is because Medicare Part D eligibility cannot be retroactive. If eligibility for Part A and/or B is retroactive, Part D eligibility is effective the first day of the month in which the beneficiary received notification of retroactive Medicare Part A/B entitlement (see §10).

Example: An individual has Medicaid coverage throughout 2007. In May 2007, the individual is notified that s/he is entitled to Medicare Part A and/or B retroactive to November, 2006. The last day of eligibility for Medicaid prescription drug coverage is April 30, 2007; the first day of Part D eligibility is May 1, 2007. Auto-enrollment is effective May 1, 2007.

For those (after 2005) who are Medicare eligible first, and then subsequently become Medicaid eligible, auto-enrollment will be effective the first day of the second month after CMS identifies the individual. In this scenario, the individual would not have been eligible for Medicaid prescription drug coverage. Auto-enrollment will always be prospective, with time to provide advance notice to the beneficiary so s/he can make choices about Part D coverage prior to auto-enrollment taking effect. Please note that auto-enrollment will only occur if the beneficiary is not already enrolled in a Part D plan; if the person is already in a Part D plan, the only impact of becoming newly eligible for Medicaid is that the individual will be deemed eligible for the full low-income subsidy.

Example: An individual is currently entitled to Medicare Parts A and B. In August 2007, the person becomes Medicaid eligible. Because the person has Medicare, she/he is not eligible for Medicaid prescription drug coverage (note she/he remains eligible for other Medicaid benefits). The state includes this person on their September file to CMS. CMS uses this September data in its October auto-enrollment run, and notifies the beneficiary in late October where she/he will be auto-enrolled if she/he does not voluntarily choose by November 30, 2007. Auto-enrollment is effective December 1, 2007 if not already enrolled in a Part D plan.

Example: An individual becomes Medicare Part D eligible in May 2007. That same month, the individual applies for Medicaid. In August 2007, the State Medicaid Agency awards Medicaid eligibility effective February 1, 2007 (Medicaid eligibility may, at state discretion, be retroactive to three months before the month of application). In this scenario, Medicaid prescription drug coverage is effective February 1 – April 30, 2007. The State sends data to CMS in August identifying this person as newly dual eligible back to May 1. CMS uses this August date in its September auto-enrollment run. Auto-enrollment is effective May 1, 2007. CMS will notify the person of this retroactive enrollment, and inform the person of his/her Special Enrollment Period, which permits the person to change plans prospectively at any time.

CMS will auto-enroll full-benefit dual eligibles who have disenrolled, either voluntarily or involuntarily, from a Part D plan and failed to enroll in a new plan (unless they affirmatively declined auto-enrollment). The effective date will be prospective, i.e., first day of the second month after CMS identifies this individual, as retroactive auto-enrollment effective dates are limited to the point in time when a beneficiary is transitioning from Medicaid to Medicare prescription drug coverage.

Example: A full-benefit dual eligible disenrolls from a Part D plan (either voluntarily or involuntarily), effective March 31, 2007. In the April auto-enrollment run, CMS

identifies this beneficiary, and notifies him/her in late April that if s/he does not choose a Part D plan by May 31st, s/he will be auto-enrolled effective June 1st.

CMS will calculate the auto-enrollment effective date, which will be conveyed to plans in the transaction reply. CMS will ensure that any beneficiary choice will “trump” auto-enrollment by creating an artificially early application receipt date for systems processing purposes.

C. CMS Notice Provided to Auto-Enrolled Beneficiaries:

CMS will notify the full-benefit dual eligible that she/he will be auto-enrolled in a given PDP on the auto-enrollment effective date unless s/he chooses another Part D plan (either another PDP, or an MA-PD plan, a PACE organization, or an 1876 cost plan that offers a Part D optional supplemental benefit), or affirmatively declines Part D benefits altogether. If the beneficiary does not take either action, the person’s silence will be deemed consent with the auto-enrollment, and it will take effect on the effective date. In cases where the auto-enrollment effective date is retroactive, the beneficiary will not be able to change Part D plans prior to auto-enrollment taking effect. However, full-benefit dual eligible individuals have a Special Enrollment Period (SEP) that permits them to change Part D plans at any time, even after the auto-enrollment takes effect (refer to section 30.3.4 of this guidance).

D. PDP Notice and Information Provided to Auto-Enrolled Beneficiaries:

PDPs must send a notice confirming the auto-enrollment (see **Exhibit 24**) after receiving CMS confirmation of the enrollment from the transaction reply report (TRR). PDPs must also send a modified version of the pre- and post-enrollment materials that must be provided to those who voluntarily enroll in a PDP.

Prior to effective date, the PDP must send each individual who has been auto-enrolled:

- Evidence of health insurance coverage so that he/she may begin using the plan services as of the effective date;

NOTE: This is not the same as the Evidence of Coverage document described in Chapter 3 - Marketing. This evidence may be in the form of member cards, the enrollment form, and/or a notice to the member. If the PDP sponsor does not provide the member card prior to the effective date, it must provide it as soon as possible after the effective date.

- The charges for which the prospective member will be liable, e.g., any premiums, coinsurance, fees or other amounts; (including general information about the low income subsidy);

- The effective date of coverage and how to obtain services prior to the receipt of an ID card (if the PDP sponsor has not yet provided the ID card); AND
- A Summary of Benefits. Those who are auto-enrolled still need to make a decision whether to stay with the plan into which they have been auto-enrolled or change to another one that better meets their needs. Providing the Summary of Benefits, which is generally considered pre-enrollment marketing material, ensures that those auto-enrolled have a similar scope of information as those who voluntarily enroll.

After the effective date of coverage:

- If the PDP is not notified early enough of an auto-enrollment to meet the timelines on materials required to be provided above prior to the effective date, the PDP sponsor must provide the individual all materials described above no later than 7 business days after notification of auto-enrollment. In these cases, the PDP sponsor is also strongly encouraged to call the member within 1 business day after the effective date to provide the effective date and explain the PDP rules.

The requirement to inform the beneficiary of whether the enrollment was accepted or rejected does not apply to auto-enrollments, since CMS generates these transactions.

E. Affirmatively Decline:

Full-benefit dual eligible individuals may affirmatively decline auto-enrollment into a Part D plan. The primary means for doing so is by calling 1-800-MEDICARE. However, the beneficiary may also call the PDP into which he/she has been auto-enrolled. The entity contacted by the beneficiary must inform the individual of the implications of his/her request. In addition, a follow-up notice must be provided that confirms the request to affirmatively decline, and explains the consequences (**see Exhibit 26**).

The beneficiary may affirmatively decline either prior to the auto-enrollment effective date, or once enrolled in a Part D plan (whether voluntarily or auto-enrolled into it). If the beneficiary makes the request prior to the effective date of auto-enrollment, then the entity receiving the affirmative declination will submit a disenrollment transaction (with specific coding indicating that the transaction is an affirmative declination). This will cancel the auto-enrollment, and the person will never be enrolled. If the beneficiary makes the request once enrolled in the plan, then the request results in a disenrollment effective the last day of the month in which the request was made.

Please note that a full-benefit dual eligible individual who affirmatively declines does not permanently surrender his or her eligibility for, or right to enroll in, a Part D plan; rather, this step ensures the person is not included in future monthly auto-enrollment processes.

If the beneficiary decides she/he wants to obtain the Part D benefit in the future, she/he does so simply by enrolling in a new plan. Because full-benefit dual eligible individuals have a Special Enrollment Period, they can enroll at anytime; they are not limited to the AEP. The enrollment request will be effective the first of the month following the month in which the Part D plan receives the enrollment request.

30.1.5 - Facilitated Enrollment for Other Low Income Subsidy Eligible Individuals

CMS will facilitate enrollment into PDPs for others eligible for the low-income subsidy (“Other LIS eligibles”). The process is similar to the auto-enrollment process for full-benefit dual eligible individuals. The primary differences are:

- the populations involved;
- when the process is first initiated;
- the effective date of facilitated enrollment; and
- the scope of the Special Enrollment Period.

A key feature of facilitated enrollment is that in all cases, the beneficiary must have a chance to change Part D plans or affirmatively decline facilitated enrollment into Part D before the facilitated enrollment becomes effective.

Other LIS eligibles are defined as those deemed automatically eligible for LIS because they are QMB-only, SLMB-only, QI (i.e. only eligible for Medicaid payment of Medicare cost-sharing); SSI-only (Medicare and SSI, but no Medicaid); or those who apply for LIS at SSA or a State Medicaid Agency and are determined eligible for LIS. This includes those who apply and are determined eligible for either the full or partial level of the LIS. CMS will use data submitted by SSA to identify SSI-only and those who apply for LIS and are determined eligible by SSA. CMS will use data from State Medicaid Agencies to identify those who are QMB-only, SLMB-only, QI, or who apply for LIS and are determined eligible by the State.

Facilitated enrollment for this population will first occur at the end of the Initial Enrollment Period for Part D (which ends May 15, 2006), and take place monthly thereafter. Other LIS eligibles who will be enrolled into PDPs pursuant to this section include those enrolled in:

- Original Medicare
- A Medicare Advantage Private Fee-for-Service (MA-PFFS) plan that does not offer a Part D benefit
- An 1876 cost plan that does not offer a Part D optional supplemental benefit
- A Medical Savings Account
- An 1833 HCPP

A. Facilitated Enrollment Process:

The procedure for facilitated enrollment into PDPs is as follows:

1. CMS will identify other LIS eligibles individuals whose enrollment into PDPs will be facilitated by CMS. This includes those who:
 - Live in the 50 states or the District of Columbia
 - Receive Medicare benefits through:
 - Original Medicare
 - an MA-PFFS plan that does not offer a Part D optional supplemental benefit
 - an 1876 cost plan that does not offer a Part D optional supplemental benefit
 - an MSA
 - an 1833 HCPP
 - Who do not meet any of the conditions listed below.

This excludes other LIS eligibles who:

- Live in any of the five U.S. territories
 - Live in another country
 - Are individuals for whom the employer is claiming the retiree drug subsidy
 - Are inmates in a correctional facility
 - Have affirmatively declined Part D benefits
 - Are already enrolled in a Part D plan
 - Note: beneficiaries enrolled in Programs for the All-inclusive Care for the Elderly (PACE) receive all their Medicare benefits, including Part D benefits, through their PACE organization, so they do not need to be auto-enrolled
 - Are not eligible to enroll in a PDP because they are enrolled in a Medicare Advantage plan (these individual will be facilitated enrolled instead into an MA-PD plan; please see Section 40.1.6 of Chapter 2 of Medicare Managed Care Manual)
 - Note: the only exception are those enrolled in an MA-PFFS plan that does not offer Part D
 - Are enrolled in an 1876 cost plan that offers a Part D optional supplemental benefit (these individuals will be facilitated enrolled instead into the cost plan's Part D optional supplemental benefit).
2. CMS will assign other LIS eligibles to a PDP via a two step process. The first level of assignment is at the PDP Sponsor level. The second level of assignment is to an individual PDP offered by the PDP Sponsor. This will result in approximately the same proportion of facilitated enrollments at the PDP Sponsor level.

At the first level of assignment, CMS will identify PDP Sponsors that offer at least one PDP offering basic prescription drug coverage with a premium at or below the low-income premium subsidy amount in each PDP region. If more than one PDP Sponsor in a region meets these criteria, CMS will assign on a random basis among available PDP Sponsors.

At the second level of assignment, CMS will identify the PDPs offering basic prescription drug coverage with premiums at or below the low-income premium subsidy amount that are offered by each qualifying PDP Sponsor. If a given PDP Sponsor only has one such PDP, all the beneficiaries assigned to the PDP Sponsor will be enrolled in that one PDP. If the PDP Sponsor offers more than one PDP in the region offering basic prescription drug coverage with a premium at or below the low-income premium subsidy amount, beneficiaries will be randomly enrolled among available PDPs.

This two-step method of random facilitated enrollment will result in other LIS eligibles being assigned in approximately equal proportions among available PDP Sponsors, not PDPs. Since PDP Sponsors may offer differing numbers of PDPs that meet the auto-enrollment criteria, facilitated enrollment proportions may vary at the PDP level.

