Type: Note

Good afternoon,

I reviewed the 06/10/20 IRF Biweekly Report. Please be aware of the following highlighted below.

Additionally, since there do not appear to be any MAS or ECAPE appeals awaiting enacting or paid status, does this represent the final report for this initiative? Are all settled and paid ECAPE and MAS appeals accounted for on this report and there is no further processing of the IRF Initiative. Any information you can provide would be appreciated.

Thank you!

- Included are purple tabs for Appeal Does Not Exist and Closed appeals. These tabs are provided for CMS informational purposes only.

Good afternoon,

I reviewed the 06/10/20 IRF Biweekly Report and found certain appeals that require corrections. Please see the attached workbook. The highlighted tabs require the following response:

- **Requires Enact-Close:** These appeal(s) was listed as "Enacted MAS Appeals"; however, a data run shows this appeal(s) was not enacted/closed in MAS. The appeal is still viewable on OMHA's docket and/or are in pending/deleted status. Unfortunately, these appeals cannot stay open in MAS. Further, to ensure there is a correct accounting of appeals resolved through IRF, it is necessary that these appeals are closed as IRF appeals in MAS.
- Included are purple tabs for **Appeal Does Not Exist** and **Closed** appeals. These tabs are provided for CMS informational purposes only.

Please confirm when the required corrections are completed. Thank you!

OFFICE OF MEDICARE HEARINGS AND APPEALS

SETTLEMENT CONFERENCE FACILITATION PRELIMINARY NOTIFICATION

11/2/2020

King & Spalding LLP
Attention: Mark Polston
1700 Pennsylvania Ave. NW
2nd Floor
Washington, D.C. 20006

Appellant: Encompass Health Corporation

Dear Mark Polston:

I. Processing of Your Request for Settlement Conference Facilitation

The Office of Medicare Hearings and Appeals (OMHA) received your *Request for Settlement Conference Facilitation (SCF)*. OMHA has compiled a list of the claims it believes may be eligible for the SCF process and included these claims on a *SCF Spreadsheet(s)*. The *SCF Spreadsheet(s)* is attached.

Please be aware that some National Provider Identifier (NPI) numbers and/or appealed claims were excluded from the *SCF Spreadsheet(s)* for the following reasons:

- The appeal(s) is scheduled for an Administrative Law Judge hearing or a hearing was already held.
- The request(s) for Administrative Law Judge hearing was appealing a lower level dismissal order.
- The items or services at issue did not meet the required amount in controversy for an ALJ hearing.
- The request(s) for Administrative Law Judge hearing was filed untimely.
- An Administrative Law Judge has drafted the decision order and issuance is imminent.
- The request for Medicare Appeals Council (Council) review was appealing a lower level dismissal order.

II. Request for Settlement Conference Facilitation

Although we have compiled a list of appealed claims, you must formally enter OMHA's SCF Initiative by completing the SCF Agreement of Participation package. Please complete all of the following tasks and return package within **20 calendar days** of receiving this notice. Failure to

OFFICE OF MEDICARE HEARINGS AND APPEALS

timely and properly file your SCF Agreement of Participation package may lead to rejection of your participation in SCF.

1. Review the appealed claims on the enclosed *SCF Spreadsheet(s)* and verify the claims meet the SCF eligibility criteria. **It is the appellant's responsibility to verify SCF eligibility criteria for each claim on the spreadsheet(s).** For your convenience, the SCF eligibility criteria and SCF frequently asked questions are included at the end of this notice. Additionally, a spreadsheet of all appeals found ineligible for SCF was sent in your SCF Preliminary Notification email.
2. If you have OMHA and Departmental Appeals Board, Medicare Appeals Council (DAB/Council) appeals pending, your Spreadsheet(s) Excel file will include two (2) tabs for your review – one tab for OMHA appeals and one tab for DAB/Council appeals.
3. On the *SCF Spreadsheet* Excel file, complete the **appellant columns that are highlighted in yellow**. This includes identifying any claims on the spreadsheet(s) where the Medicaid State Agency filed a request for review at any level of appeal.
 - a. Appealed claims where a Medicaid State Agency filed a request for review at any level of appeal are ineligible for SCF. Claims identified as having Medicaid State Agency participation will be removed from the spreadsheet(s) by OMHA once we receive your complete SCF Agreement of Participation Package. **DO NOT REMOVE CLAIMS FROM THE SPREADSHEET(S) YOURSELF.**
 - b. Failure to identify Medicaid State Agency participation claims will result in non-payment if an agreement is reached. Further, the appellant will be liable for any and all actions on the part of the Medicaid State Agency and/or the Centers for Medicare and Medicaid Services for failing to identify these claims. Additionally, all claims that remain on the spreadsheet(s) at the time of settlement will be dismissed.
4. Your *SCF Spreadsheet(s)* **must** be saved in Excel format (.xlsx). Scanned *SCF Spreadsheet(s)* will not be accepted.
5. Complete the *SCF Agreement of Participation*. When completing the *SCF Agreement of Participation* **do not sign in any section designated for CMS Representatives**. If you need additional signature lines, please complete the *Settlement Conference Facilitation Confidentiality Agreement Addendum*.

For your convenience, all forms are attached. We will accept handwritten or digital signatures for these forms.

