- Discussion and vote on 2 Work Group reports:
  - 1) *Mid-Course Review of the 2010 National Vaccine Plan*
  - 2) *Maternal Immunization Work Group Phase II – Final Report*

# Meeting highlights

- HHS response to the 2014-2015 seasonal influenza vaccine mismatch
- National adult immunization plan
- Immunization quality measures
- Updates from liaisons and ex officio members
- Public comments

# Meeting expectations

## 1) Public Comment

- Time at the end of the day, please sign up if you would like to comment (or indicate to the operator at the appropriate time)
- Please limit your comments to 2 minutes, not a question and answer session
- Written comments submitted to **[nvpo@hhs.gov](mailto:nvpo@hhs.gov)** will be made available and included in the meeting minutes (publicly available on the website), if time does not permit reading of all comments, please review the minutes

# Meeting expectations

## 2) Minutes

- Detailed minutes taken and statements recorded and streamed
- Minutes published on the NVPO website for each meeting: See <http://www.hhs.gov/nvpo/nvac/meetings/index.html> (Note new URL and newly redesigned and reorganized website)

## 3) Reminders

- **Ensure you turn your microphone on and speak directly into it**
- Public speakers please identify yourselves

# Other topics

- New work group created to follow up on prior NVAC discussions related to vaccine innovation working jointly with PACCARB on incentives for developing and fully utilizing vaccines that may help reduce antibiotic-resistant bacteria