Example:

There are 4 PDP sponsoring organizations in a region that offer one or more plans with premiums at or below the low income premium subsidy amount. The numbers of PDPs with an appropriate premium are as follows:

- Organization A—1 PDP
- Organization B—1 PDP
- Organization C—2 PDPs
- Organization D—3 PDPs

Step 1: The facilitated population would first be divided equally and randomly among the four organizations. Thus, each organization would be assigned 25 percent of the available population.

Step 2: Within each sponsoring organization, the population would again be divided equally and randomly. Thus, all of Organization A's enrollees would be assigned to its one appropriate PDP; the same would be true for Organization B; 50 percent of the population assigned to Organization C would be assigned randomly to each of its two plans; and 33.3 percent of the population assigned to Organization D would be assigned randomly to each of its three plans.

PDPs with premiums below the low-income subsidy amount will not be treated more favorably than those with premiums equal to the low-income premium subsidy amount. A PDP's other beneficiary charges – copayment levels, deductibles, etc. – will not be a factor in determining whether it qualifies for facilitated enrollment provided it offers basic prescription drug coverage.

Only PDPs with defined standard, actuarially equivalent standard, or basic alternative benefit packages will be included. CMS will not facilitate enroll beneficiaries into PDPs with enhanced alternative benefit packages, even if their premium is at or below the low-income premium subsidy amount for the region. CMS will also not facilitate enroll beneficiaries into an employer-sponsored PDP.

CMS will create an enrollment transaction for the facilitated enrollment into the PDP. The PDP will be notified via a transaction reply of the facilitated enrollment, including the effective date. The PDP will also receive a supplemental report with address information, since these data are not on the transaction reply. Since CMS does not maintain phone number data on beneficiaries, this data is not available to PDP sponsors.

B. Effective Date of Facilitated Enrollment of Other LIS Eligible Individuals:

The effective date for the facilitated enrollment of other LIS eligible individuals will always be prospective. The initial round will begin towards the end of the Initial Enrollment Period for Part D. Specifically, for those of whom CMS is aware through March 2006, the effective date of facilitated enrollment will be June 1, 2006.

Other LIS eligibles who are QMB-only, SLMB-only, or QI have a Special Enrollment Period that allows them to make Part D enrollment choices at any time. For these individuals, the effective date of facilitated enrollment is the first day of the second month after CMS identifies the person. This is true even if CMS receives data identifying the person as retroactively eligible for QMB-only, SLMB-only, or QI.

Example: Throughout 2007, an individual is eligible for Part D. In July, 2007, the State sends data to CMS identifying the person as QMB-only, SLMB-only, or QI, retroactive to March 1, 2007. The person is included in the August facilitated enrollment run. CMS notifies the person in late August where she/he will be facilitated enrolled if she/he does not voluntarily choose by September 30. Facilitated enrollment is effective October 1, 2007.

For those deemed eligible for LIS because they are SSI-only, or apply and are determined eligible for LIS by SSA or a State, the effective date of facilitated enrollment will be the first of the month after the end of the individuals' next valid enrollment period. This could be the individual's Initial Enrollment Period (IEP) or the Annual Election Period (AEP). If CMS identifies the person no later than the third month prior to the end of the person's IEP, then the facilitated enrollment effective date is the first day of the month after the end of the IEP; otherwise, it will be the first day after the end of the next AEP. This lead time is necessary to meet the requirement that facilitated enrollment give the

person enough time to change Part D plans or affirmatively decline enrollment prior to facilitated enrollment taking effect.

Example: An individual who will turn 65 in May 2007 has a Part D IEP of February 1 through August 31, 2007. The person applies for LIS in March of that year, and SSA approves and transmit data to CMS in April. CMS will include this person in the May facilitated enrollment process, with an effective date of September 1, 2007 (the first day after the end of that person's IEP).

Example: An individual becomes newly Part D eligible May 1, 2007, and their Part D IEP ends August 31, 2007. The person submits an application for LIS to SSA in July, 2007, and SSA notifies CMS in August that the person is retroactively eligible for LIS back to July 1, 2007 (LIS is effective the first day of the month the application is received). Since the IEP ends August 31, 2007, there would not be enough time to notify the person and given him/her a chance to change or affirmatively decline if facilitated enrollment took effect the first day of the month after the IEP ends. The facilitated enrollment is effective January 1, 2008 (first day after end of the next available AEP).

Facilitated enrollment will always be prospective, even in cases of retroactive entitlement to Medicare Parts A and/or B. This is because if entitlement to Part A and/or B is retroactive, Part D eligibility is effective the first day of the month in which the beneficiary received notification of retroactive A/B (see Section 10). In this instance, the individual is past his/her Medicare IEP, so facilitated enrollment will be effective the first day after the end of the AEP.

Example: An individual has SSI-only (SSEI but no Medicare or Medicaid) throughout 2007. In May 2007, the individual is notified that she/he is entitled to Medicare A and/or B retroactive to November 2006. Medicare Part D eligibility starts May 1, 2007. The next valid enrollment period is the AEP. Facilitated enrollment is effective January 1, 2007.

CMS will calculate the facilitated enrollment effective date, which will be conveyed to plans in the transaction reply. CMS will ensure that any beneficiary choice will "trump" facilitated enrollment by creating an artificially early application receipt date for systems processing purposes.

C. CMS Notice Provided to Facilitated Enrolled Beneficiaries:

CMS will notify the other LIS eligible individuals that their enrollment will be facilitated into a given PDP on the facilitated enrollment effective date unless the person chooses another Part D plan (either another PDP, or an MA-PD plan, a PACE organization, or an 1876 cost plan that offers a Part D optional supplemental benefit), or affirmatively declines Part D benefits altogether. If the beneficiary does not affirmatively decline, or choose another Part D plan prior to the last day of the month before the effective date, the

person's silence will be deemed consent with the facilitated enrollment, and it will take effect on the effective date.

D. PDP Notice and Information Provided to Facilitated Enrolled Beneficiaries:

PDPs must send a notice confirming the auto-enrollment (see **Exhibit 24**) after receiving CMS confirmation of the enrollment from the transaction reply report (TRR). PDPs must also send a modified version of the pre- and post-enrollment materials that must be provided to those who voluntarily enroll in a PDP.

Prior to the effective date, the PDP must send:

- Evidence of health insurance coverage so that he/she may begin using the plan services as of the effective date;

NOTE: This is not the same as the Evidence of Coverage document described in Chapter 3 - Marketing. This evidence may be in the form of member cards, the enrollment form, and/or a notice to the member. If the PDP sponsor does not provide the member card prior to the effective date, it must provide it as soon as possible after the effective date.

- The charges for which the prospective member will be liable, e.g., any premiums, coinsurance, fees or other amounts; (including general information about the low income subsidy);
- The effective date of coverage and how to obtain services prior to the receipt of an ID card (if the PDP sponsor has not yet provided the ID card); AND
- A Summary of Benefits. Those who are facilitated enrolled still need to make a decision whether to stay with the plan into which they have been facilitated or change to another one that better meets their needs. Providing the Summary of Benefits, which is considered marketing material normally provided prior to making an enrollment choice, ensures that those facilitated have a similar scope of information as those who voluntarily enroll.

After the effective date of coverage:

- If the PDP is not notified early enough of a facilitated enrollment to meet the timelines on materials required to be provided above prior to the effective date, the PDP sponsor must provide the individual all materials described above no later than 7 business days after notification of facilitated enrollment. In these cases, the PDP sponsor is also strongly encouraged to call the member within 1 business day after the effective date to provide the effective date and explain the PDP rules.

The requirement to inform the beneficiary of whether the enrollment was accepted or rejected does not apply to facilitated enrollments, since CMS generates these transactions.

E. Affirmatively Decline:

Other LIS eligibles may affirmatively decline facilitated enrollment in the Part D benefit. The primary means for doing so is by calling 1-800-MEDICARE. However, the beneficiary may also call the PDP into which they have been facilitated enrolled. The entity contacted by the beneficiary must inform the individual of the implications of their request. In addition, a follow-up notice must be provided that confirms the affirmatively decline request, and explains the consequences (see **Exhibit 26**).

Please note that another LIS eligible individual who affirmatively declines does not permanently surrender his or her eligibility for, or right to enroll in, a Part D plan; rather, this step ensures the person is not included in future monthly facilitated enrollment processes.

The beneficiary may affirmatively decline either prior to the facilitated enrollment effective date, or once enrolled in a Part D plan (whether voluntarily or facilitated enrolled into it). If the beneficiary makes the request prior to the effective date of facilitated enrollment, then the entity receiving the affirmative declination will submit a disenrollment transaction (with specific coding indicating that the transaction is an affirmative declination). This will cancel the facilitated enrollment, and the person will never be enrolled. If the beneficiary makes the request once enrolled in the plan, then the request results in a disenrollment effective date of the last day of the month in which the request was made.

If the beneficiary decides she/he wants to obtain the Part D benefit in the future, she/he does so simply by enrolling in a new plan during a valid enrollment period. Because QMB-only, SLMB-only, or QI beneficiaries have a Special Enrollment Period, they can enroll at anytime; they are not limited to the Annual Election Period. Their enrollment request will be effective the first of the following month.

Those who are SSI-only, or applied and were determined LIS eligible for LIS by SSA or the State, must wait until the next AEP (unless they are eligible for an SEP).

30.1.6 Group Enrollment for Employer/Union Sponsored PDPs

CMS has provided, under our authority to waive or modify Part D requirements that hinder the design of, the offering of, or the enrollment in an employer or union sponsored Part D retiree plans, a process for group enrollment in employer or union sponsored PDPs.

CMS will allow the employer group or unions to enroll its retirees using a group enrollment process that includes providing CMS with any information it has on other insurance coverage for the purposes of coordination of benefits.

The group enrollment process must include notification to each beneficiary as follows:

- All beneficiaries must be notified that the group intends to enroll them in a PDP that the group is offering; and
- That the beneficiary may affirmatively opt out of such enrollment; how to accomplish that; and any consequences to group benefits opting out would bring; and
- This notice must be provided not less than 30 calendar days prior to the effective date of the beneficiary's enrollment in the group sponsored PDP.

Additionally, the information provided must include a summary of benefits offered under the group sponsored PDP, an explanation of how to get more information about the PDP, and an explanation on how to contact Medicare for information on other Part D options that might be available to the beneficiaries. Each individual must also receive the information contained on page 3 of Exhibit 1 of this guidance.

The employer group or union must provide all the information required for the PDP sponsor to submit a complete enrollment request transaction to CMS as described in this and other CMS Part D systems guidance. Refer to Appendix 2.

NOTE: A similar provision will be included for Medicare Advantage organizations in section 40 of Chapter 2 of the Medicare managed care manual.

30.1.7 Enrollment for Beneficiaries in Qualified State Pharmaceutical Assistance Programs (SPAPs)

CMS will allow qualified SPAPs to submit mass enrollment requests to PDPs as follows:

- The SPAP must attest, as required by section 30.2.1 of this guidance that it has the authority under state law to enroll on behalf of its members.
- The SPAP must coordinate with the PDP to provide the required data elements for the plan to process and submit an enrollment request to CMS.
- The SPAP must provide a notice to its members in advance of submitting the requests that explains this enrollment, how the enrollment works with the SPAP and how individuals can decline such enrollment.

30.2 - Completing the Enrollment

If an enrollment request is completed during a face-to-face interview, the PDP sponsor should use the individual's Medicare card to verify the spelling of the name, and to confirm the correct recording of sex, Health Insurance Claim Number, and dates of entitlement to Medicare Part A and/or enrollment in Part B. If the form is mailed or faxed to the PDP sponsor, or for on-line or other enrollment processes, the PDP sponsor

should verify this information with the individual via telephone or other means, or request that the individual include a copy of his/her Medicare card when mailing in the enrollment request. The PDP sponsor may also access CMS systems to verify Medicare entitlement.