OFFICE OF MEDICARE HEARINGS AND APPEALS

6. Email all of your completed SCF materials (i.e., *SCF Spreadsheet(s)*, *SCF Agreement of Participation*, and the *Settlement Conference Facilitation Confidentiality Agreement Addendum* (if applicable)) to the following mailbox: (b)(6) @cms.hhs.gov.
-

III. Additional Information

Only the appealed claims referenced on the attached *SCF Spreadsheet(s)* are subject to a settlement agreement, if one is reached. If you have any questions or objections with regard to the OMHA appealed claims on the *SCF Spreadsheet(s)*, please contact the SCF Program Coordinator identified below:

Cherise Neville
Senior Attorney/SCF Program Coordinator
571.777.2713
cherise.neville@hhs.gov

If you have questions regarding Council appeals on the spreadsheet(s), please email (b)(6) @cms.hhs.gov.

Remember, it is solely the appellant's responsibility to ensure the accuracy and SCF eligibility of the claims on the spreadsheet(s).

Once your completed SCF Agreement of Participation package is received and reviewed, you will be sent a confirmation notice. The confirmation notice will include the list of appeals that will be subject to a settlement agreement, if one is reached. Within 30 calendar days of the confirmation notice, you will receive your SCF Express Offer Package if you are eligible for SCF Express.

Thank you for your participation in OMHA's Settlement Conference Facilitation Initiative.

Last Revised August 11, 2020

OFFICE OF MEDICARE HEARINGS AND APPEALS

SETTLEMENT CONFERENCE FACILITATION ELIGIBILITY CRITERIA

SCF Appellant Eligibility Criteria includes the following:

- The appellant must be a Medicare provider or supplier that has been assigned a National Provider Identifier (NPI) and Provider Transaction Access Number (PTAN);
- The appellant must not have a pending bankruptcy filing and/or expect to file for bankruptcy; and
- The appellant may be excluded from participation if he or she has or has had False Claims Act litigation or investigations pending against them, or other program integrity concerns, including pending civil, criminal, or administrative investigations.

SCF Appeals Eligibility Criteria includes the following:

- The appeals must involve request(s) for Administrative Law Judge (ALJ) hearing or Council review filed by the appellant on or before March 31, 2020;
- The request(s) for ALJ hearing and/or Council review must arise from a Medicare Part A or Part B Qualified Independent Contractor (QIC) reconsideration decision;
- All jurisdictional requirements for OMHA or Council review must be met for the eligible appeals;
- All SCF eligible OMHA and Council appeals associated with a single NPI and corresponding Provider Transaction Access Number (PTAN) must be included in SCF;
- Appeals must not be scheduled for an ALJ hearing or an ALJ hearing must not have been conducted;
- Appeals must not be involved in OMHA's Statistical Sampling Initiative;
- Appeals must not be actively engaged in another CMS Medicare appeals initiative, including the QIC Demonstration Project and the CMS Serial Claims Initiative;
- The beneficiary must not have been found liable for the amount in controversy after the initial determination, or participated in the reconsideration;
- Appeals must not involve items, services, drugs, or biologicals billed under unlisted, unspecified, unclassified, or miscellaneous healthcare codes (e.g., CPT Code 38999 Unlisted

OFFICE OF MEDICARE HEARINGS AND APPEALS

procedure, hemic or lymphatic system; K0108 Wheelchair component or accessory, not otherwise specified);

- Appeals must not involve payment disputes (e.g., the appellant was paid as billed, in full, by the contractor, but the appellant believes the fee schedule or contractor price amount is insufficient payment);
 - Appeals arising from down coding of claims are eligible for SCF; however, please see the Settlement Agreement Template regarding the special payment rate of Diagnosis Related Group (DRG) down coded appeals.
- Appeals must not arise from a QIC or AU dismissal order; and
- Appeals must not be beneficiary-initiated appeals of QIC reconsiderations or any appeals arising from Medicare Part C, Medicare Part D, or appeals of Social Security Administration decisions regarding entitlement, Part B late enrollment penalties, and Part B and Part D income related monthly adjustment amounts (IRMAAs).

Please note that providers and/or suppliers whose appeals have a total billed amount less than \$10,000 may only participate in SCF Express and do not have the option of a settlement conference. Additionally, settlement agreements with any individual claims, or extrapolated overpayments, in excess of \$100,000 will be subject to U.S. Department of Justice (DOJ) approval prior to full execution by CMS and the appellant.

Last Revised August 3, 2020

OFFICE OF MEDICARE HEARINGS AND APPEALS

SCF FREQUENTLY ASKED QUESTIONS

What is SCF?

SCF is an alternative dispute resolution process designed to bring the appellant and the Centers for Medicare & Medicaid Services (CMS) together to discuss the potential of a mutually agreeable resolution for Medicare Part A and Part B claims appealed to the Office of Medicare Hearings and Appeals (OMHA) or the Medicare Appeals Council (Council) of the Departmental Appeals Board. If a resolution is reached, a settlement document is drafted to reflect the agreement. The document is signed by the appellant and CMS.¹ As part of the agreement, the requests for hearing or review for the appeals covered by the settlement will be dismissed.

If the appellant elects to negotiate payment through a settlement conference, a facilitator uses mediation principles to assist the appellant and CMS in working toward a mutually agreeable resolution. The facilitator does not make official determinations on the merits of the claims at issue and does not serve as a fact finder, but may help the appellant and CMS see the relative strengths and weaknesses of their positions. The facilitator is an employee of OMHA, which is a component of the Department of Health and Human Services (HHS) Office of the Secretary, and is organizationally and functionally separate from CMS. Mediation within this SCF program is centered on facilitating payment negotiations.

