Subject: FOIA Request (Rachel Levine/Fluoride)
Date: Sunday, November 6, 2022 1:04:44 PM

To Whom It May Concern:

I am writing to request certain records under the Freedom of Information Act (FOIA). Under FOIA, I am requesting the following emails to and/or from, the Assistant Secretary of Health Rachel Levine:

- All emails from April 26, 2022 to July 26, 2022 that include one or more of the following terms: "National Toxicology Program," NTP, fluoride.

I am willing to pay all fees, if any, associated with obtaining these records. I do not seek a more "expedited processing" than the deadline for determination that is set forth in 5 USC 552. If a timely determination is not provided, please take note that I may promptly transfer this matter to federal court.

If I can provide any further information to assist with your review, please do not hesitate to ask.

Thank you,

Kristin Lavelle