Appendix 2 lists all the elements that must be provided in order to consider the enrollment request complete. If the PDP sponsor receives an enrollment request that contains all these elements, the PDP sponsor must consider the enrollment request complete even if all other data elements on the enrollment request are not filled out. If a PDP sponsor has received CMS approval for an enrollment request vehicle that contains data elements in addition to those on the model paper enrollment form included in this guidance, then the enrollment request must be considered complete even if those additional elements are not filled in.

If a PDP sponsor receives an enrollment request that does not have all necessary elements required in order to consider it complete, it must not immediately deny the enrollment. Instead, the enrollment is considered incomplete and the PDP sponsor must follow the procedures outlined in [§30.2.2](#) in order to complete the enrollment. Where possible, the PDP sponsor should check available systems for information to complete an enrollment before requiring the beneficiary to provide the missing information. For example, if a beneficiary failed to fill out the “sex” field on the enrollment, the PDP sponsor could obtain this information via available systems rather than request the information from the beneficiary.

The following should also be considered when completing an enrollment:

- A. Permanent Residence Information** - The PDP sponsor must obtain the individual’s permanent residence address to determine that he/she resides within the PDP plan’s service area. If an individual puts a Post Office Box as his/her place of residence on the enrollment request, the PDP sponsor must consider the enrollment election incomplete and must contact the individual to determine place of permanent residence. If the applicant claims permanent residency in two or more states or if there is a dispute over where the individual permanently resides, the PDP sponsor should consult the State law in which the PDP sponsor operates and determine whether the enrollee is considered a resident of the State.
- B. Entitlement Information** - While desirable, it is not necessary for an individual to prove Medicare Part A entitlement and/or Part B enrollment at the time he/she completes the enrollment request. For example, the PDP sponsor may not deny the enrollment if the individual does not have the evidence when filling out an enrollment form or does not include a copy of it with the form when he/she mails it to the organization. The PDP organization may consider an enrollment request incomplete until verification of entitlement to Medicare Part A and/or B is obtained by either:

- Reviewing the individual’s Medicare ID card or other documentation, such as an SSA award letter; or
- Confirming entitlement information via CMS systems.

If, at the end of the month, the PDP sponsor receives an enrollment request from a beneficiary without any evidence of entitlement to Medicare Part A and/or enrollment in Medicare Part B (e.g., copy of Medicare card, SSA letter, etc.), CMS will allow for a grace period of 3 business days after the end of the month to obtain such verification. If it is confirmed during this grace period that the beneficiary was entitled to Medicare Part A and/or enrolled in Part B when the enrollment request was received by the PDP sponsor, the enrollment will be considered to have been complete on the day it was received for purposes of establishing the enrollment period and effective date of enrollment.

For example, if an otherwise complete enrollment request was received on March 30, 2006, the PDP sponsor has until April 3, 2006 to verify Medicare Part A entitlement and/or Part B enrollment to provide the enrollee with an April 1, 2006 effective date.

If the individual does not provide evidence of Medicare coverage with the enrollment request and the organization is not able to obtain or verify entitlement through available systems by the end of the 3-business day “grace period,” refer to §30.2.B. for additional procedures.

Enrollment requests received via the telephone according to the process described in §30.1(C) of this guidance, and enrollment requests received by the CMS Online Enrollment Center that indicate that CMS has successfully verified this information, need not verify entitlement information to consider the enrollment complete.

C. Effective Date of Coverage - The PDP sponsor must determine the effective date of enrollment as described in §20.4 for all enrollment requests. If the individual fills out an enrollment request in a face-to-face interview or through telephone enrollment, then the PDP sponsor representative may advise the individual of the proposed effective date, but must also stress to the individual that it is only a proposed effective date and that the individual will hear directly from the PDP sponsor to confirm the actual effective date of enrollment. The PDP sponsor must notify the member of the effective date of enrollment prior to the effective date (refer to §30.4 for more information and a description of exceptions to this rule).

If an individual submits an enrollment request with an unallowable effective date, or if the PDP sponsor allowed the individual to select an unallowable effective date, the PDP sponsor must notify the individual in a timely manner and explain that the enrollment must be processed with a different (allowable) effective date of enrollment. The organization should resolve the issue with the individual as to the correct effective date, and the notification must be documented. If the

individual refuses to have the enrollment processed with the correct effective date, the beneficiary can cancel the enrollment according to the procedures outlined in [§50.2.1](#).

- D. Health Related Information** - PDP sponsors may not ask health screening questions during the enrollment process.
- E. Statement of Understanding and Release of Information** - The PDP sponsor must include the information contained in **Exhibit 1** on page 3 under the heading “Please read and sign below” in all of its enrollment request vehicles.

Special Note for Part D Payment Demonstrations Plans Only:

Part D Payment Demonstrations must include the following statement in all enrollment requests:

“By joining this plan, I attest that I am not receiving any financial support from my current or former employer group or union (or my spouse's current or former employer group or union) intended for the purchase of prescription drugs or prescription drug coverage or to pay for, in whole or in part, my enrollment in a Medicare drug plan.”

- F. Enrollee Signature and Date** - When a paper enrollment form is used, the individual must sign the enrollment form. If the individual is unable to sign the form, a legal representative must sign the enrollment form (refer to [§30.2.1](#) for more information). If a legal representative signs the form for the individual, then he or she must attest on the form that he or she has the authority under State law to effect the enrollment request on behalf of the individual and that a copy of the proof of other authorization required by State law that empowers the individual to effect an enrollment request on behalf of the applicant is available upon request by the PDP sponsor or CMS. Acceptable documentation includes items such as court-appointed legal guardianship or durable power of attorney.

The individual and/or legal representative should also write the date he/she signed the enrollment request; however, if he/she inadvertently fails to include the date on a paper enrollment form, or if an alternate enrollment mechanism is used, then the date of receipt that the PDP sponsor notes on the enrollment request will serve as the “signature date” of the request.

When an enrollment request mechanism other than paper is used, the individual or his or her legal representative must complete the enrollment mechanism process, including the attestation of legal representative status as described above. A pen-and-ink signature is not required.

- G. Other Signatures** - If the PDP sponsor representative helps the individual fill out the enrollment request, then the PDP sponsor representative must also sign the

enrollment form and indicate his/her relationship to the individual. However, the PDP sponsor representative does not have to co-sign the form when:

- He/she pre-fills the individual's name and mailing address when the individual has requested that an enrollment form be mailed to him/her,
- He/she fills in the "office use only" block, and/or
- He/she corrects information on the enrollment form after verifying information (see "final verification of information" below).

The PDP sponsor representative does have to co-sign the form if he/she pre-fills any other information, including the individual's phone number.

H. Old Enrollment Requests- If the PDP sponsor receives an enrollment request that was completed more than 30 calendar days prior to the PDP sponsor's receipt of the request, the PDP sponsor is encouraged to contact the individual to re-affirm intent to enroll prior to processing the enrollment and to advise the beneficiary of the upcoming effective date.

I. Determining the Receipt Date - The PDP sponsor must date as received all enrollment requests as soon as they are initially received at the PDP sponsor's business offices. If the enrollment request is complete at the time it is dated, then this date stamp serves as the application date for purposes of submitting the enrollment to CMS. If the enrollment form is not complete at the time it is initially dated, then the additional documentation required for the enrollment request to be complete must be dated as soon as it is received. The date on the last piece of additional documentation received will then serve as the application date for the purposes of submitting the enrollment to CMS. The PDP sponsor must use this date for determining the enrollment period and the associated effective date of enrollment.

J. Correction of Information - The PDP sponsor may find that it must make corrections to an individual's enrollment request. For example, an individual may have made an error in writing his or her telephone number or may have transposed a digit in his or her date of birth. The PDP sponsor should make this type of correction to the enrollment request (e.g. the enrollment form) when necessary, and the individual making those corrections should place his/her initials and the date next to the corrections. A separate "correction" sheet, signed and dated by the individual making the correction, or an electronic record of a similar nature, may be used by the PDP sponsor (in place of the initialing procedure described in the prior sentence), and should become a part of the enrollment file. These types of corrections will not result in the PDP sponsor having to co-sign the enrollment form.

- K. Sending the Enrollment to CMS** – For all complete enrollment requests, the PDP sponsor must transmit the appropriate enrollment transaction to CMS within the time frames prescribed in §30.3, and must send the individual the information described in §30.4 within the required time frames. Processes for submitting transactions are provided in CMS systems guidance.
- L. Premium withhold option** – At this time, neither RRB nor OPM will be able to process withhold requests. Until such time that the process will be operational for RRB and OPM, the only option available is for individuals to have premiums withheld from their SSA benefit check.

30.2.1 - Who May Complete an Enrollment Request

A Medicare beneficiary is generally the only individual who may execute a valid enrollment request in, or disenrollment request from, a PDP. However, another individual could be the legal representative or appropriate party to execute an enrollment or disenrollment request as the law of the State in which the beneficiary resides may allow. The CMS will recognize State laws that authorize persons to effect a Part D enrollment or disenrollment request for Medicare beneficiaries. For example, persons authorized under State law may be court-appointed legal guardians or persons having durable power of attorney for health care decisions, provided they have authority to act for the beneficiary in this capacity.

If a Medicare beneficiary is unable to sign an enrollment form or disenrollment request due to reasons such as physical limitations or illiteracy, State law would again govern whether another individual may execute the request on behalf of the beneficiary. Usually, a court-appointed guardian is authorized to act on the beneficiary's behalf. If there is uncertainty regarding whether another person may sign for a beneficiary, PDP sponsors should check State laws regarding the authority of persons to sign for and make health care treatment decisions for other persons.

When someone other than the Medicare beneficiary completes an enrollment request, he or she must:

- 1) Attest that he or she has the authority under State law to make the enrollment request on behalf of the individual;
- 2) Attest that a copy of the proof of other authorization required by State law that empowers the individual to effect an enrollment request on behalf of the applicant is available upon request by the PDP sponsor or CMS. Acceptable documentation may include items such as court-appointed legal guardianship or durable power of attorney; and
- 3) Provide contact information.

Representative payee status, as designated by SSA, is not necessarily sufficient to enroll or disenroll a Medicare beneficiary. Where PDP sponsors are aware that an individual has a representative payee designated by SSA to handle the individual's finances, PDP sponsors should contact the representative payee to determine his/her legal relationship to

the individual, and to ascertain whether he/she is the appropriate person, under State law, to execute the enrollment or disenrollment request.

30.2.2 - When the Enrollment Request Is Incomplete

When the enrollment request is incomplete, the PDP sponsor must document its efforts to obtain the missing information or documentation needed to complete the enrollment request. If additional documentation needed to make the request complete is not received within 45 days of the PDP organization's request for it, the organization may deny the enrollment using the procedures outlined in [§30.2.3](#).

Entitlement Information - If the individual has not provided evidence of entitlement to Medicare Part A and/or enrollment in Part B with the enrollment request, the organization may choose to consider an enrollment request complete by obtaining such evidence through available systems within 7 business days of receipt of the enrollment request.

If the systems indicate that the individual is entitled to Medicare Part A and/or enrolled in Part B, and the PDP sponsor has all the other information it needs to complete the enrollment, then no further documentation from the individual would be needed.

If the systems do not provide evidence of entitlement, then the PDP sponsor must promptly contact the individual to obtain such evidence.

NOTE: CMS will allow for a grace period of 3 business days after the end of the month to obtain such verification. If it is confirmed during the grace period that the beneficiary was entitled to both Medicare Part A and Part B when the election was received by the PDP sponsor, the date of entitlement will suffice as the evidence and the election will be considered complete upon receipt.

Requesting Information from the Beneficiary - To obtain information to complete the enrollment request, the PDP sponsor must contact the individual to obtain the information (see **Exhibit 3**). If the contact is made orally, the PDP sponsor must document the contact and retain the documentation in its records. The PDP sponsor must explain to the individual that the individual has 30 calendar days in which to submit the additional information or the enrollment will be denied. If the additional documentation is not received within 45 calendar days of request (i.e., after allowing for the 30 days plus an additional 15 days for information to be received and logged in by the PDP sponsor), the PDP sponsor must provide the individual with a notice of denial of enrollment (see **Exhibit 6**).