What is a payment negotiation?

A real-world example of a payment negotiation is when two parties negotiate a price for goods or services (e.g., when buying a home, both parties negotiate the sale price, usually through their representatives). Both parties may utilize specifics such as historic overturn rates, types of claim or service, and medical review to substantiate their negotiation position; however, SCF is not the appropriate forum for arguing Medicare law and policy. Additionally, if the party prefers to have an evaluation on the merits of its appealed claims, then adjudication through the normal Medicare claims appeal process would be the more appropriate venue.

Will the settlement agreement state the actual dollar amount I will receive from CMS?

No. Settlement agreements in this program authorize payments as a percentage of the Medicare approved amount. For example, settlement parties could agree that CMS will pay 25% of the approved amount on the claims in the *SCF Spreadsheet*.

How is the settlement percentage effectuated?

For pre-payment denials at issue in the Agreement, the percentage agreed to by CMS is a percentage of the Medicare approved amount less the applicable deductible and/or co-insurance (that is, the percentage is applied only after the deductible and/or co-insurance has been subtracted from the Medicare approved amount), if any. For post-payment denials at issue in the Agreement, the percentage agreed to by CMS is the percentage by which CMS will reduce the overpayments at issue.

¹ If any of the appealed claims or an appeal(s) of extrapolated overpayment has a billed amount in excess of \$100,000, the settlement agreement will be subject to U.S. Department of Justice approval prior to full execution of the settlement agreement.

OFFICE OF MEDICARE HEARINGS AND APPEALS

For claims involving down-coding, the percentage agreed to by CMS is a percentage of the amount at issue on appeal (e.g., if the Medicare payable amount of the originally billed services is \$100, but the services were down-coded by Medicare to a paid amount of \$30, the percentage agreed to by CMS in this agreement is the percentage applied to the \$70 difference).

What are post-payment denials?

Appeals related to post-payment denials are appeals of Medicare overpayment determinations.

I want CMS to provide me the actual dollar amount I will receive prior to signing the agreement. Can OMHA assist me with obtaining this information?

No. There is no mechanism within SCF to provide actual dollar amounts to appellants prior to fully executing the settlement agreement. There are no exceptions regarding this issue for any appellant.

How am I supposed to know the actual dollar amount I will receive from CMS?

Settlement agreements in this program authorize payments as a percentage of the Medicare approved amount. It is the responsibility of the appellant to estimate the dollar amount it expects to receive in accordance with the settlement agreement percentage.

Are CMS or its contractors bound to my actual dollar amount estimates when effectuating the settlement agreement?

No. Appellant estimates are for appellant guidance only.

Can I enter into an Extended Repayment Schedule (ERS) as part of my SCF settlement?

The appellant would need to submit an ERS request to the appropriate Medicare Administrative Contractor (MAC). Any settlement reached through the SCF process does not guarantee approval of an ERS request. OMHA and its SCF Initiative do not assist, intervene, or any way participate with the drafting, filing, or review of your ERS request to the MAC.

I received an overpayment demand notice from the MAC; but, I do not know how much I have paid on the overpayment or its current balance. Will SCF assist me in confirming the current balance of my assessed overpayment or confirming previous payments?

No. Confirmation of balances or historical payment data made toward an overpayment determination(s) is outside of the SCF process. OMHA will not facilitate or otherwise assist appellants with these efforts. Further, the SCF process will not be delayed or altered for any appellant due to questions regarding overpayment determination status, balance, payments, or other related accounting issues.

I believe all of my appeals were denied in error. Is it realistic to expect I will receive 100% of the approved amount of the appealed claims on my SCF Spreadsheet?

OFFICE OF MEDICARE HEARINGS AND APPEALS

No. The appellant and CMS must have realistic expectations of the outcome of this process. Appellants should not expect full payment on the claims at issue, nor should CMS expect to pay a negligible amount on the claims at issue if the goal is to resolve the appeals at issue.

Should I expect to receive at least 62% of the approved amount of the appealed claims on my SCF Spreadsheet?

No. Unlike CMS settlement programs (e.g., Low Volume Appeals Initiative or the CMS Hospital Appeals Settlement Program), there is no prescribed settlement percentage in SCF. The settlement agreement percentage is negotiated between both parties and based on the unique circumstances of each appellant's appeals. Appellants could receive less than 62% or more than 62%. The agreement will be unique to each appellant.

I am an acute care hospital that has appeals that were eligible for the CMS Hospital Settlement in 2014 and 2016; however, my hospital decided not to participate in those settlements. Can I now attempt a settlement of these claims through the Settlement Conference Facilitation process?

Yes. Appellants with pending, OMHA or Council appealed claims that were eligible for settlement through the CMS Part A Hospital Appeals Settlement Process can participate in SCF; however, the pending OMHA or Council appealed claims must meet all SCF eligibility criteria.

I am inpatient rehabilitation facility that has appeals that were eligible for the CMS Inpatient Rehabilitation Facility Settlement (IRF) Appeal Initiative; however, my facility decided not to participate in that settlement program. Can I now attempt a settlement of my pending appealed claims through the Settlement Conference Facilitation process?

Yes. Appellants with pending, OMHA or Council appealed claims that were eligible for settlement through the CMS IRF Initiative can participate in SCF; however, the pending OMHA or Council appealed claims must meet all SCF eligibility criteria.

How do I begin the SCF process?

