CONSENT FORM

The Department of Health and Human Services' (HHS) Office for Civil Rights (OCR)has the authority to collect and receive material and information about an individual, including personnel and medical records, when they are relevant to its investigation.

To investigate a complaint, OCR may need to disclose the individual's name and other identifying information about the individual to persons at the entity or agency under investigation or to other persons, agencies, or entities. In some circumstances, OCR may refer a complaint to another government agency, as warranted.

The Privacy Act of 1974 protects certain federal records that contain personally identifiable information and, with your consent, allows OCR to use an individual's name or other personal information, if necessary, to investigate a complaint.

Consent is voluntary, and it is not always needed in order to investigate a complaint; however, failure to give consent is likely to impede the investigation of a complaint and may result in the closure of the case.

Additionally, OCR may disclose information, including medical records and other personal information, which it has gathered during the course of its investigation in order to comply with a request under the Freedom of Information Act (FOIA) and mayrefer a complaint to another appropriate agency.

Under FOIA, OCR may be required to release information regarding the investigation of a complaint; however, we will make every effort, as permitted by law, to protect information that identifies individuals or that, if released, could constitute a clearly unwarranted invasion of personal privacy.

OCR will use any applicable protections in that law to safeguard information which could identify an individual, or that, if released, could constitute a clearly unwarranted invasion of personal privacy. OCR may be required to release some information regarding the investigation of a complaint under the Freedom of Information Act (FOIA).

Please read and review the documents entitled <u>Notice to Complainants and Other Individuals Asked to Supply Information to the Office for Civil Rights</u> and <u>Protecting Personal Information in Complaint Investigations</u> for further information regarding how OCR may obtain, use, and disclose your information while investigating your complaint.

In order to expedite the investigation of this complaint if it is accepted by OCR, please read, sign, and return one copy of this consent form to OCR with your complaint. Please make one copy for your records.

NOTICE TO COMPLAINANTS AND OTHER INDIVIDUALS ASKED TO SUPPLY INFORMATION TO THE OFFICE FOR CIVIL RIGHTS

The Privacy Act of 1974 (5 U.S.C. §552a) requires OCR to notify individuals whom it asks to supply information that:

- OCR is authorized to solicit information under:
- (i) Federal laws barring discrimination by recipients of Federal financial assistance on grounds of race, color, national origin, disability, age, sex, religion under programs and activities receiving Federal financial assistance from the U.S. Department of Health and Human Services (HHS), including, but not limited to, Title VI of the Civil Rights Act of 1964 (42 U.S.C. §2000d *et seq.*), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. §794), the Age Discrimination Act of 1975 (42 U.S.C. §6101 *et seq.*), Title IX of the Education Amendments of 1972 (20 U.S.C. §1681 *et seq.*), Sections 794 and 855 of the Public Health Service Act (42 U.S.C. §\$295m and 296g); and Section 1557 of the Affordable Care Act (42 U.S.C. §18116);
- (ii) Federal laws protecting rights of conscience in health and human services programs, such as Sections 1303(b)(4) and 1553 of the Affordable CareAct (42 U.S.C. §§18113, 18023(b)(4)), the Church Amendments (42 U.S.C. § 300a-7),the Coats-Snowe Amendment (42 U.S.C §238n), and the Weldon Amendment (*e.g.*, Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2022, Pub. L. No. 117-103, Div. H., Title V §507(d)), and applicable regulations;
- (iii) Titles VI and XVI of the Public Health Service Act (42 U.S.C. §§291 et seq. and 300s et seq.) and 42 C.F.R. Part 124, Subpart G (Community Service obligations of Hill-Burton facilities);
- (iv) 45 C.F.R. Part 85, as it implements Section 504 of the Rehabilitation Act in programs conducted by HHS; and
- (v) Title II of the Americans with Disabilities Act (42 U.S.C. §12131 *et seq.*) and Department of Justice regulations at 28 C.F.R. Part 35, which give HHS "designated agency" authority to investigate and resolve disability discrimination complaints against certain public entities, defined as health and service agencies of state and local governments, regardless of whether they receive federal financial assistance.

Part 160 and Subparts A and E of Part 164, Health Insurance Reform: Security Standards (The Security Rule), 45 C.F.R. OCR will request information for the purpose of determining and securing compliance with the Federal laws listed above. Disclosure of this requested information to OCR by individuals who are not recipients of federal financial assistance is voluntary; however, even individuals who voluntarily disclose information are subject to prosecution and penalties under 18 U.S.C. § 1001 for making false statements.