If all documentation is received within allowable time frames and the enrollment request is complete, the PDP sponsor must transmit the enrollment to CMS within the time frames prescribed in [§30.3](#), and must provide the individual with the information described in [§30.4](#).

30.2.3 - PDP sponsor Denial of Enrollment

A PDP sponsor must deny an enrollment based on (1) Its own determination of the ineligibility of the individual to elect the PDP plan and/or, (2) An individual not providing information to complete the enrollment request within the time frames described in §30.2.2.

PDP sponsor denials occur **before** the organization has transmitted the enrollment to CMS. For example, it may be obvious that the individual is not eligible to elect the plan due to place of residence. This “up-front” denial determination must be made in a timely manner; no later than 7 business days from the date of receipt of the completed enrollment request.

Notice Requirement - The organization must provide a notice of denial to the individual that includes an explanation of the reason for the denial. This notice must be provided within 7 business days of the organization’s denial determination (see **Exhibit 6**).

EXAMPLE

- A PDP sponsor receives an enrollment request from an individual on December 8th and determines on that same day that the individual is ineligible due to place of residence. The organization must provide the notice of denial within 7 business days from December 8th.

30.3 - Transmission of Enrollments to CMS

For all enrollment requests that the organization is not denying per the requirements in §30.2.3, the PDP sponsor must submit the information necessary for CMS to add the beneficiary to its records as an enrollee of the PDP sponsor within 30 calendar days of receipt of the complete enrollment request.

All enrollment requests must be processed in chronological order by date of receipt of the complete enrollment request.

PDP sponsors are encouraged to submit transactions by the earliest possible PDP sponsor processing cutoff date (refer to CMS systems processing guidance). However, if the organization misses the cutoff date, it must still submit the transactions within the required 30-day time frame.

NOTE: The 30-day requirement to submit the transaction does not delay the effective date of the individual’s enrollment in the PDP, i.e., the effective date must be established according to the procedures outlined in §20.4.

30.4 - Information Provided to Member

Much of the enrollment information that a PDP sponsor must provide to the enrolling individual must be provided prior to the effective date of enrollment. However, some information will be provided after the effective date of coverage.

As discussed previously, the PDP sponsor may choose to provide notices required in response to transaction replies received on either the weekly “mini” TRR or the monthly TRR. With regard to enrollment, the PDP sponsor will have the following options:

1. Monthly TRR: Notices and information must be provided as described in §§ 30.4.1 and 30.4.2 of this guidance; or
2. Weekly “mini” TRR: The PDP sponsor may provide all the information and required notices in §§ 30.4.1 and 30.4.2 in a single notice within 5 business days of the receipt of the weekly mini TRR (use Exhibit 4).

30.4.1 - Prior to the Effective Date of Enrollment

Prior to the effective date of enrollment, the PDP sponsor must provide the member with all the necessary information about being a Medicare member of the PDP sponsor, the PDP sponsor rules, and the member’s rights and responsibilities. (An exception to this requirement is described in §30.4.2.) The PDP sponsor must also provide the following to the individual:

- A copy of the completed enrollment form where applicable, if the individual does not already have a copy of the form;
- A notice acknowledging receipt of the complete enrollment request providing the expected effective date of enrollment (see **Exhibit 2**); and
- Evidence of health insurance coverage so that he/she may begin using the plan services as of the effective date.

NOTE: This is not the same as the Evidence of Coverage document described in Chapter 3 - Marketing. This evidence may be in the form of member cards, the enrollment form, and/or a notice to the member.

NOTE: If the PDP sponsor does not provide the member card prior to the effective date, it must provide it as soon as possible after the effective date.

Regardless of whether an enrollment request is made in a face-to-face interview, by fax, by mail, or by any other mechanism defined and allowed by CMS, the PDP sponsor must explain:

- The charges for which the prospective member will be liable, e.g., any premiums, coinsurance, fees or other amounts; (including general information about the low income subsidy).
- The prospective member's consent to the disclosure and exchange of necessary information between the PDP sponsor and CMS.
- The potential for member liability if it is found that the member is not eligible for Part D at the time coverage begins and the member has used PDP services after the effective date.
- The effective date of coverage and how to obtain services prior to the receipt of an ID card (if the PDP sponsor has not yet provided the ID card).

These requirements for the auto-enrollment and facilitated processes are outlined in §§30.1.4 and 30.1.5, respectively.

30.4.2 - After the Effective Date of Coverage

The CMS recognizes that for some enrollment requests, the PDP sponsor will be unable to provide the materials and notification of the effective date to the individual prior to the effective date, as generally required in §30.4.1. These cases will usually only occur in the last few days of a month, when a complete enrollment request is received by the PDP sponsor, and the effective date is the first of the upcoming month. In these cases, the PDP sponsor must provide the individual all materials described above no later than 7 business days after receipt of the complete enrollment request. In these cases, the PDP sponsor is also strongly encouraged to call the member within 1 business day after the effective date to provide the effective date and explain the PDP rules.

Acceptance/Rejection of Enrollment - Once the PDP sponsor receives a reply listing report from CMS indicating whether the individual's enrollment has been accepted or rejected, the PDP sponsor must notify the individual of CMS' acceptance or rejection of the enrollment within 7 business days of the availability of the reply listing (see **Exhibits 4 and 7**).

The one exception is if the organization receives the initial CMS reply listing that rejects the individual's enrollment due to no Medicare Part A and/or no Medicare Part B but the PDP sponsor has evidence to the contrary. In this case, the PDP sponsor must request a retroactive enrollment correction from the CMS Regional Office (RO) within 45 days from the availability of the initial reply listing. If the RO is unable to process the enrollment correction due to its determination that the individual indeed does not have

Medicare Part A or Part B, the PDP sponsor must reject the enrollment and must notify the individual of the rejection within seven business days following the receipt of the RO determination. Retroactive enrollments are covered in more detail in [§60.4](#).

If a PDP sponsor rejects an enrollment request as described in the paragraph above but at some point later receives additional information from the individual showing entitlement to Medicare Part A and/or enrollment in Part B, the PDP sponsor must obtain a new enrollment request from the individual in order to enroll the individual, and must process the enrollment with a current (i.e., not retroactive) effective date. Refer to [§50.3](#) for more information regarding retroactive enrollments and the 45-day requirement.

30.5 - Enrollments Not Legally Valid

When an enrollment is not legally valid, a retroactive action may be necessary (refer to [§§50.3 and 50.5](#) for more information). In addition, a reinstatement to the plan in which the individual was originally enrolled may be necessary if the invalid enrollment resulted in an individual's disenrollment from his/her original plan of choice.

An enrollment that is not complete is not legally valid. In addition, an enrollment is not legally valid if it is later determined that the individual did not meet eligibility requirements at the time of enrollment. For example, an enrollment is not legally valid if a PDP sponsor or CMS determines at a later date that an incorrect permanent address was provided at the time of enrollment and the actual permanent address is outside the PDP's service area.

There are also instances in which an enrollment that appears to be complete can turn out to be legally invalid. In particular, CMS does not regard an enrollment as actually complete if the individual, or his/her legal representative, did not intend to enroll in the PDP. If there is evidence that the individual did not intend to enroll in the PDP, the PDP sponsor should submit a retroactive disenrollment request to the CMS RO. Evidence of lack of intent to enroll by the individual may include:

- An enrollment request signed by the individual when a legal representative should be signing;
- Request by the individual for cancellation of enrollment before the effective date (refer to [§50.1.1](#) for procedures for processing cancellations);

Payment of the premium does not necessarily indicate an informed decision to enroll. For example, the individual may believe that he/she was purchasing a supplemental health insurance policy, as opposed to enrolling in a PDP.

40 - Disenrollment Procedures

Except as provided for in this section, a PDP sponsor may not, either orally or in writing or by any action or inaction, request or encourage any enrollee to disenroll from a PDP. While a PDP sponsor may contact members to determine the reason for disenrollment, the PDP sponsor must not discourage members from disenrolling after they indicate their desire to do so. The PDP sponsor must apply disenrollment policies in a consistent manner for similar members in similar circumstances.

All notice requirements are summarized in **Appendix 1**. The PDP sponsor must provide disenrollment notices in response to transaction replies received from CMS based upon the monthly transaction reply report (TRR).

40.1 - Voluntary Disenrollment by an Individual

A member may only disenroll from a PDP plan during one of the periods outlined in §§20.2 and 20.3. The member may disenroll by:

1. Giving or faxing a signed written notice to the PDP sponsor, or through their employer group/union, where applicable;
2. Submitting a request via Internet to the PDP sponsor (if the PDP sponsor offers such an option);
3. Calling 1-800-MEDICARE.

If a member verbally requests disenrollment from the PDP, the PDP sponsor must instruct the member to make the request via one of the 3 processes outlined above. The PDP sponsor may send a disenrollment form to the member upon request (see **Exhibits 8 and 9**).

The disenrollment request must be dated when it is initially received at the PDP sponsor's business offices.

When someone other than the Medicare beneficiary completes a disenrollment request, he or she must:

- 1) Attest that he or she has the authority under State law to make the disenrollment request on behalf of the individual;
- 2) Attest that a copy of the proof of other authorization required by State law that empowers the individual to effect a disenrollment request on behalf of the applicant is available upon request by the PDP sponsor or CMS. Acceptable documentation may include items such as court-appointed legal guardianship or durable power of attorney; and
- 3) Provide contact information.

40.1.1 - Requests Submitted via Internet

The PDP sponsor has the option to allow members to submit disenrollment requests via the Internet; however, certain conditions must be met. The PDP sponsor must, at a minimum, comply with the CMS internet architecture requirements - found at <http://www.cms.hhs.gov/it/enterprisearchitecture/default.asp>. The PDP sponsor may also include additional security provisions.

The CMS reserves the right to audit the PDP sponsor to ascertain whether it is in compliance with the security policy.

40.1.2 - Request Signature and Date

When requesting voluntary disenrollment by submitting a written request, the individual must sign the disenrollment request. If the individual is unable to sign, a legal representative must sign the request (refer to [§30.2.1](#) for more detail on who may complete enrollment and disenrollment requests).

The individual and/or legal representative should write the date he/she signed the disenrollment request; however, if he/she inadvertently fails to include the date, then the date of receipt that the PDP sponsor places on the request form will serve as the “signature date.”

40.1.3 - Effective Date of Disenrollment

The enrollment/disenrollment period during which a valid request to disenroll was received by the PDP organization will determine the effective date of the disenrollment request; refer to [§20.5](#) for information regarding disenrollment effective dates.

With the exception of some SEPs and when periods overlap, individuals may not choose the effective date of disenrollment. Instead, the PDP sponsor is responsible for assigning the appropriate effective date based on the enrollment period. During face-to-face disenrollments, or when a beneficiary calls about a disenrollment, the PDP sponsor staff are responsible for ensuring that a beneficiary does not attempt to choose an effective date that is not allowed under the requirements outlined in [§20.5](#).

If an individual submits a disenrollment request with an unallowable effective date, the PDP sponsor must contact the beneficiary to explain that the disenrollment must be processed with a different effective date. The organization should resolve the issue with the beneficiary as to the correct effective date, and the contact must be documented. If the beneficiary refuses to have the disenrollment processed with the correct effective date, the beneficiary can cancel the disenrollment according to the procedures outlined in [§50.2.2](#).

40.1.4 – PDP Sponsor Denial of Voluntary Disenrollment Request

If the PDP sponsor receives a disenrollment request that it must deny, the PDP sponsor must notify the enrollee within 7 business days of the receipt of the request, and must include the reason for the denial (see **Exhibit 6**).

A PDP sponsor may only deny a voluntary request for disenrollment when:

1. The request was made outside of an allowable period as described in §20 of this guidance; or
2. The request was made by someone other than the enrollee and that individual is not the enrollee's legal representative.