You must file a *Request for SCF*. This form is located on our website at hhs.gov/omha. We encourage you to read our website and all SCF FAQs before filing a *Request for SCF*.

Is there a deadline to submit a Request for SCF?

There is currently no deadline to request SCF.

Is a wet signature (i.e., handwritten signature) required for SCF documents?

Parties must sign SCF documents by wet signature or digital/electronic signature.

CMS has asked the Council to review my ALJ decision. Is this appeal eligible for SCF?

No. Only Council request(s) for review filed solely by the appellant are potentially eligible for SCF.

OFFICE OF MEDICARE HEARINGS AND APPEALS

I already know all of my appeals that are pending at OMHA. Can I just submit my Request for SCF and a spreadsheet to you to make things go faster?

No. OMHA has found that most appellants do not have an accurate accounting of their pending appeals. In order to maximize OMHA's limited staff time and resources, OMHA and the Council will be responsible for the initial accounting of a provider's/supplier's pending appeals.

Can I choose which appeals are part of SCF?

All eligible appeals associated with an NPI/PTAN on the *Request for SCF* will be included in SCF. Appellants may not object to appeals on the *SCF Spreadsheet* because they would prefer an OMHA or Council decision for those appeals. Objections will only be considered if the appellant has knowledge that the appeal on the spreadsheet does not meet the SCF eligibility criteria (e.g., no OMHA request for hearing filed for a listed appeal, the beneficiary participated in the Qualified Independent Contractor (QIC) review, etc.).

Can I appeal a decision by OMHA or the Council to exclude my pending appeals from SCF or cancel my SCF Request?

No. SCF eligibility determinations are final and cannot be appealed. If you have questions, you may contact the SCF Coordinator in accordance with the instructions listed on your *SCF Preliminary Notification*.

Additionally, if OMHA or the Council's review suggests jurisdiction was not established for any appeal(s) at issue, such appeal(s) may be referred to an adjudicator for further review and potential dismissal. If a dismissal is issued, standard appeal rights will attach to the dismissal (if applicable).

My organization shares the same name with other legally affiliated organizations (e.g., subsidiaries), but we all have different NPI numbers. Are we all considered the same Medicare provider or supplier?

No. For the purposes of SCF, an appellant is a Medicare provider or supplier who has been assigned a particular NPI/PTAN. Even if organizations have the same or similar name, they will be considered separate and distinct appellants if each organization has a different NPI/PTAN.

Can organizations that are legally affiliated with each other, but maintain separate NPI numbers, be included on one Request for SCF?

Yes. The *Request for SCF* must indicate all of the NPI/PTAN numbers for each appellant to be included in the process.

Are appealed claims currently scheduled for an Administrative Law Judge hearing eligible for SCF?

No. SCF is limited to appealed claims that have not been scheduled for an Administrative Law Judge hearing. Additionally, appeals are ineligible for SCF if a hearing has been conducted.

OFFICE OF MEDICARE HEARINGS AND APPEALS

Can I request an Administrative Law Judge to postpone the hearing so that my appeal can be settled in SCF?

No. Appeals scheduled for hearing are ineligible for SCF. There will be no exceptions to this requirement. If your appeal is currently scheduled for hearing or review, then you are receiving the hearing/review you initially requested.

What if I want to request SCF for an appealed claim that was over \$100,000 or an extrapolated overpayment determination that was over \$100,000?

You may participate in SCF provided you meet all of the SCF eligibility criteria. Proposed settlement agreements with any appealed claims or extrapolated overpayments in excess of \$100,000 will be subject to U.S. Department of Justice (DOJ) approval prior to full execution and effectuation of the settlement agreement.

What if I want to request Settlement Conference Facilitation for appeals of both pre- and post-payment denials?

When you are ready to submit your SCF Agreement of Participation package, you must indicate on the *SCF Spreadsheet* which appeals are post-payment denials. Please follow the directions on the *SCF Spreadsheet* when identifying post-payment denials.

Who is involved in the Settlement Conference Facilitation process?

The settlement conference must involve individuals authorized to enter into a binding agreement at the conference session. For the appellant, the individual may be an employee or representative of the appellant, provided the employee or representative is authorized to enter into the agreement on behalf of the appellant. If the appellant does not offer an individual authorized to enter into the agreement at the conference, the conference will conclude and there will be no further action on the appellant's *Request for SCF*.

CMS will provide individuals authorized to enter into a binding agreement at the conference session. The settlement conference facilitator is a specially trained employee of OMHA, which is a component of the HHS Office of the Secretary that is organizationally and functionally separate from CMS.

Where does the Settlement Conference occur?

At this time, settlement conferences are conducted via telephone only. CMS settlement officials will participate by telephone only. Similarly, OMHA cannot accommodate in-person conferences within OMHA headquarters or field offices.

Why is CMS given an opportunity to decline participation?

All parties' time is valuable and the preference is to give all parties the opportunity to respectfully decline participation at their earliest convenience. Any party may decline to participate at any time during the settlement conference process. SCF participation is not mandatory for any party.

OFFICE OF MEDICARE HEARINGS AND APPEALS

CMS has declined to participate in SCF with me. Can OMHA demand CMS provide a reason why CMS is declining participation?

All parties must make their own determinations to participate in SCF. Any party may decline to participate at any time, and parties are not required to provide a rationale for why they declined to participate in SCF.

Does CMS have to settle claims?