Additionally, although disclosure is voluntary for individuals who are not recipients of federal financial assistance, failure to provide OCR with requested information may preclude OCR from making a compliance determination or enforcing the laws above.

OCR has the authority to disclose personal information collected during an investigation without the individual's consent for the following routine uses:

- (i) to make disclosures to OCR contractors who are required to maintain Privacy Act safeguards with respect to such records;
- (ii) for disclosure to a congressional office from the record of an individual in response to an inquiry made at the request of the individual;
- (iii) to make disclosures to the Department of Justice to permit effective defense of litigation; and
- (iv) to make disclosures to the appropriate agency in the event that records maintained by OCR to carry out its functions indicate a violation or potential violation of law.

Under 5 U.S.C. §552a(k)(2) and the HHS Privacy Act regulations at 45 C.F.R. §5b.11 OCR complaint records have been exempted as investigatory material compiled for law enforcement purposes from certain Privacy Act access, amendment, correction and notification requirements.

Freedom of Information Act

A complainant, the recipient or any member of the public may request release of OCR records under the Freedom of Information Act (5 U.S.C. §552) (FOIA) and HHS regulations at 45 C.F.R. Part 5.

Fraud and False Statements

Federal law, at 18 U.S.C. §1001, authorizes prosecution and penalties of fine or imprisonment for conviction of "whoever, in any matter within the jurisdiction of any department or agency of the United States knowingly and willfully falsifies, conceals or covers up by any trick, scheme, or device a material fact, or makes any false, fictitious or fraudulent statements or representations or makes or uses any false writing or document knowing the same to contain any false, fictitious, or fraudulent statement or entry."

PROTECTING PERSONAL INFORMATION IN COMPLAINT INVESTIGATIONS

To investigate a complaint, the Department of Health and Human Services' (HHS) Office for Civil Rights (OCR) will collect information from different sources. Depending on the type of complaint, we may need to get copies of medical records or other personal information. This Fact Sheet explains how OCR protects personal information that is part of an investigative case file.

HOW DOES OCR PROTECT PERSONAL INFORMATION?

OCR is required by law to protect personal information. The Privacy Act of 1974 protects Federal records about an individual containing personally identifiable information, including, but not limited to, the individual's medical history, education, financial transactions, and criminal or employment history that contains an individual's name or other identifying information.

Under the Privacy Act, OCR will disclose an individual's name or other personal information with a signed consent, and only when it is necessary to complete the investigation of the complaint or to enforce civil rights laws or when it is otherwise permitted by law.

Consent is voluntary, and it is not always needed in order to investigate a complaint; however, failure to give consent is likely to impede the investigation of a complaint and may result in the closure of the case.

CAN THE COMPLAINANT SEE OCR'S CASE FILE?

Under the Freedom of Information Act (FOIA), an individual can request a copy of the individual's case file once the case has been closed; however, OCR may, in some circumstances, withhold information in order to protect the identities of witnesses and other sources of information. Additionally, some records may be withheld to protect OCR's deliberative process privilege or any other legally protected privilege.

CAN OCR GIVE A COMPLAINT FILE TO ANYONE ELSE?

If a complaint indicates a violation or a potential violation of law, OCR can refer the complaint to another appropriate agency without the individual's permission.

If an individual files a complaint with OCR, and we decide we cannot help the individual, we may refer the complaint to another agency, such as the Department of Justice.

CAN ANYONE ELSE SEE THE INFORMATION IN A COMPLAINT FILE?

Public access to OCR's files and records is controlled by the Freedom of Information Act (FOIA). Under FOIA, OCR may be required to release general information about this

case upon public request. In the event that OCR receives such a request, we will make every effort, as permitted by law, to protect information that identifies individuals.

If OCR receives protected health information about an individual in connection with a HIPAA investigation or compliance review, we will only share this information with individuals outside of HHS if necessary for our compliance efforts or if we are required to do so by another law.

DOES IT COST ANYTHING FOR ME (OR SOMEONE ELSE) TO OBTAIN A COPY OF MY FILE?

In most cases, the first two hours spent searching for document(s) you request under the Freedom of Information Act and the first 100 pages are free. Additional search time or copying time may result in a cost for which you will be responsible. If you wish to limit the search time and number of pages to a maximum of two hours and 100 pages; please specify this in your request. You may also set a specific cost limit, for example, cost not to exceed \$100.00. For details, see HHS's FOIA page.