40.1.5 - Notice Requirements

After the member submits a disenrollment request, the PDP sponsor must provide the individual a disenrollment notice within 7 business days of receipt of the request to disenroll (see **Exhibit 10**). The disenrollment notice must include an explanation that the individual remains enrolled in the PDP until the effective date of the disenrollment. For these types of disenrollments, i.e., disenrollments in which the individual has disenrolled directly through the PDP sponsor, PDP sponsors are encouraged, but not required, to follow up with a confirmation of disenrollment letter after receiving CMS confirmation of the disenrollment from the reply listing.

Since Medicare beneficiaries have the option of disenrolling through 1-800-MEDICARE, or by enrolling in another Part D plan, the PDP sponsor will not always receive a request for disenrollment directly from the individual but will instead learn of the disenrollment through the CMS Reply Listing Report. If the PDP sponsor learns of the disenrollment from the CMS reply listing (as opposed to through the receipt of a request from the enrollee), the PDP sponsor must send a notice of confirmation of the disenrollment to the individual within seven business days of the availability of the reply listing (see **Exhibit 11**).

For a PDP sponsor denial of voluntary disenrollment as described in §40.1.4, the denial notice must be sent within 7 business days of the receipt of the request and must include the reason for denial (see **Exhibit 11a**).

40.2 - Required Involuntary Disenrollment

A PDP organization must disenroll a individual from a PDP in the following cases.

1. A change in residence making the individual ineligible to be an enrollee of the PDP (§40.2.1)
2. The individual loses entitlement to Medicare (§40.2.2);

3. The individual dies (§40.2.3); or
4. The PDP contract is terminated, or the PDP organization discontinues offering a PDP in any portion of the area where the PDP had previously been available (§40.2.4); or
5. The individual materially misrepresents information to the PDP organization regarding reimbursement for third-party coverage (§40.2.5).

40.2.1 - Individuals Who Change Residence

The PDP sponsor must disenroll an individual:

- who notifies the PDP that he or she no longer resides in the service area of a PDP; or
- if the PDP sponsor receives documented proof of a beneficiary address change that is outside the PDP service area from either CMS (i.e. a state and county code change on the transaction reply report) or from the U.S. Post Office.

An SEP, as defined in §20.4.1, applies to individuals who are disenrolled due to a change in residence. An individual may choose another PDP during this SEP.

Researching and Acting on a Change of Address

If notification is received from the individual (or legal representative), the PDP sponsor must retain documentation from the individual (or legal representative) of the notice of the permanent change in address. The PDP sponsor must disenroll the individual and provide proper notice.

As for receiving address changes that are outside the PDP service area from other sources, a PDP sponsor may only act on such information if received from CMS (i.e. a state and county code change on the transaction reply report) or from the U.S. Post Office. Once received, the PDP sponsor must make an attempt to contact the member to verify address information and document their efforts. The PDP sponsor may require members to provide written verification of changes in address, but they may also choose to allow verbal verification, as long as the PDP sponsor applies the policy consistently among all members.

If the PDP sponsor does not receive confirmation from the member (or his or her legal representative) within a six month period, the PDP sponsor must initiate disenrollment. The six month period will begin on the date the change in address is identified (e.g. through the transaction reply report).

Effective Date

Disenrollment is effective on the first of the month following the month in which the individual (or his or her legal representative) provides notice of the permanent move to the PDP organization. However, in the case of an individual who provides advance notice of the move, the disenrollment be the first of the month following the month in which the individual indicates he/she will be moving.

Disenrollment as a result of receiving information from either CMS or the U.S. Post Office will be effective the first day of the calendar month after 6 months have passed.

40.2.2 - Loss of Entitlement to Medicare Part A or Part B

An individual who is no longer entitled to either Medicare Part A and/or Part B benefits may not remain enrolled in a PDP. The organization will be notified by CMS that entitlement to Medicare Part A and/or Part B has ended, and CMS will make the disenrollment effective the first day of the month following the last month of entitlement to Medicare Part A and/or Part B benefits.

Notice Requirements – Notice must be provided when the disenrollment is due to the loss of entitlement to either Medicare Part A or Part B (see **Exhibit 12**) so that any erroneous disenrollments can be corrected as soon as possible. In cases of erroneous disenrollment and notification, see §50.2.1.

40.2.3 - Death

CMS will disenroll an individual from a PDP sponsor upon his/her death and CMS will notify the PDP organization that the individual has died. This disenrollment is effective the first day of the calendar month following the month of death.

Notice Requirements - In cases where the disenrollment is based on an apparent death, notice must be sent to the member or the estate of the member (see **Exhibit 13**) so that any erroneous disenrollments can be corrected as soon as possible. In cases of erroneous disenrollment and notification, refer to §50.2.1.

40.2.4 - Terminations/Nonrenewals

The PDP organization must disenroll an individual from a PDP if the PDP contract is terminated, or if the PDP organization discontinues offering the PDP or non-renews the PDP in any portion of the area where the PDP had previously been available.

An individual who is disenrolled under these provisions has an SEP, as described in §20.4.3, to enroll in a different PDP.

Notice Requirements - The PDP sponsor must give each Medicare individual a written notice of the effective date of the termination, and include a description of alternatives for obtaining benefits under the Medicare program. CMS will provide further guidance to affected sponsors, as required by 42 CFR 423.507 - 423.509.

40.2.5 – Material Misrepresentation Regarding Third-Party Reimbursement

If a PDP enrollee intentionally withholds or falsifies information about third-party reimbursement coverage, CMS requires that the individual be disenrolled from the PDP. Involuntary disenrollment for this reason requires CMS approval. The PDP sponsor must submit any information it has regarding the claim of material misrepresentation to its CMS Regional Office plan manager for review. Disenrollment for material misrepresentation of this information is effective the first of the month following the month in which the enrollee is notified of the disenrollment, or as CMS specifies.

40.3 - Optional Involuntary Disenrollments

A PDP sponsor may disenroll a member from a PDP it offers if:

- Premiums are not paid on a timely basis (§40.3.1);
- The member engages in disruptive behavior (§40.3.2); or
- The member provides fraudulent information on an enrollment request, or if the member permits abuse of an enrollment card in the PDP (§40.3.3).

Notice Requirements - In situations where the PDP sponsor disenrolls the member involuntarily for any of the reasons addressed above, the PDP sponsor must send notice of the upcoming disenrollment that meets the following requirements:

- Advises the member that the PDP sponsor is planning to disenroll the member and why such action is occurring;
- Provides the effective date of termination; and
- Includes an explanation of the member's right to a hearing under the PDP sponsor's grievance procedures.

Unless otherwise indicated, all notices must be mailed to the member before submission of the disenrollment transaction to CMS.

40.3.1 - Failure to Pay Premiums

PDP sponsors may not disenroll a member who fails to pay PDP cost sharing under this provision. However, a PDP sponsor has two options when a member fails to pay the PDP's premiums.

For each of its PDPs, the PDP sponsor must take action consistently among all members, i.e., a PDP sponsor may have different policies among its different PDPs, but it may not have different policies within a PDP.

The PDP sponsor may:

1. Do nothing, i.e., allow the member to remain enrolled in the same PDP;
2. Disenroll the member after a grace period and proper notice.

If the PDP sponsor chooses to disenroll the member, this action may only be accomplished by the PDP sponsor after the sponsor makes a reasonable attempt to collect the payment. If payment has not been received within a grace period, the individual will be disenrolled.

In the case of an enrollee who requests premium withhold from an SSA benefit check, the PDP sponsor must wait until it receives a reply from CMS rejecting this request (for example, if the individual does not have a benefit large enough to pay the entire premium through withholding) before considering the premium "unpaid." The PDP sponsor must then notify the enrollee when a premium withhold request is rejected and provide him or her with an opportunity to pay the premium. In this case, the grace period must be extended to accommodate this process.

If the individual does not provide payment by the due date, the plan would initiate the non-payment of premium process. The PDP sponsor must send a notice of non-payment of premiums **within** 7 business days after the premium due date (**see Exhibit 18**).

While the PDP sponsor may accept partial payments, it has the right to ask for full payment within the grace period. If the member does not pay the required amount within the grace period, the effective date of disenrollment is the first day of the month after the grace period ends. **The PDP sponsor has the right to take action to collect the unpaid premiums from the beneficiary at any point during or after this process.**

If a member is disenrolled for failure to pay premiums and attempts to re-enroll in the organization, the PDP sponsor may require the individual to pay any outstanding premiums owed to the PDP sponsor before accepting the enrollment.

Calculating the Grace Period

A PDP sponsor must provide plan enrollees with a grace period of not less than 1 calendar month, however it may provide a grace period that is longer than 1 month, at its discretion.

The **grace period** must be a minimum of 1 calendar month that begins on the 1st day of the month on or after the due date for the unpaid premium amount. However, the grace period cannot begin until the individual has been notified of/billed for the actual premium amount due, with such notice/bill specifying the due date for that amount and provided an opportunity to pay. For new enrollees, a PDP sponsor must wait until notified by CMS of the actual premium which the beneficiary is responsible for paying directly before the individual can be notified of/billed for the amount due; for these individuals, the due date cannot be until after the sponsor receives notification from CMS as to the beneficiary's premium and notifies the individual of the amount due. The grace period can then begin no earlier than the first day of the month on or after the due date.

PDP sponsors have the following options in calculating and applying the grace period. The organization must apply the same option for all members of a plan.

A - PDP sponsors may consider the grace period to end not less than 1 calendar month after the first day of the month for which premium is unpaid.

If the overdue premium and all other premiums that become due during the grace period (in accordance with the terms of the member's agreement with the PDP sponsor) are not paid in full by the end of the grace period, the PDP sponsor may terminate the member's coverage.

As mentioned previously, the individual must be notified/billed of the actual premium amount due before the premium can be considered "unpaid." For new enrollees, at a minimum, this cannot occur until CMS notifies the PDP sponsor of the total premium due from the individual. Upon CMS notification, the PDP sponsor would bill the individual of the amount due, with a prospective due date.

Under this scenario, PDP sponsors are encouraged to send subsequent notices as reminders or to show that additional premiums are due. Subsequent notices, therefore, should determine the expiration date of the grace period by reference to this date. Notice requirements are summarized in this section under the heading "notice requirements."

Example A: Plan XYZ has a 1-month grace period for premium payment. Plan member Mr. Stone's premium was due on February 1, 2006. He did not pay this premium and on February 7th, the PDP sponsor sent an appropriate notice. Mr. Stone ignores this notice and any subsequent premium bills. The grace period is the month of February. If Mr. Stone does not pay his plan premium before the end of February, he will be disenrolled as of March 1, 2006.

Example B: Plan QRS has a 2-month grace period for premium payment. Plan member Mrs. Monsoon’s premium was due on July 1, 2006. She did not pay this premium and on July 6th, the PDP sponsor sent an appropriate notice. Mrs. Monsoon ignores this notice and subsequent premium bills. The grace period is the months of July and August. If Mrs. Monsoon does not pay her premiums in full by the end of this period (August 31st), she will be disenrolled effective September 1, 2006.

The PDP sponsor must state that it requires the member to make full payment within the grace period, and pay all premiums falling due within that period, in its initial delinquency notice to the member if it chooses this policy.

B - PDP sponsors may use a “rollover” approach in applying the grace period.

Under this scenario, the grace period would begin on the first of the month for which the premium is unpaid, but if the member makes a premium payment within the grace period, the grace period stops, and the PDP sponsor would then send another notice informing the member of any overdue payments. The member would then have a new grace period beginning on the 1st day of the next month for which the premium is unpaid. (The subsequent notice also would have to be sent within 7 business days of the date the subsequent premiums became delinquent and the notice otherwise would have to comply with the requirements for such notices, discussed below.) This process would continue until the member’s balance for overdue premiums was paid in full or until the grace period expired with no premium payments being made, at which time the PDP sponsor could terminate (or reduce, if applicable) the member’s coverage.

