Office for Civil Rights

PART I: PURPOSE OF WEBINAR

On July 11, 2016 OCR notified 167 Covered Entities of selection to participate in the HIPAA desk audits

This webinar will:

- Discuss the desk audit process
- Identify expectations
- Give the auditees an opportunity to ask questions and raise concerns

WEBINAR AGENDA

- Opening remarks—Jocelyn Samuels
- Introduction
 - □ Phase II HIPAA Audit Program
 - □ Random Selection Process
 - ☐ Desk Audits vs. Onsite Audits
- Desk Audit Mechanics
 - □ What to Expect
 - □ Subject HIPAA Controls
 - □ Document Request Receipt and Response
 - ☐ Final Reports
- Walk through document submission requirements
- Q&A's

WELCOMING REMARKS **Jocelyn Samuels**

PHASE II HIPAA AUDIT OVERVIEW

OCR conducted its first audits in 2012. They were comprehensive, on-site audits of the compliance activities of 115 covered entities. The program has been redesigned to reflect an evaluation and new law

Phase II will:

- Include both covered entities and business associates
- Be comprised of 200-250 audits in total
 - o Over 200 desk audits
 - o Smaller number of comprehensive on-site audits

Phase II designed to enable OCR to examine mechanisms for compliance

- Identify industry best practices
- Discover risks and vulnerabilities not surfaced through enforcement activities
- Enable us to get out in front of problems before they result in breaches

AUDIT REPORTING OCR GOALS

Audits primarily a compliance improvement activity to help OCR to

- better understand compliance efforts with particular aspects of the HIPAA Rules.
- determine what types of technical assistance OCR should develop
- o develop tools and guidance to assist the industry in compliance self-evaluation and in preventing breaches.

OCR will not post a listing of audited entities or entity-identified findings. However, under the Freedom of Information Act (FOIA), OCR may be required to release audit notification letters and other information about these audits upon request by the public

SELECTION PROCESS

- OCR identified pools of CEs that represent a wide range of health care providers, health plans, health care clearinghouses, to better assess HIPAA compliance across the industry.
- Sampling criteria included size, affiliations, location, public or private,...
- Health plans were divided into group plans and issuers and providers were further categorized by type
 - o hospital, practitioner, elder care/SNF, health system, pharmacy
- OCR then ran a randomized selection algorithm that drew from each of the categories, resulting in 167 CEs.
- Finally, the auditees were checked for conflict of interests with the contractor supporting OCR in the audit process, as well as subjects of ongoing investigations. Conflicting auditees were replaced in kind

DESK AUDITS NOW, ONSITE AUDITS LATER

- The covered entity desk audits are now underway, and will continue through the end of the year
- Desk audit scope is limited to a total of 7 controls drawn from the Security Rule, the Privacy Rule, and the Breach Notification Rule. Entities will either be audited on SR controls or PR & BNR compliance
- Onsite audits will begin in early 2017
- Onsite audits will evaluate auditees against comprehensive set of HIPAA compliance controls.
- A desk auditee subject may be subject to an onsite audit

PART II: DESK AUDIT MECHANICS

- What to expect
- Timeline for responding to document requests
- OCR's expectations regarding document response submissions
- The specific HIPAA controls subject to the desk audits
- The Final Report procedures

WHAT TO EXPECT

Covered entities have 10 business days (until July 22, 2016) to provide their responses

- Responses should contain the specified documentation-applicable policies, procedures, evidence of implementation
- Provide complete and relevant materials
- Refrain from submitting superfluous documentation! 10MB file size limitation--

The desk audits of BAs will commence in late September.

The same rules and expectations apply to the BA auditees
 The selection pool of the BAs largely drawn from the BAs identified by CEs

DOCUMENT REQUESTS & RESPONSES TIMELINE

The document request

- Sent to selected auditees via email
- Comprised of <u>two</u> separate requests
 - o one listing policies, procedures, and/or other related documentation
 - o one requesting a list of all the CE's BAs
- Specify the documentation elements to be provided
- Note that BA listings must be returned electronically, via email, to OCR within 10 business days
- All other items must be submitted using the secure online portal link provided in the notification email

DOCUMENT REQUESTS & RESPONSES EXPECTATIONS

Depending on the type of entity, each auditee is expected to:

- Provide only the policies and procedures that are relevant to the controls requested
 - o E.g., CEs must extract the relevant language from larger compendiums of policies and procedures if needed
- It is the auditee's responsibility to provide clear, complete, and responsive documentation to OCR
- Entities will not receive "credit" for a later document submission.

If a CE does not have the requested documentation, it must submit an explanation for the deficiency in its response

DESK AUDIT HIPAA CONTROLS

	Notice of Privacy Practices & Content Requirements [§164.520(a)(1) & (b)(1)]
Privacy Rule Controls	Provision of Notice – Electronic Notice [§164.520(c)(3)]
	Right to Access [§164.524(a)(1), (b)(1), (b)(2), (c)(2), (c)(3), (c)(4), (d)(1), (d)(3)]
Breach Notification	Timeliness of Notification [§164.404(b)]
Rule Controls	Content of Notification [§164.404(c)(1)]
	Security Management Process Risk Analysis [§164.308(a)(1)(ii)(A)]
Security Rule Controls	Security Management Process Risk Management [§164.308(a)(1)(ii)(B)]

DESK AUDIT REPORTING: PROCESS

After review of submitted documentation:

- OCR will develop and share draft findings with the entity
- Entity may respond to draft findings—such written responses will be included in the final audit report
- Final audit reports will describe how the audit was conducted, present any findings, and contain entity responses to the draft findings
- Under OCR's separate, broad authority to open compliance reviews, OCR could decide to open a separate compliance review in a circumstance where significant threats to the privacy and security of PHI are revealed through the audit

Instructions

Document Request

Document Request

There are 9 days remaining to submit your information.

Please upload documents corresponding to each element type. You may upload documents in Microsoft Word, Excel or Adobe PDF formats. If the element is not applicable, please select the N/A option and provide an explanation in the comment section. If you are unable to complete the document request in its entirety, you can [SAVE] your uploads and complete the document request at a later time using the link that was provided in the email notification. Once complete, please select the [REVIEW AND SUBMIT] button.

Q&A SESSION

CONCLUSION & SUMMARY

- Desk Audits are underway!
- OCR will base its audit only on the documents submitted in the specified electronic process.
- Business Associates desk audits will commence in the Fall, and the selection pool will be comprised largely of the BAs identified by the CEs in their document responses
- Comprehensive onsite audits of both CEs and BAs will begin in early 2017
