Question 3B: Is this a FISMA Reportable System?

Question 3B Answer: Yes

Question 4: Does the system include a publicly available Web interface?

Question 4 Answer: No

Question 5: Identify the operator

Question 5 Answer: Agency

Question 7: Is this a new or existing system

Question 7 Answer: Existing

Question 8: Does the system have Security Authorization (SA)?

Question 8 Answer: Yes

Question 8A: Date of Security Authorization

Question 8A Answer: 20-JUN-12

Question 9: PIA Validation (PIA Refresh/Annual Review)

Question 9 Answer: Checked

Question 10: Describe in further detail any changes to the system that have occurred since the last PIA.

Question 10 Answer: Not appliabe

Question 11: Describe the purpose of the system.

Question 11 Answer: Title IV-E agencies are required by statute to submit data to the Department on children in foster care and children who have been adopted with title IV-E involvement.

Question 12: Describe the type of information the system will collect, maintain (store), or share.

(Subsequent questions will identify if this information is PII and ask about the specific data elements.)

Question 12 Answer: The data provide information about foster care placements, foster and adoptive parents, the number of removal episodes a child has experienced, the number of placements in the current removal episode, and the

current placement setting. Title IV-E agencies are required to submit the AFCARS data twice a year based on two 6-month reporting periods.

To address HHS reviewer's comment: The system does NOT collect foster and adoptive parent and children's names. In addition to the data above, the foster or adoptive parent(s) family structure is stored.

Question 13: Provide an overview of the system and describe the information it will collect, maintain (store), or share, either permanently or temporarily.

Question 13 Answer: The system receives AFCARS data files transmitted electronically by States, the District of Columbia, and Puerto Rico. The system functions are data processing, storage, and report generation.

Question 14: Does the system collect, maintain, use, or share PII?

Question 14 Answer: No