EXAMPLE

Plan WXY has decided to offer a 2 –month grace period for non-payment of PDP premiums and has chosen the “rollover” approach to calculating the grace period. A member fails to pay his January premium due January 1. The PDP sponsor sends a notice to the member on January 7th stating that his coverage will be terminated if the outstanding premium is not paid within the grace period. The notice advises him that his termination date would be March 1. The member fails to pay his February premium, and receives a second notice from the PDP sponsor on February 9th. The member then pays the January premium, but does not pay the February premium. The grace period is recalculated to begin on the 1st of the next month for which the premium is unpaid (February 1). The PDP sponsor sends a notice to the member reflecting the new grace period, and the new anticipated termination date of April 1st. The member pays off his balance in full before the grace period expires, therefore the member’s coverage in the PDP remains intact.

Notice Requirements - If the PDP sponsor chooses to disenroll the member when a member has not paid PDP premiums, the PDP sponsor must send an appropriate written notice to the member **within 7 business days** after the date the premiums were due (see **Exhibit 18**). The PDP sponsor may send interim notices after the initial notice.

In addition to the notice requirements outlined in [§50.3](#), this notice must:

- Alert the member that the premiums are delinquent, and;
- Provide the member with an explanation of disenrollment procedures advising the member that failure to pay the premiums within the grace period that began on the 1st of the month for which premium was unpaid will result in termination, and the proposed effective date of this action;
- Explain whether the PDP sponsor requires full payment within the grace period (including the payment of all premiums falling due during the intervening days, when and as they become due, according to the terms of the membership agreement) in order to avoid termination.

If a member does not pay within the grace period, and the PDP sponsor's policy is to disenroll the member, the PDP sponsor must notify the member in writing after the expiration of the grace period and prior to submission of the transaction to CMS that the PDP sponsor is planning on disenrolling him/her and provide the effective date of the member's disenrollment (see **Exhibit 19**). In addition, the PDP sponsor must send final confirmation of disenrollment to the member after receiving the reply listing report to ensure the individual does not continue to access PDP sponsor services (see **Exhibit 20**).

Optional Exception for Dual-Eligible Individuals

PDP sponsors have the **option** to retain dually eligible members who fail to pay premiums even if the PDP sponsor has a policy to disenroll members for non-payment of premiums. (Dually eligible individuals are defined as individuals who are entitled to Medicare Part A and Part B, and receive any type of assistance from the Title XIX (Medicaid) program.)

The PDP sponsor has the discretion to offer this option to dually eligible individuals within each of its PDPs. If the PDP sponsor offers this option in one of its PDPs, it must apply the policy to all dual eligible individuals in that PDP.

Members of a PDP must be informed at least 30 days before a policy changes within the plan. PDP sponsors will have the discretion as to how it will notify its members of the change, e.g. in an upcoming newsletter or other member mailing, such as the Annual Notice of Change. CMS recommends a general statement in such notifications to avoid confusing other members for whom the policy does not apply.

Example: "If you receive medical assistance and are having difficulty paying your plan premiums or cost sharing, please contact us."

The plan must document this policy internally and have it available for CMS review.

40.3.2 - Disruptive Behavior

The PDP sponsor **may** disenroll a member if his/her behavior is disruptive to the extent that his/her continued enrollment in the PDP substantially impairs the PDP sponsor's ability to arrange for or provide services to either that particular member or other members of the PDP. However, the PDP sponsor may only disenroll a member for disruptive behavior after it has met the requirements of this section and with CMS' approval. The PDP sponsor may not disenroll a member because he/she exercises the option to make treatment decisions with which the PDP sponsor disagrees. The PDP sponsor may not disenroll a member because he/she chooses not to comply with any treatment regimen developed by the PDP sponsor or any health care professionals associated with the PDP sponsor.

Before requesting CMS' approval of disenrollment for disruptive behavior, the PDP sponsor must make a serious effort to resolve the problems presented by the member. Such efforts must include providing reasonable accommodations, as determined by CMS, for individuals with mental or cognitive conditions, including mental illness and developmental disabilities. The PDP sponsor must also inform the individual of his or her right to use the organization's grievance procedures.

The PDP sponsor must submit documentation of the specific case to CMS for review. This includes documentation:

- Of the disruptive behavior;
- Of the PDP sponsor's serious efforts to resolve the problem with the individual;
- Of the PDP sponsor's effort to provide reasonable accommodations for individuals with disabilities, if applicable, in accordance with the Americans with Disabilities Act;
- Establishing that the member's behavior is not related to the use, or lack of use, of medical services;
- Describing any extenuating circumstances cited under 42 CFR §423.44(d)(2)(iii) and (iv);
- That the PDP sponsor provided the member with appropriate written notice of the consequences of continued disruptive behavior (see Notice Requirements); and
- That the PDP sponsor then provided written notice of its intent to request involuntary disenrollment (see Notice Requirements).

The PDP sponsor must submit to the CMS Regional Office:

- The above documentation;

- The thorough explanation of the reason for the request detailing how the individual's behavior has impacted the PDP sponsor's ability to arrange for or provide services to the individual or other members of the PDP;
- Statements from providers describing their experiences with the member; and
- Any information provided by the member.
- The PDP sponsor may request that CMS consider prohibiting re-enrollment in the PDP (or PDPs) offered by the PDP sponsor in the service area.

The PDP sponsor's request for involuntary disenrollment for disruptive behavior must be complete, as described above. The CMS Regional Office will review this documentation and consult with CMS Central Office (CO), including staff with appropriate clinical or medical expertise, and decide whether the organization may involuntarily disenroll the member. Such review will include any documentation or information provided either by the organization and the member (information provided by the member must be forwarded by the organization to the CMS RO). CMS will make the decision within 20 business days after receipt of all the information required to complete its review. CMS will notify the PDP sponsor within 5 (five) business days after making its decision.

The Regional Office will obtain Central Office concurrence before approving an involuntary disenrollment. The disenrollment is effective the first day of the calendar month after the month in which the organization gives the member a written notice of the disenrollment, or as provided by CMS.

If the request for involuntary disenrollment for disruptive behavior is approved, CMS may require the PDP sponsor to provide reasonable accommodations to the individual in such exceptional circumstances that CMS deems necessary. An example of a reasonable accommodation in this context is that CMS could require the PDP sponsor to delay the effective date of involuntary disenrollment to coordinate with an enrollment period that would permit the individual an opportunity to obtain other coverage. If necessary, CMS will establish an SEP on a case-by-case basis.

Notice Requirements

The disenrollment for disruptive behavior process requires 3 (three) written notices:

- Advance notice to inform the member that the consequences of continued disruptive behavior will be disenrollment;
- Notice of intent to request CMS' permission to disenroll the member; and

- A planned action notice advising that CMS has approved the PDP sponsor's request.

Advance Notice

Prior to forwarding an involuntary disenrollment request to CMS, the PDP sponsor must provide the member with written notice explaining that his/her continued behavior may result in involuntary disenrollment, and that cessation of the undesirable behavior may prevent this action. The notice must also inform the individual of his or her right to use the organization's grievance procedures. The PDP sponsor must include a copy of this notice and the date it was provided to the member in any information forwarded to CMS. **NOTE:** If the disruptive behavior ceases after the member receives notice and then later resumes, the PDP sponsor must begin the process again. This includes sending another advance notice.

Notice of Intent

If the member's disruptive behavior continues despite the PDP sponsor's efforts, then the PDP sponsor must notify him/her of its intent to request CMS' permission to disenroll him/her for disruptive behavior. This notice must also advise the member of his/her right to use the organization's grievance procedures and to submit any information or explanation. The PDP sponsor must include a copy of this notice and the date it was provided to the member in any information forwarded to CMS.

Planned Action Notice

If CMS permits a PDP sponsor to disenroll a member for disruptive behavior, the PDP sponsor must provide the member with a written notice that contains, in addition to the notice requirements outlined in [§40.3](#), a statement that this action was approved by CMS and meets the requirements for disenrollment due to disruptive behavior described above. The PDP sponsor may only provide the member with this required notice after CMS notifies the PDP sponsor of its approval of the request.

The PDP sponsor can only submit the disenrollment transaction to CMS after providing the notice of disenrollment (Planned Action Notice) to the individual. The disenrollment is effective the first day of the calendar month after the month in which the PDP sponsor gives the member a written notice of the disenrollment, or as provided by CMS.

40.3.3 - Fraud and Abuse

A PDP sponsor may disenroll a member who knowingly provides fraudulent information on the enrollment request that materially affects the member's eligibility to enroll in the plan. The sponsor may also disenroll a member who intentionally permits others to use his/her enrollment card to obtain services or supplies from the plan or any authorized plan provider. Such a disenrollment is effective the first day of the calendar month after the month in which the sponsor gives the member the written notice.

When such a disenrollment occurs, the sponsor must immediately notify the CMS RO so the Office of the Inspector General may initiate an investigation of the alleged fraud and/or abuse.

Notice Requirements - The PDP sponsor must give the member a written notice of the disenrollment that contains the information required at [§40.3](#).

40.4 - Processing Disenrollments

Procedures for processing voluntary and involuntary disenrollments are described below.

40.4.1 - Voluntary Disenrollments

After receipt of a completed disenrollment request from an enrollee, the PDP sponsor is responsible for submitting disenrollment transactions to CMS in a timely, accurate fashion. Such transmissions must occur within 30 calendar days of receipt of the completed disenrollment request, in order to ensure the correct effective date.

The PDP sponsor must maintain a system for receiving, controlling, and processing voluntary disenrollments from the PDP sponsor. This system should include:

- Dating each disenrollment request as of the date it is received (regardless of whether the request is complete at the time it is received by the PDP sponsor) to establish the date of receipt;
- Dating supporting documents for disenrollment requests as of the date they are received, with the last piece of information establishing the “date of receipt” of disenrollment forms that were incomplete when originally received;
- Determining if the voluntary request is valid according to the requirements in [§40.1](#) of this guidance;
- Processing disenrollment requests in chronological order by date of receipt of completed disenrollment requests;
- Transmitting disenrollment information to CMS within 30 calendar days of the receipt of the completed disenrollment request from the individual or the employer group/union (whichever applies). If the disenrollment information is received through the employer, the PDP sponsor must obtain the member’s written request to the employer group/union to disenroll;
- For disenrollment requests received by the PDP sponsor, notifying the member in writing within seven business days after receiving the member’s written request, to acknowledge receipt of the completed disenrollment request, and to provide the effective date (see **Exhibit 10**). PDP sponsors are encouraged, but not required, to

follow up with a confirmation of disenrollment letter after receiving CMS confirmation of the disenrollment from the reply listing.

When the voluntary disenrollment is denied, the PDP sponsor must send written notice within 7 business days of the receipt of the request and include the reason for denial (see **Exhibit 6**).

- For all other voluntary disenrollments (i.e., voluntary disenrollments made by the beneficiary through 1-800-MEDICARE, or by enrolling in another Medicare health plan or PDP, which the PDP sponsor would not learn of until receiving the reply listing), the PDP sponsor must notify the member in writing to confirm the effective date of disenrollment within seven **business** days of the availability of the reply listing (see **Exhibit 11**).

40.4.2 - Involuntary Disenrollments

The PDP sponsor is responsible for submitting involuntary disenrollment transactions to CMS in a timely, accurate fashion.

The PDP sponsor must maintain a system for controlling and processing involuntary disenrollments from the PDP sponsor. This includes:

- Maintaining documentation leading to the decision to involuntarily disenroll the member; and
- For all involuntary disenrollments except disenrollments due to death and loss of entitlement to Medicare Parts A and/or B, notifying the member in writing of the upcoming involuntary disenrollment, including providing information on grievances rights, as provided in the applicable section of this guidance.

In addition, PDP sponsors must send confirmation of involuntary disenrollment to ensure the member discontinues use of PDP sponsor services after the disenrollment date.

40.5 - Disenrollments Not Legally Valid

When a disenrollment request that is not legally valid has been processed, a reinstatement action may be necessary (refer to §50.2 for more information on reinstatements). In addition, the reinstatement may result in a retroactive disenrollment from another plan. Since optional involuntary disenrollments (as stated in [§40.3](#)) are considered legal and valid disenrollments, individuals would not qualify for reinstatements in these cases.

A voluntary disenrollment that is not complete is not legally valid. In addition, there are instances in which a disenrollment that appears to be complete can turn out to be legally invalid. For example, automatic disenrollments due to an erroneous death indicator or an erroneous loss of Medicare Part A or Part B indicator are not legally valid.