No. CMS will make a good faith effort to resolve the claim(s) involved, but neither CMS nor the appellant are required to enter into a settlement agreement. Both parties have discretion to reject offers. Further, all proposed settlement agreements with an appealed claim(s) billed amount in excess of \$100,000 or an appeal(s) of an extrapolated overpayment amount in excess of \$100,000 are subject to DOJ approval.

Is there a template for settlement agreements?

Yes. The agreement contains standard terms that cannot be altered in any form or fashion. If an appellant does not agree with the terms in the settlement agreement template, it should not participate in the SCF process. The settlement agreement template can be found on the SCF page of our website at www.hhs.gov/omha.

I disagree with some of the standard terms on the SCF settlement agreement template. Can we negotiate some changes?

No. The standard terms will not be changed or negotiated.

What is SCF Express?

With SCF Express, CMS provides a settlement offer to the appellant based on preliminary data available to CMS (e.g., ALJ overturn rates, type of claim or service, etc.). The appellant can then choose to take the SCF Express offer. Additionally, some appellants have the option of declining the SCF Express offer and electing to negotiate with CMS at a settlement conference.

Who can participate in SCF Express?

Appellants with individual appealed claims with billed amounts of \$100,000 or less, or an extrapolated overpayment of \$100,000 or less, are eligible for SCF Express.

Does CMS conduct a medical review of my appeals prior to presenting an offer through SCF Express?

CMS will not conduct a medical review of your appeals to present an SCF Express offer. CMS will consult other data including historic appellant disposition rates at OMHA and/or the Council.

OFFICE OF MEDICARE HEARINGS AND APPEALS

What are the benefits of SCF Express?

As stated above, CMS will not conduct a medical review of appeals for SCF Express, which will expedite the resolution of your SCF eligible appeals that are pending an OMHA or Council decision.

All of my appeals combined have a total billed amount less than \$10,000. If I decline SCF Express, can I elect to go to a settlement conference?

No. Providers/suppliers who do not have at least \$10,000 in billed amounts may not participate in SCF settlement conferences.

I am eligible for both SCF Express and settlement conferences. If I decline the offer presented by CMS in SCF Express, can I accept it later at the settlement conference?

Once you decline SCF Express, the SCF Express offer percentage expires. Nevertheless, parties could agree to the same or similar percentage at the settlement conference, but this is in no way guaranteed.

The SCF Spreadsheet does not contain Health Insurance Claim Numbers (HICNs). Can OMHA please provide this information to me so I can identify the claims on the spreadsheet?

HICNs are Personally Identifiable Information (PII) belonging to beneficiaries. OMHA will not place any beneficiary PII on the SCF Spreadsheet. Appellants must use other data on the spreadsheet to identify claims including the claim numbers, dates of service, appeal numbers, billed amounts, and other data. This is a security policy and applied to all appellants without exception.

Some of my appealed claims have billed amount(s) in excess of \$100,000 or my appeal of an extrapolated overpayment is in excess of \$100,000. Since I do not qualify for SCF Express, what happens after my SCF Confirmation Notice is issued?

After issuance of your SCF Confirmation Notice, OMHA will contact you and CMS to schedule a pre-settlement conference.

I will be moving forward to a settlement conference with CMS. How do I know which appeals CMS will review for medical necessity?

OMHA will randomly select a limited number of appealed claims from the final spreadsheet. These selected claims will be the focus of CMS's and the appellant's review. The focus of the settlement conference on these selected claims ensures that both parties are considering similar material when determining negotiation posture. This is not a statistical sample.

All of my appealed claims have billed amount(s) of \$100,000 or less or my appeal(s) of an extrapolated overpayment is \$100,000 or less. How much time do I have to agree to a settlement proposal at the settlement conference?

The facilitator will work with the appellant and CMS to reach an agreement on the appeals at issue during the settlement conference session. In order to efficiently resolve the pending appeals, any settlement must be agreed to and signed by the appellant and CMS on the conference day that an agreement is reached. Parties must sign the settlement agreement via wet signature or digital/electronic signature.

OFFICE OF MEDICARE HEARINGS AND APPEALS

If the settlement conference session concludes after 2:00pm Eastern Time, or the appellant returns its signed portion of the agreement after 2:00pm Eastern Time, the agreement will be fully executed the next business day. Settlement negotiations will not continue on the next business day.

Some of the appealed claims in my proposed settlement agreement have billed amount(s) in excess of \$100,000 or my appeal(s) of an extrapolated overpayment is in excess of \$100,000. How much time do I have to agree to a settlement proposal at the settlement conference?

The facilitator will work with the appellant and CMS to reach a proposed agreement on the appeals at issue during the settlement conference session. In order to efficiently resolve the pending appeals, any proposed settlement must be established by the appellant and CMS on the day of the settlement conference session.

Once both parties state firmly to the facilitators their agreed percentage, the facilitators will end the settlement conference. There will be no further negotiations once the settlement conference has ended. The facilitators will draft the proposed settlement agreement; however, the parties will not sign the agreement at this time.

Such proposed agreements are subject to DOJ approval. If DOJ approves, the facilitators will notify the appellant and send the draft agreement to the appellant. The appellant will have one business day to return their portion of the proposed agreement to the facilitators. The appellant must sign the settlement agreement by wet signature or digital/electronic signature.

If the appellant does not return the proposed agreement within one business day, the appellant's SCF request will be cancelled and the appeals returned to OMHA and/or Council docket. If the appeal(s) were previously assigned to an adjudicator, the appeals will return to that adjudicator's docket.

