## THE BIDEN-HARRIS ADMINISTRATION

## **Lowering Prescription Drug Costs for Georgia**

President Biden's lower cost prescription drug law, the Inflation Reduction Act, contains policies that lower prescription drug costs for seniors and people with disabilities across Georgia:

Caps costs for covered insulin at \$35 per month for people with Medicare

Makes recommended vaccines available at no cost for people with Medicare Part D

Enables Medicare to negotiate prices for certain prescription drugs

Requires drug companies to pay a rebate to Medicare if they raise prices faster than the rate of inflation

In January 2024, two new cost-saving Medicare Part D benefits went into effect:

The Extra Help program is expanding to provide more benefits for qualifying enrollees with limited income and assets

Some enrollees now have their out-of-pocket drug costs capped at about \$3,500 in 2024, and in 2025, out-of-pocket costs will be lowered even more with a \$2,000 cap

## **Inflation Reduction Act Impact: Georgia by the Numbers**

46,000+

Medicare enrollees in Georgia who use insulin could have an average savings of \$477 per year

1.4 MILLION+

Medicare Part D enrollees in Georgia can receive free recommended preventive vaccines

\$120 MILLION+

expected savings for **~499,000** Medicare Part D enrollees in Georgia, thanks to 2024 policies limiting Part D out-of-pocket costs

## **MORE THAN 280,000**

Medicare enrollees in Georgia take drugs selected for negotiation including:

142,000+

take Eliquis or Xarelto, cardiovascular drugs to prevent blood clots

91,000+

take Type
2 Diabetes
medications
Jardiance,
Januvia, or Farxiga

17,000+

take Entresto to treat heart failure or other cardiovascular conditions