CMS also does not regard a voluntary disenrollment as actually complete if the member or his/her legal representative did not intend to disenroll from the PDP. If there is evidence that the member did not intend to disenroll from the PDP, the PDP sponsor should submit a reinstatement request to the CMS RO. Evidence that a member did not intend to disenroll may include:

- A disenrollment request signed by the member when a legal representative should be signing for the member; or
- Request by the member for cancellation of disenrollment before the effective date (refer to [§50.1](#) for procedures for processing cancellations).

Discontinuation of payment of premiums does not necessarily indicate that the member has made an informed decision to disenroll.

In contrast, CMS believes that a member's deliberate attempt to disenroll from a plan (e.g., sending a written request for disenrollment to the PDP sponsor, or calling 1-800-MEDICARE) implies intent to disenroll. Therefore, unless other factors indicate that this disenrollment is not valid, what appears to be a deliberate, member-initiated disenrollment should be considered valid.

40.6 - Disenrollment Procedures for Employer Group/Union Health Plans

When an employer group terminates its contract as or with a PDP sponsor, or determines that an enrollee in its program is no longer eligible to participate in the employer group/union plan, the PDP sponsor has the option to follow one of two procedures to disenroll beneficiaries. The PDP sponsor should outline its policy in its policy and procedures guide and must notify the Regional Office. It is the PDP sponsor's responsibility to ensure that the process it has chosen is understood by the employer or union group and is part of the agreement with the employer.

NOTE: The employer establishes criteria for its retirees to participate in the employer group sponsored PDP. These criteria are exclusive of the eligibility criteria for PDP enrollment. Eligibility criteria to participate and receive employer-sponsored benefits may include spouse/family status, payment to the employer of the individual's part of the premium, or other criteria determined by the employer.

Option 1: Follow the basic requirements outlined in this chapter for individual disenrollments:

- a. Using the SEP provided to individuals who are making enrollment and disenrollment requests through their employer group/union, beneficiaries may enroll in another PDP sponsor offered by the employer group/union during the employer group/union's open season. As with any disenrollment, the old PDP sponsor is obligated to send a notice of disenrollment to the beneficiary.

- b. Using the SEP authority, the beneficiary may choose to disenroll from the employer group/union sponsored PDP. If the beneficiary is disenrolling he/she would submit a disenrollment request to the PDP sponsor. If the beneficiary is enrolling in a different PDP as an individual member, he/she would submit an enrollment request to his/her newly chosen PDP sponsor. As with any disenrollment, the old PDP sponsor is obligated to send a confirmation of disenrollment to the beneficiary.
- c. If the beneficiary does not elect a new employer-contracting PDP sponsor, does not disenroll or does not join a new PDP as an individual member, the beneficiary would remain a member of the original PDP sponsor even after the employer group non-renewal has gone into effect, or after the date the individual is no longer eligible to participate in the employer group plan. The beneficiary would become a member of an individual PDP within the same PDP sponsor that provided his/her employer group coverage. The PDP sponsor must notify the beneficiary that his/her benefits, premiums, and/or co-payments are changing 30 days prior to the effective date of the enrollment in the individual PDP. (**Note** this item does not apply to Employer Direct PDP sponsors as there is no individual PDP product offered.)

Option 2: If an employer group/union is terminating its contract with (or, in the case of an Employer Direct contract, as) a PDP sponsor, or determines that an enrollee in its program is no longer eligible to participate in that employer group/union sponsored plan, CMS will permit disenrollments to be submitted by the PDP sponsor providing:

The employer group/union agrees to the following:

- The employer group/union must send a letter/notification to its members alerting them of the termination event and other insurance options that may be available to them through their employer group/union.
- If the employer group/union offers other Part D options, the beneficiary must go through the appropriate process to make an enrollment choice with his/her employer group/union.
- The employer group/union must provide timely notice (i.e., not retroactive) of enrollee ineligibility or contract termination to the PDP sponsor to facilitate the notice requirements as described below.

The PDP sponsor must: (**Note** - the following does not apply to Employer Direct PDP sponsors as they do not offer an individual product)

- Inform the individual at least 30 days prior to the contract termination date, or the date an enrollee will become ineligible for participation in the employer

group/union plan, that he/she has the option to remain as an individual member of another plan offered by the PDP sponsor.

- Give the beneficiary the necessary instructions to remain enrolled in another plan offered by the PDP sponsor as an individual member.

40.6.1 Group Disenrollment for Employer Group/Union Sponsored PDPs

CMS has provided, under our authority to waive or modify Part D requirements that hinder the design of, the offering of, or the enrollment in an employer or union sponsored Part D retiree plans, a process for group disenrollment from employer or union sponsored PDPs.

CMS will allow an employer group or union to disenroll its retirees from a PDP using a group disenrollment process.

The group disenrollment process must include notification to each beneficiary as follows:

- All beneficiaries must be notified that the group intends to disenroll them from the PDP that the group is offering; and
- This notice must be provided not less than 30 calendar days prior to the effective date of the beneficiary's disenrollment from the group sponsored PDP.

Additionally, the information provided must include an explanation on how to contact Medicare for information on other Part D options that might be available to the beneficiaries.

The employer group or union must have and provide all the information required for the PDP sponsor to submit a complete disenrollment request transaction to CMS as described in this and other CMS Part D systems guidance.

NOTE: This process applies to employer group/union direct contract PDP sponsors and MA Organizations and PDP sponsors that offer employer group/union-only plans.

50 - Post-Enrollment Activities

Post-enrollment activities occur after the PDP sponsor receives the enrollment request from the individual.

50.1 - Cancellations

Cancellations may be necessary in cases of mistaken enrollment or disenrollment made by an individual. Requests for cancellations can only be accepted prior to the effective date of the enrollment or disenrollment request.

If a cancellation occurs after CMS records have changed, retroactive disenrollment and reinstatement actions may be necessary.

If a beneficiary verbally requests a cancellation of an enrollment or disenrollment request, the PDP sponsor must document the request and process the cancellation. PDP sponsors may request that the cancellation be made in writing to the PDP sponsor. However, they may not delay processing of a cancellation until the request is made in writing if they have already received verbal confirmation from the individual of the desire to cancel the enrollment or disenrollment.

50.1.1 - Cancellation of Enrollment

An individual's enrollment can only be cancelled if the request is made prior to the effective date of the enrollment.

To ensure the cancellation is honored, the PDP sponsor should not transmit the enrollment to CMS. If, however, the organization had already transmitted the enrollment by the time it receives the request for cancellation, it should delete the now void enrollment transaction from the CMS enrollment system. In the event the PDP sponsor has submitted the enrollment and is unable to submit a "canceling" disenrollment transaction, or has other difficulty, the PDP sponsor should contact the CMS RO in order to cancel the enrollment.

When canceling an enrollment the PDP sponsor must provide a notice to the individual that states that the cancellation is being processed. This notice should be sent within seven business days of the receipt of the cancellation request (see **Exhibit 22**).

If the member's request for cancellation occurs after the effective date of the enrollment, then the cancellation cannot be processed. The PDP sponsor must inform the member that he/she is a member of its plan. If he/she wants to get back into the other PDP he/she will have to fill out an enrollment form to enroll in that plan during an enrollment period, and with a current effective date.

50.1.2 - Cancellation of Disenrollment

A voluntary disenrollment request can only be cancelled by the individual if the request for cancellation is made prior to the effective date of the disenrollment.

To ensure the cancellation is honored, the PDP sponsor should not transmit the disenrollment to CMS. If, however, the organization had already transmitted the

disenrollment by the time it receives the verbal request for cancellation, it may attempt to submit a corresponding enrollment transaction to CMS to “cancel out” the now void disenrollment transaction. In the event the PDP sponsor has submitted the disenrollment and is unable to submit the “canceling” enrollment transaction, or has other difficulty, the PDP sponsor then the organization should contact the CMS RO in order to cancel the disenrollment.

The PDP sponsor must send a letter to the member that states that the cancellation is being processed and instructs the member to continue using PDP services (see **Exhibit 22**). This notice should be sent within seven business days of the request.

If the member’s request for cancellation occurs after the effective date of the disenrollment, then the cancellation cannot be processed. In some cases, reinstatement due to a mistaken disenrollment will be allowed, as outlined in [§50.2.2](#). If a reinstatement will not be allowed, the PDP sponsor should instruct the member to fill out and sign a new enrollment form to re-enroll with the PDP sponsor during an enrollment period (described in [§20](#)), and with a current effective date, using the appropriate effective date as prescribed in [§20.5](#).

50.2 - Reinstatements

Reinstatements may be necessary if a disenrollment is not legally valid (refer to [§40.5](#) to determine whether a disenrollment is not legally valid). The most common reasons warranting reinstatements are:

1. Disenrollment due to erroneous death indicator,
2. Disenrollment due to erroneous loss of Medicare Part A or Part B indicator, and
3. Mistaken disenrollment. In unique circumstances, a sponsor may consult with the RO to reinstate members.

The RO will approve such reinstatements on a case-by-case basis.

A reinstatement is viewed as a correction necessary to “erase” a disenrollment action and to ensure no gaps in coverage occur. Therefore, reinstatements may be made retroactively.

When a disenrolled member contacts the PDP sponsor to state that he/she was disenrolled due to any of the reasons listed above, and states that he/she wants to remain a member of the PDP, then the PDP sponsor must instruct the member in writing as soon as possible to continue to use PDP services (refer to **Exhibit 15**, **Exhibit 16**, and **Exhibit 17** for model letters).

50.2.1 - Reinstatements for Disenrollment Due to Erroneous Death Indicator or Due to Erroneous Loss of Medicare Part A or Part B Indicator

A member can be reinstated if he/she was disenrolled due to an erroneous death or loss of Part A or Part B indicator since he/she was always entitled to remain enrolled.

To request reinstatement from the CMS RO, the PDP sponsor should submit the following information to its RO:

- A copy of the reply listing showing the disenrollment (include the system run date);
- A copy of any disenrollment letter that the PDP may have sent to the individual (see [§40.2.2](#) and [40.2.3](#)). Refer to model letters in Exhibits 10 and 11;
- A copy of any correspondence from the member disputing the disenrollment. Member correspondence could include a summary of the dispute, phone contact reports, and copies of letters;
- A copy of the letter to the member informing him/her to continue to use MA plan services until the issue is resolved. Refer to model letters in Exhibits 15 and 16; and
- Verification that the disenrollment was erroneous. This verification can be shown via documentation from SSA stating its records have been corrected or that its records never showed the member as being deceased or having lost entitlement. It may also be shown by a CMS or CMS subcontractor print screen supporting the uninterrupted existence of Medicare Part A or B entitlement.

50.2.2 - Reinstatements Due to Mistaken Disenrollment Made By Member

Reinstatements generally will not be allowed if the member deliberately initiated a disenrollment. An exception is made for those members who are able to cancel the disenrollment before the effective date of the disenrollment (as outlined in [§40.2.2](#)), given that this type of cancellation generally results in no changes to CMS records.

Reinstatements will be allowed at the request of a member who enrolled in a second PDP sponsor, which resulted in an erroneous disenrollment from the original PDP sponsor in which he/she was enrolled, and who was able to cancel the enrollment in the second PDP sponsor (as outlined in [§40.2.1](#)). When a cancellation of enrollment in a second PDP sponsor is properly made, the associated automatic disenrollment from the first PDP sponsor becomes invalid. Generally, these reinstatements will only be granted when the member submits the request for reinstatement in writing in the time frames described in

the next paragraph, and has only used pharmacy services from providers in the original (first) PDP since the original effective date of the disenrollment.

In these cases, when a disenrolled member verbally contacts the original PDP sponsor to state that he/she mistakenly disenrolled, and states that he/she wants to remain a member of the plan, the PDP sponsor must instruct the member to notify the PDP sponsor in writing of the desire to remain enrolled in the plan within 30 calendar days after the PDP sponsor sent the notice of disenrollment to the individual (i.e., the notice shown in **Exhibit 10**). Regardless of whether the request for reinstatement is verbal or in writing, the PDP sponsor must also instruct the member as soon as possible to continue to use PDP plan services (see **Exhibit 16**).