When the facilitators receive the appellant's signed, proposed settlement agreement, the facilitators will forward the proposed settlement agreement to CMS. CMS will have one business day to return its signed portion of the settlement agreement via wet signature or digital/electronic signature. The agreement will be fully executed only after all of the actions above have occurred.

When will DOJ approve my proposed settlement agreement?

There is no prescribed timetable for DOJ to render its decision regarding SCF proposed agreements with appealed claims or extrapolated overpayment amounts in excess of \$100,000.

Can I request expedited DOJ review of my proposed settlement agreement?

There is no mechanism for expedited DOJ review in SCF. Further, OMHA has no authority to compel or issue deadlines to the DOJ.

Can we agree to different percentage terms for specific claims?

Generally, no. Only down-coded, Diagnosis Related Group (DRG) claims will be effectuated with a standard percentage term of 30%. For all other appealed claims, the percentage term agreed to by the appellant and CMS applies to all appealed claims on the *SCF Spreadsheet*.

OFFICE OF MEDICARE HEARINGS AND APPEALS

All of my appeals are of DRG down-codes. How much will I receive via SCF for these appeals?

There is a standard percentage of 30% for appeals of DRG down-coded claims. This is the percentage of the amount at issue on appeal (e.g., if the Medicare payable amount of the originally billed services is \$100, but the services were down-coded by Medicare to a paid amount of \$30, the percentage agreed to by CMS is thirty percent (30%) of the \$70 difference).

What happens if the appellant and CMS cannot agree to a settlement at the settlement conference?

If the appellant and CMS cannot reach an agreement, and the facilitators believe further efforts to reach an agreement will be futile, the facilitators will conclude the process. At that time, the appealed claims will return to the OMHA or Council docket for adjudication. Appeals will return to the docket in the order in which the appeal request was received (for example, if you filed your ALJ request for hearing in October 2016, the request will be processed with other requests for hearing received in October 2016). If an appeal was already assigned to an adjudicator, the appeal will return to the adjudicator's docket.

Why does a settlement have to be specific to a Medicare provider or supplier?

Any settlement that results from the SCF process must be specific to a Medicare provider or supplier to ensure the proper effectuation of any payment to or recoupment from the provider or supplier.

What happens if I change my mind after I agree to a settlement? Can I appeal the settlement agreement?

Settlement agreements are binding and cannot be appealed. If you agree to a settlement with CMS, you must agree that you withdraw your request(s) for hearing/review and that you will not pursue further appeals or reviews of the claims subject to the settlement.

What happens if another party to a claim involved in the settlement (for example, the beneficiary), challenges the dismissal that results from the settlement agreement?

All parties to the initial determination are parties to an appeal at the OMHA or Council level (42 C.F.R. § 405.906). While non-appellant parties often do not participate in the hearing process, they do have a right to the hearing or Council review, and we must ensure that right is preserved.

A non-appellant party will receive notice of the OMHA or Council dismissal that results from the settlement and may request a review by the Council or judicial review of the dismissal, respectively. If the Council vacates an OMHA dismissal, the Council will remand the claim for a hearing before an Administrative Law Judge. Similarly, if the district court vacates a Council dismissal, the court will remand the claim for Council review and a standard term in the settlement will remove the claim from the settlement agreement.

We expect this circumstance to be rare, but a waiver of a non-appellant party's right to a hearing may be obtained and submitted at the appellant's discretion to avoid the possibility.

OFFICE OF MEDICARE HEARINGS AND APPEALS

Will I receive a new Remittance Notice pursuant to a settlement agreement?

No. Pursuant to CMS procedures, the claims will remain denied in Medicare's systems, and new remittance notices will not be issued.

Can I bill the beneficiary or secondary payers pursuant to a settlement agreement?

As the claims remain denied, the appellant agrees that it will not seek further reimbursement from the beneficiary. Reimbursement from other insurance carriers will depend on those organizations' internal payment policies. CMS, OMHA, and the Council do not have authority over the manner in which other insurance carriers determine secondary payer reimbursement.

Are ambulance transportation claims eligible for SCF?

Appeals are ineligible for SCF if the beneficiary was held financially responsible at lower levels of appeal and/or the beneficiary participated in the appeal review. In many ambulance or medical transportation appealed claims, the beneficiary has been held financially responsible for the denied claim. Consequently, most ambulance/medical transportation appeals are ineligible for SCF.

If a supplier has appeals pending that meet all of the SCF eligibility requirements, including the beneficiary liability/beneficiary participation conditions, then the supplier is welcome to file a *Request for SCF*.

If a settlement is reached, will CMS create/allow edits in the system so that it shows that this claim was paid and any requirements for future downstream normally allowable payments have been met or are moot? For example, will the system show that: the DIF/CMN requirement is met or moot, normally allowable repairs may be made, or normally allowable future rental months may be paid?

CMS is responsible for the processing of Medicare claims and any effectuation of payment related to those claims or their appeals.

All claims that are resolved as part of a final SCF settlement agreement will remain denied in Medicare's systems. This could cause future claims related to the settled claims for items and services to be denied, for example repair of a wheelchair, or future rental months.

Can an appeal arising from a claim with a "PR96 denial" qualify for SCF?

Claims with PR96 denials are eligible for the SCF. Please note: If, upon review of the claim, CMS believes the denial was appropriate because Medicare does not cover the item or service at issue, CMS will take this into account during the negotiations and this non-covered item or service will likely impact the amount of any settlement offer.

