

MIDCOURSE REVIEW WORKING GROUP UPDATE

February 11, 2015

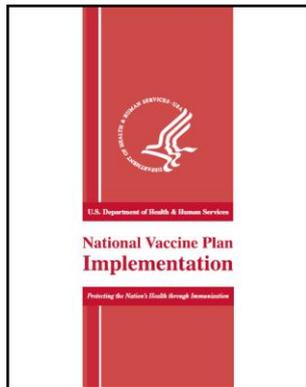

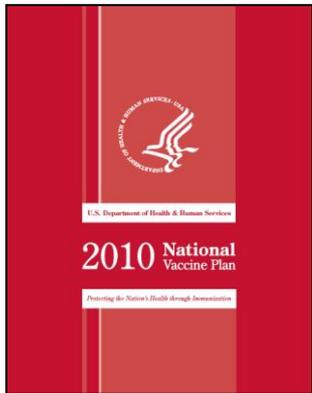

Dr. Nate Smith and Dr. Bonnie Maldonado

SEPTEMBER 2014 WORKING GROUP CHARGE

Office of the Assistant Secretary for Health (OASH) is requesting that the National Vaccine Advisory Committee (NVAC) conduct a mid-course review of the 2010 National Vaccine Plan and Implementation.

This analysis should include:

- evaluating the priority areas described in the Plan,
- assessing the progress made on the goals and objectives outlined in the Plan, and
- providing recommendations to optimize implementation efforts to better align with the current immunization landscape.

WG met twice to discuss the initial analysis and a methodology for addressing WG charge

- Complexity of the task called for additional preliminary work
- Additional feedback from stakeholders (both federal and non-federal) was still needed
- WG efforts would benefit from further distilling of information in order to objectively consider progress

NEW DIRECTION AND NEXT STEPS

- **The working group will pause until further analysis can be provided by NVPO**
- Once NVPO has provided a comprehensive analysis, the NVAC WG will provide guidance on priority-setting and optimizing progress towards NVP goals
- Report status update to NVAC ~ Fall 2015