If the PDP sponsor does not receive the written statement requested from the member within the required time frame, then it must close out the reinstatement request by notifying the individual of the denial of reinstatement (see **Exhibit 17**), and should do so within seven business days after the date the member's written request was due at the PDP sponsor.

To request reinstatement from the CMS RO, the PDP sponsor must submit the following information to its RO:

- A copy of the reply listing showing the disenrollment (include the system run date);
- A copy of the disenrollment letter sent to the individual. Refer to model letter in [Exhibit 10](#) (or [Exhibit 11](#), if appropriate);
- A copy of any correspondence from the member disputing the disenrollment and indicating that he/she wants to remain enrolled in the plan. Member correspondence could include a summary of the facts, phone contact reports, and copies of letters;
- A copy of the letter to the member informing him/her to continue to use PDP plan services until the issue is resolved and instructing him/her to state the intent to continue enrollment in writing. Refer to model letter in [Exhibit 16](#); and
- A copy of the written statement from the member indicating he/she wants to remain enrolled in the PDP.

50.3 - Retroactive Enrollments

Retroactive enrollments will be approved by CMS when an individual has fulfilled all enrollment requirements, but the PDP sponsor or CMS is unable to process the enrollment for the required effective date (as outlined in [§20.4](#)). For errors that occur during the auto-enrollment process, CMS will process the retroactive action as necessary.

Unlike a reinstatement, which is a correction of records to “erase” an action, a retroactive enrollment is viewed as an action to enroll a beneficiary into a plan for a new time period.

The following documentation must be submitted to the RO for all retroactive enrollment requests. The retroactive enrollment request should be made within 45 calendar days of the availability of the first reply listing.

1. A copy of signed completed enrollment form.

NOTE: The form must have been signed by the applicant prior to the requested effective date of coverage, in order to effectuate the requested effective date of coverage.

Or

A copy of the enrollment request record (the record must show that the election was made prior to the requested effective date of coverage).

2. A copy of PDP sponsor’s letter to the member acknowledging receipt of the completed enrollment request. The letter must be dated prior to the requested retroactive effective date of coverage (or, when appropriate as outlined in [§30.4.2](#), within seven business days after the effective date of coverage), in order to effectuate the requested effective date of coverage.
3. For cases of an erroneous indicator of no Medicare entitlement - Copies of two reply listings, including a copy of the system run date, indicating the PDP sponsor’s attempts to correctly enroll the individual and the resulting rejections. One reply listing will be considered acceptable if the PDP sponsor would be unable to obtain a second reply listing and still submit the retroactive enrollment request within 45 calendar days of the availability of the first reply listing; however, two reply listings are preferred. The PDP sponsor may submit the exception report in place of the reply listing. The effective date on the first reply listing must correspond with the requested effective date, in order to effectuate the retroactive effective date of coverage.

If a PDP sponsor is making a retroactive request that is a result of PDP sponsor error or system problems in which the enrollment is not recorded on a timely basis by the PDP sponsor or in CMS records, the PDP sponsor must submit the request to:

- The CMS central office, for a CMS or SSA computer system problem involving multiple members, or
- The CMS RO, for individual cases or situations when the organization is experiencing internal problems.

If the CMS RO is not able to resolve system errors, the recommendation is submitted to CMS central office for correction.

Special note: Auto-enrollment for full-benefit dual eligible as described in §30.1 may be retroactive to ensure no coverage gap between the end of Medicaid coverage for Part D drugs and the beginning of Medicare drug coverage.

50.4 - Retroactive Disenrollments

CMS may grant a retroactive disenrollment if an enrollment was never legally valid ([§30.5](#)) or if a valid request for disenrollment was properly made, but not processed or acted upon (as outlined in the following paragraph), which includes not only system error, but plan error). CMS may also grant a retroactive disenrollment if the reason for the disenrollment is related to a permanent move out of the plan service area (as outlined in [§40.2.1](#)) or a contract violation. Retroactive disenrollments can be submitted to CMS by the beneficiary or a PDP sponsor. Requests from a PDP sponsor must include supporting evidence justifying a late disenrollment. PDP sponsors must submit retroactive disenrollment requests to CMS RO as soon as possible. If CMS approves a request for retroactive disenrollment, the PDP sponsor must return any premium paid by the member for any month for which CMS processed a retroactive disenrollment. In addition, CMS will retrieve any capitation payment for the retroactive period.

A retroactive request must be submitted by the PDP sponsor (or by the member) in cases where the PDP sponsor has not properly processed or acted upon the member's request for disenrollment as required in [§40.4.1](#) of these instructions. A disenrollment request would be considered not properly acted upon or processed if the effective date is a date other than as required in [§20.5](#).

If a PDP sponsor is making a retroactive request that is a result of PDP sponsor error or system problems in which the disenrollment is not recorded on a timely basis by the PDP sponsor or in CMS records, the PDP sponsor must submit the request to:

- The CMS central office, for a CMS or SSA computer system problem involving multiple members, or
- The CMS RO, for individual cases or situations when the organization is experiencing internal problems.

If the CMS RO is not able to resolve system errors, the recommendation is submitted to CMS central office for correction.

If the PDP sponsor is uncertain which CMS office should process the request, the PDP sponsor should contact the CMS RO.

50.5 - Retroactive Transactions for EGHP Members

In some cases, there can be a delay between the time the member makes a valid disenrollment request through the EGHP, and when that request is received by the PDP sponsor. Therefore, retroactive transactions for these routine delays may be necessary and are provided for under this section. Errors made by an EGHP, such as failing to forward a valid enrollment or disenrollment election within the timeframes described below, must be submitted to the CMS RO for review. Repeated errors may indicate an ongoing problem and therefore will be forwarded to the PDP sponsor's CMS Plan Manager for compliance monitoring purposes. The PDP sponsor's agreement with the EGHP should include the need to meet the requirements provided in this chapter that ensure the timely submission of enrollment and disenrollment requests to reduce the need for retroactivity and to help avoid errors.

50.5.1 - EGHP Retroactive Enrollments

CMS will allow the PDP sponsor to submit the EGHP enrollments to CMS with retroactive enrollment dates. However, the effective date cannot be prior to the date the enrollment request was completed by the individual. The effective date may be adjusted to reflect a retroactive enrollment of up to, but not exceeding, 90 days.

EXAMPLE

In March 2007, the CMS system processing date was March 13, 2007. Enrollments processed by CMS for the March 13, 2007 due date were for the prospective April 1, 2007, payment. For EGHPs, an effective date of March 1, February 1, or January 1 would reflect 30-, 60-, and 90-days of retroactive payment adjustment, respectively. Therefore, if a completed EGHP enrollment were to be received on March 5, 2007, the retroactive effective date could be January 1, February 1, or March 1.

No retroactive enrollments may be made unless there has been a valid enrollment request and the PDP sponsor (or EGHP) provided him/her with the explanation of enrollee rights at the time of enrollment. The PDP sponsor should submit such enrollments using a code 60 transaction code. Please refer to CMS systems guidance for PDP sponsors for more detail on the use of code 60.

50.5.2 - EGHP Retroactive Disenrollments

The PDP sponsor must submit a retroactive disenrollment request to the CMS RO if an employer does not provide the PDP sponsor with timely notification of a member's requested disenrollment. Up to a 90-day retroactive disenrollment is possible. The employer notification is considered untimely if it does not result in a disenrollment effective date as outlined in §20.5.

The PDP sponsor must submit a disenrollment notice (i.e., documentation) to CMS demonstrating that the disenrollment request was made in a timely fashion (i.e.,

prospectively), but that the employer was late in providing the information to the PDP sponsor. Such documentation may include an enrollment request made by the member for a different plan and given to the employer during the employer's open enrollment season. Such documentation should be sent to the CMS RO as soon as possible.

50.6 - Storage of Enrollment and Disenrollment Request Records

PDP sponsors are required to retain records of enrollment and disenrollment requests (i.e. copies of enrollment forms, etc.) for the current contract period and 10 (ten) prior periods, as stated at 42 CFR §423.505(e)(1)(iii).

³ As stated in §30.2, a PDP can not refuse to accept an enrollment form when an individual does not have his/her Medicare card available at the time s/he fills out an enrollment form; however, the enrollment form will not be considered complete until the PDP has obtained evidence of entitlement to Medicare Part A and/or enrollment in Part B. We recognize that the PDP needs, at a minimum, the Medicare number in order to verify entitlement to Part A and/or enrollment in Part B; we have accounted for the need for this data element under data element number 4.

⁴ Applicable only to requests made using a paper enrollment form.

⁵ As explained in §30.2, the beneficiary and/or legal representative should provide the date s/he completed the enrollment form; however, if s/he inadvertently fails to include the date on the enrollment request, then the date of receipt that the PDP assigns to the enrollment request may serve as the signature date of the form. Therefore, the signature date is not a necessary element.

Dear <insert member name>

Recently, you should have received a letter from the Centers for Medicare & Medicaid Services (CMS), the federal agency that runs the Medicare program. That letter told you that since your Medicaid prescription drug coverage is ending, CMS is going to enroll in you our <PDP name> that offers Medicare prescription drug coverage.

We have received confirmation from CMS that your enrollment in our <PDP name> that offers Medicare drug coverage will begin <effective date>.

Optional language: This letter is proof of insurance that you should show to your pharmacy until you get your Member ID card from us.

Because you qualify for extra help with your prescription drug costs, you will pay:

- <plan premium less premium assistance for which individual is eligible> per month for your < PDP name > premium,
- [insert \$0 or \$50] for your yearly prescription drug plan deductible,
- [insert copay amount \$0, up to \$1 and \$3, up to \$2 and \$5 copayments,] when you fill a prescription.

Remember, your Medicaid prescription drug coverage is ending now that Medicare will be providing your drug coverage. Some state Medicaid programs may cover those prescriptions that won't be covered under Medicare prescription drug coverage. This coverage alone won't be at least as good as Medicare prescription drug coverage. To continue to have prescription drug coverage, you must be enrolled in a Medicare prescription drug plan, like [plan name].

You are not required to be in our Medicare prescription drug plan. If you want to choose a different Medicare prescription drug plan, simply call that plan to find out how to enroll with them. If you decide not to be enrolled in any Medicare prescription drug plan, and don't have other drug coverage at least as good as Medicare prescription drug coverage, you may have to pay a penalty for this coverage at a later time. If you don't want Medicare prescription drug coverage, call our Member Services Department at <phone number>. TTY users should call <TTY number>. We are open {insert days/hours of operation and, if different, TTY hours of operation}. You will need to tell us you don't want Medicare prescription drug coverage.

Thank you.

Exhibit 26 - PDP Acknowledgement of Request to Decline Part D

<Date>

Dear <Name of Member>:

As you requested, < PDP name > has processed your request to decline Medicare Prescription Drug Coverage. Your decision to decline Medicare Prescription Drug Coverage does not effect your enrollment in Medicare Part A or Part B.

If you previously had drug coverage through Medicaid (Medical Assistance), that program will no longer pay for your prescription drugs.

Our records show you qualify for extra help with your prescription drug costs, but you must enroll in a Medicare prescription drug plan (or a Medicare Advantage plan with prescription drug coverage) in order to get this assistance.

Even if you don't use a lot of prescription drugs now, you may still want to consider signing up for a Medicare prescription drug plan. Joining a Medicare prescription drug plan now means you will pay your lowest possible monthly premium. If you don't join a plan by May 15, 2006, and you don't currently have prescription drug coverage that is as good as or better than Medicare Prescription Drug Coverage, you will have to pay a penalty for this coverage in the future. Your premium will go up at least 1% per month for every month that you wait to enroll in a Medicare prescription drug plan. You will have to pay this penalty for as long as you are enrolled in a Medicare prescription drug plan.

If you change your mind and decide you would like to enroll, please contact < PDP name > customer service at <toll-free number> <days and hours of operation>. TTY/TDD users should call <toll-free TTY number>.

Thank you.