Who from CMS attends the settlement conference?

Individuals from CMS's Office of Financial Management attend the settlement conference as CMS representatives.

OFFICE OF MEDICARE HEARINGS AND APPEALS

I have rental claims that have been denied at lower levels of appeals for the first three months the beneficiary rented the equipment. Subsequent rentals for the same beneficiary, and for the same items, were approved at lower levels of appeal. Do these subsequent appeal decisions have any impact on requesting SCF for the first three months of rental (which are still denied and in appeal)?

No, this scenario does not have any impact on requesting SCF for the first three rental months. Your requests for hearing/review for the first three months are eligible for SCF so long as all other eligibility requirements are met.

Can the appellant be represented by an appointed representative?

Appellants may be represented by an attorney or other representative, if they so choose. Appellants do not need to complete a separate appointment of representation form. They only need to complete the SCF forms found on our website and as instructed by OMHA.

For SCF requests where all of the appealed claims' billed amounts are \$100,000 or less (or where the appeal of an extrapolated overpayment is \$100,000 or less), will the settlement agreement be signed electronically at the settlement conference since everyone won't be in the same room? By everyone I mean the provider and CMS.

The settlement agreement is emailed to the appellant for review and signature. The appellant returns the signed copy by email to OMHA, and OMHA then forwards the agreement to CMS for signature. The appellant and CMS must sign the agreement by wet signature or electronic/digital signature. Once fully executed, OMHA will forward the completed settlement agreement to all parties.

If any party can decline participation in the SCF process, can a MAC or QIC speak up and cause a cancellation of the SCF process or is it just between the appellant and OMHA?

The settlement parties in the SCF process are the appellant and CMS. MACs and QICs are not parties in the SCF process, and they do not participate or attend the settlement conference. Nevertheless, CMS is free to consult with its contractors when determining its negotiation posture prior to the settlement conference.

What criteria are used to determine settlement percentages?

The settlement conference is a negotiation between the parties. As such, the parties determine how they wish to discuss the appeals; however, appellants should note the settlement conference is not an ALJ hearing or review by the Council. If an appellant desires the establishment of findings of fact and/or application of law or policy to each individual appeal, an ALJ hearing or Council review would be the appropriate venue.

**SETTLEMENT CONFERENCE FACILITATION
AGREEMENT OF PARTICIPATION**

Please email this agreement to **(b)(6)** @cms.hhs.gov. E-mail submission of all materials is mandatory. Handwritten/wet signatures and digital signatures are acceptable. Please attach your signed Agreement of Participation in PDF format.

Settlement Conference Terms

Instructions: Appellants please complete the section below.

I understand and agree to the following:

- An individual authorized to sign a binding agreement on behalf of the provider/supplier(s) must be present at the settlement conference session and the request for Settlement Conference Facilitation will be closed if an authorized individual does not appear at the conference;
- The provider/supplier does not have a pending bankruptcy filing and/or is not expected to file for bankruptcy in the future;
- I understand that the settlement agreement may be void if the provider/supplier has filed for bankruptcy or is expected to file for bankruptcy in the near future;
- Regardless of whether a settlement agreement is reached, I will not seek fees under the Equal Access to Justice Act (EAJA);
- I understand the Centers for Medicare and Medicaid Services (CMS) will not pay fees under EAJA;
- I agree to limit discussion of the appeals in my Settlement Conference Facilitation Spreadsheet to the Settlement Conference Facilitation process. I verify that the appeals on the spreadsheet meet the Settlement Conference eligibility requirements;
- I agree that I will not separately contact any individual within any division of CMS or its contractors regarding such appeals throughout the duration of the Settlement Conference Facilitation process;
- I understand that the U.S. Department of Justice must approve any proposed settlement agreements that involve appealed claims with billed charges in excess of \$100,000 or an appeal(s) of an extrapolated overpayment in excess of \$100,000;
- If a settlement agreement is reached, it will be binding and not appealable;
- If a settlement agreement is reached, by signing the agreement, I will be agreeing to withdraw all of the requests for an Administrative Law Judge (ALJ) hearing and/or requests for Medicare Appeals Council review and not pursue further appeals for the items or services covered by the settlement agreement;
- If a settlement is reached, the settlement does not exempt the appeals from review for potential fraud and any civil or criminal actions that commence as a result of such a review; and
- I understand that these terms apply to all of the providers/suppliers listed in the *Provider/Supplier Identification* section of this Agreement of Participation.

Provider/Supplier Signature	Provider/Supplier Printed Name	Date
-----------------------------	--------------------------------	------

Appointed Representative Acknowledgement

Instructions: Required completion if the provider's/supplier's representative will be signing the settlement agreement on behalf of the provider/supplier(s).

*The representative identified below is authorized by the provider/supplier(s) listed in the **Provider/Supplier Identification** section to participate in the Settlement Conference Facilitation process and sign an agreement on behalf of the provider/supplier(s). The representative has advised the provider/supplier(s) that any agreement signed on the provider's/supplier's behalf will be binding on the provider/supplier(s), and will include an agreement that the provider/supplier(s) is withdrawing all of the requests for hearing or review and not pursuing further appeals for the appeals covered by the settlement agreement. The representative fulfilled his/her duty to advise the provider/supplier(s) of the consequences of withdrawing a request for an ALJ hearing and/or request for Medicare Appeals Council review and the subsequent dismissal that will result from that action. Further, the representative agrees to limit discussion of the appeals under review to the Settlement Conference Facilitation process. The representative will not separately contact any individual within any division of CMS or its contractors regarding such appeals throughout the duration of the Settlement Conference Facilitation process.*

Representative Signature	Representative Printed Name	Date

Settlement Conference Facilitation Confidentiality Agreement

Instructions: This section must be completed by every individual who will be in attendance at the settlement conference, regardless of actual participation in the settlement conference. Failure of every individual in attendance to complete this agreement will result in rejection of a provider's/supplier's Request for Settlement Conference Facilitation.

