

BEYOND ALTRUISM – EXPLORING PAYMENT FOR RESEARCH PARTICIPATION

Livestream on Thursday, September 15, 2022 | 10 AM – 4 PM EDT | Registration not required

As society moves away from a paternalistic view of protecting research participants, many are revisiting the ethics and utility of payment for research participation. The goal of this workshop is to explore the role of paying people for their participation, the impact of payment, as well as the challenges and considerations for how payments should be made. Session 1 will focus on ethical and theoretical considerations. Session 2 will explore the practical challenges and implementations.