If additional signature lines are needed, please download and complete the Addendum to Settlement Conference Facilitation Confidentiality Agreement.

As parties to this settlement conference, we voluntarily agree to mediation in the conference. We understand that mediation may be terminated at any time by either the parties or by the facilitators.

The facilitators have no authority to decide any case and are not acting as advocates or attorneys for any party. The parties have a right to representation during the settlement conference.

The confidentiality provisions of the Administrative Dispute Resolution Act (ADRA) apply to this settlement conference. The ADRA focuses primarily on protecting private communications between parties and the facilitator. Under ADRA, a party's oral communications to the facilitator during settlement conference mediation are protected. Written communications which a party prepares for mediation and gives only to the facilitator are also protected. Notwithstanding the above, there are exceptions to the confidentiality provisions in ADRA in the OMHA Settlement Conference Facilitation Process.

In unusual circumstances, a court can order disclosure of information that would manifest injustice, help establish a violation of law, or prevent harm to public health and safety. Further, information concerning fraud and criminal activity or threats of imminent harm will not be considered confidential in this settlement conference.

Additionally, by signing this agreement, CMS and the provider/supplier agree not to publicly disclose any information or statement provided by the other party during the course of the pre-settlement conference or settlement conference unless the disclosure is in response to a lawful request (e.g., discovery, subpoena, or FOIA).

No party shall be bound by anything said or done at the settlement conference, other than agreement to these terms and conditions, unless a written settlement is reached and executed by all necessary parties. By signature below, we acknowledge that we have read, understand, and agree to the terms and conditions stated herein.

Provider/Supplier or Representative Signature	Provider/Supplier or Representative Printed Name	Date
Provider/Supplier or Representative Signature	Provider/Supplier or Representative Printed Name	Date
CMS Authorized Staff Signature	CMS Authorized Staff Printed Name	Date
CMS Authorized Staff Signature	CMS Authorized Staff Printed Name	Date

OMHA Facilitator signatures will attach as an addendum(s) when all parties fully execute this agreement.

Settlement Conference Facilitation Agreement of Participation Provider/Supplier Identification

Instructions: This section must identify every appellant whose appeals will be addressed in the settlement conference. The terms listed in the preceding pages of the Agreement of Participation will apply to every appellant listed in this section. You may attach a separate list if you require more space.

For the purposes of Settlement Conference Facilitation, an appellant is defined as a Medicare provider or supplier that has been assigned a National Provider Identifier (NPI) number.

Appellant Name	NPI
See attached spreadsheet

Subject: RE: ASSC TDL 5

Date: 2020/09/28 15:50:04

Priority: Normal

Type: Note

Good afternoon,

I have analyzed the final IRF report. There is one MAS appeal listed as enacted in MAS, however it is still open on our docket. The appeal at issue is found on the red tab entitled "Requires Enact-Close" in the attached spreadsheet.

Additionally, the purple tabs on the enclosed spreadsheet are provided for CMS informational purposes. These tabs list settled IRF appeals closed by OMHA adjudicators and appeals that could not be found (incorrect OMHA appeal numbers). Again, this information is for CMS informational purposes only.

Please let me know when the MAS appeal is enacted/closed. Thank you!

Cherise Victoria Neville, Esq.

Subject: FW: ASSC TDL 5

Hello Cherise,

Per an email requested on 08/17/2020, RELI performed a validation and QA of all appeals listed on the ECAPE rejected tab. Their findings are below and a final IRF OMHA report is attached.

Please let us know if you have any questions,

-Casey

Subject: RE: ASSC TDL 5

Hi Brendan,

Per the ASSC TDL 5, we have conducted a thorough Quality Assurance review of Appeals listed on the Rejected ECAPE Appeals tab.

Attached please find the updated IRF OMHA report.

The following Appeals have been removed from the Rejected ECAPE appeals:

Appeals Removed from the Rejected ECAPE Appeals Tab	Comment
3-8390920590 3-8390912434 3-8390920538 3-8390920890 3-8390920622 3-8390921152 3-8390920684 3-8390920964 3-8390912486 3-8390921068 3-8390912196 3-8390912392 3-8390920838 3-8390920922 3-8390921100	Per our response to Suzanne's query on 8/17, these appeals were Paid correctly through the IRF settlement and were present in the Paid ECAPE Appeals tab of the last OMHA report. but were also inadvertently added to the Rejected Appeals Tab. We have removed these appeals from the Rejected tab in the attached updated report
3-3657378220	This appeal was moved to the ineligible tab in the payment spreadsheet by the MAC as this was a duplicate appeal (two lines of the same appeal in the

spreadsheet), hence was reported in the Rejected appeals tab.
But as this is a correctly paid appeal, we have moved it to the Paid ECAPE tab in the updated report.

Thank you,

Leena Khedkar, PMP, CSM, SP
